I sleep better than I have in twenty years, and am confident that if others have any such troubles they will be more than pleased if they try Dr. Pierce's medicines. I am not in favor of patent medicines as a rule. Have tried too many of them and found them a failure, but I do know that Dr. Pierce's medicines will do what is claimed for them if taken as directed and continued long enough."

"I took a severe cold with sore throat," writes Mrs. S. A. Everhart, of Oard Spring, Scott Co., Ind. "Soon I began to cough; my right side was so sore that when I coughed it seemed as though my side would burst. I summoned the physician and he said that I had pleurisy. I took his medicine for some time and got some better, but it seemed I could get so far and no farther. All the spring and summer I used mustard plasters and fly blisters on my side and lungs. Finally my right shoulder and between my shoulders began to ache so badly that I could hardly endure it and at times I would feel almost amothered. My breath would be so short that I could scarcely talk. It was a miserable feeling indeed. I read of —'s Sarsaparilla being such a great medicine, so I concluded to try it. I got two bottles of it and when I had taken the medicine I was no better. I was becoming discouraged; several of my near relatives had died with consumption and I thought I was about to go the same way. I thought I would try Dr. Pierce's Golden Medical Discovery. I took two bottles of the 'Pleasant Pellets'. By the time I had taken half a bottle I began to improve and when I had finished the two bottles of the 'Pleasant Pellets'. By the time I find taken half a bottle I began to improve and when I had finished the two bottles of the 'Discovery' and two bottles of the 'Discovery' and
