Are You on the Fence?

Some New Brunswick Investors Are

You are satisfied in your own mind that this is a big paying proposition, but some would-be ruler of the world's finances warns you to be careful. These men know nothing whatever of the Fox Business, and would show better judgment if they withheld their advice until they thoroughly investigated our claims.

Do you suppose that Hon. Chas. Dalton did not know what he was doing when he guaranteed Fifty Young Foxes raised to July 1st, 1913, or forfeit \$5,000.00 for every one under that number?

Any man of ordinary intelligence can see that (if the ranch did not produce a single pup this year) the sum of \$250,000.00 is at the disposal of the Company, to be paid out in dividends.

-LET US DISPEL YOUR DOUBTS -

QUESTION:—Will bonds be issued in future, displacing your present stock?

ANSWER:—Absolutely no.
QUESTION:—Does the company intend selling each year's production, and declare dividends based on the increase?

ANSWER:—Yes, and in no other way.
QUESTION:—Do you intend increasing the number of breeding foxes in your ranch?
ANSWER:—No; but if we do it will be done by selling additional stock so as to pay the original shareholders for such increase.

QUESTION:—Is the rapidly increasing number of small ranches throughout the Maritime Provinces going to effect the market at all?

ANSWER:—Yes, it is going to increase the demand which will eventually become world-wide.

QUESTION:—When is the first dividend to be paid?
ANSWER:—About October 1st, 1913.
QUESTION:—Do shares purchased now receive the same dividend as those pur-

chased earlier?

ANSWER:—Yes.

OUESTION:—Why do you not pay dividends semi-annually?

ANSWER:—Because all of the output is delivered on September 1st and the money is in the hands of your directors, and you would only receive half of what was due you; the other half would be placed in a bank waiting for the April 1st payment.

OUESTION:—How long do you expect to be selling these shares at \$100?

ANSWER:—Not later than March 1st.

We the undersigned hereby subscribe for and agree with Waldron B. Prowse, St. John, N. B., agent for and representing a syndicate who have taken over the Silver Black Fox ranching business of Chas. Dalton, of Tignish, to take the number of shares at \$100 a share, as set opposite our respective signatures hereto, and to pay 10 per cent. of said stock down, and the balance on allotment. Should said shares not be allotted the money paid on them to be refunded in full.

CHAMPION M'LEAN TO

RACE BELYEA

The entries for the Maritime Championships to be held on the Victoria Rink on Thursday night next, will close at the Rink on Wednesday night. Already a very large number of entries have been received and the speed programme promises to be the best held in the city for some time. In addition to the regular championship events there will be two match races that are causing considerable interest.

Tracey of the North End, and Donovan of the West End, who made such an excellent showing in the races held a couple of weeks ago by the St. Joseph Society, are matched to skate a half mile. Both skaters are fast, and each has a following of admirers and the contest promises to be a hard grind for the two.

The big event of the evening, however, will be a match race-between Hilton Belyea of the West End, and Bobby McLean, the intermediate champion of the world. McLean is a Chicago boy, who, during this season has won races all over the States and Canada, and in doing so has mashed a number of records. He will arrive in the city from Chicago tonight or tomorrow, and is in the steel blades in the fastest man on the levers of speed skating, as he has been about the fastest man on the steel blades in the Maritime Provinces for the past few years. His friends expect that he will make a great showing against the world's champion, and many predict that the honors will go to the St. John man.

In addition to those who have been mentioned above there will be seen in the regular events all of the best speed skaters in the city including Fred Logan, who in recent years captured the world's championship at Montreal. Then there are Northrug and Gorman, Ingraham and Bell, and with good ice some old Victoria Rink records may be equalled if not broken.
