

# RUSSIAN NATION IS MENACED BY CIVIL STRIFE

## GENERAL KORNILOFF'S FORCES ON WAY TO SMASH KERENSKITES

**Unconfirmed Rumor Emanates by Way of Swedish Newspaper Aftonbladet That So-Called Iron Man of Russia Has Been Assassinated—Rumor Lacks Confirmation.**

**Considerable Force of General Korniloff's Supporters Pass Luga on Way to Capital and Civil Strife Feared to Be Inevitable—London Thinks Outlook Very Dark.**

London, Sept. 11.—The Swedish Aftonbladet, says the correspondent at Copenhagen of the Exchange Telegraph Company, publishes a rumor emanating from persons who have arrived at the Swedish capital from Petrograd, that Premier Kerensky has been killed by a member of the Bolsheviks. The rumor could not be confirmed.

**Marching on Petrograd**  
Petrograd, Sept. 11.—According to reports from the Winter Palace, where the government council was in session yesterday afternoon, a considerable force of supporters of General Korniloff already had passed Luga on the way to Petrograd. The government refuses to make a statement, but Foreign Minister Terechenko informs the Associated Press that he believes the Korniloff forces consist of a few hundred men. The town and railroad station at Luga are in Korniloff's hands.

**Tracks Torn Up.**  
By order of Premier Kerensky the railroad track between Luga and Petrograd has been torn up in places. On the Petrograd side of Luga are forces which so far have stood firm for the government. Korniloff's main support appears to be the so-called "Sikaya," or "Savage Division," which was formerly stationed at Pskoff and consists of Georgians and other Caucasian tribesmen, who are personally devoted to Korniloff as a result of his life-long interest in Asiatic affairs. With this force are Tekka cavalrymen from the Transcaucasian territory whose wild appearance created a sensation when they accompanied Korniloff to the Moscow conference.

According to the evening newspapers the "Savage Division" has occupied Vuiritsa, on the Windar-Rubinsk railroad.

**Alexieff Refuses Duty.**  
The government last night made repeated efforts to induce General Alexieff, former commander-in-chief of the Russian army, to take command against Korniloff, but met with refusal. Members of the government say there is no prospect of Korniloff's submitting. He has issued orders to his army to take possession of Petrograd, and in a manifesto to the army he declares that the provisional government with Premier Kerensky at its head has shown itself incapable to cope with the situation; that it has among its administrators "advocates of Russia's defeat, also German hirelings, and that in this threatening hour when the fatherland is faced with ruin he considers it his duty to displace the government and assume full power."

**Conferences of Ministers.**  
Petrograd, Sept. 11.—The conferences of the ministers are being continued in the hope of finding a solution of the situation which will prevent internal war. Simultaneously the council of workmen's and soldiers' deputies is in session. It is said that the Bolsheviks intend declaring for the government and appealing to all the parties of the left to rally against the counter revolution. The Attaman of the Cosacks, Karmenoff, a member of the Duma, who came immediately to Petrograd upon news of the conspiracy, declares that the Cosacks had resolved to do everything to prevent a fratricidal turn in the war which would ruin the revolution. Karmenoff will leave for the front to attempt negotiations with General Korniloff.

**Permanent National Assembly.**  
Petrograd, Sept. 11.—Members of the Russian provisional government today discussed as an alternative or complement to a directory, the formation of a permanent national assembly on the lines of the Moscow conference, which is to be summoned immediately.

**Depend on Railroad Men.**  
Petrograd, Sept. 11.—In conversations with the Associated Press today, leaders of the Petrograd council of deputies declared that the provisional government's trump card was that the railroad employees were entirely on its side and that the obduracy of General Korniloff would result in a general strike, depriving Korniloff of all supplies and of all means of imposing his will on the rest of Russia.

**Gushkoff Joins Korniloff.**  
Petrograd, Sept. 11.—Alexander J. Gushkoff, Octoberist leader, who formerly held the positions of president of the Duma, chief of the war and navy bureau and minister of war and navy affairs, has gone over to General Korniloff. Gushkoff left Petrograd on Saturday for the Russian field headquarters.

**Rival Forces Meet.**  
Petrograd, Sept. 11.—No report of a collision between government troops and the forces of General Kerensky, which are coming toward Petrograd, has yet reached here.

It is officially stated that a part of the rival forces met near Luga and communicated with each other without

hostilities. One of Korniloff's detachments is said to be advancing from the Narva. Both sides are still organizing and appealing for support.

The Bourne Gazette says the cavalry, which General Korniloff sent against the capital has reached Dno, 120 miles from Petrograd.

Premier Kerensky has sent instructions by wireless telegraphy to all railroad organizations requiring the officials within the capital from the extremists of both sides.

Premier Kerensky is having difficulties within the capital from the extremists of both sides.

**The Baltic Fleet.**  
London, Sept. 11.—(British Admiralty, per wireless)—A Russian message signed by the prime minister states that the entire Baltic fleet, together with its staff officers, has unanimously placed itself on the side of the provisional government.

Lieut-General Dmitri St. Cherbatheff, commander of the Roumanian front, has ordered his armies and also the Olussa military district to take no part in the conflict, at the same time remaining true to the provisional government.

**Outlook Dark.**  
London, Sept. 11.—The Times says that the outlook is very dark and that it affects the war on every front "for the Allies begin to realize that even in the most favorable circumstances the revival of the Russians' military efficiency is bound to be remote."

The Graphic thinks that the prompt measures taken by Premier Kerensky will do much to avert disaster, adding that "it was through a worse ordeal that France had to pass, during and after the revolution, in which came forth purified and strengthened, and Russia can do the same as it is a land with mighty possibilities."

**MINISTER AND THREE OTHERS IN AUTO KILLED**

Rev. J. E. Mavety of Ottawa, Two Women and Child Struck by Grand Trunk Train.

Ottawa, Sept. 11.—Rev. J. T. Mavety pastor of the Ottawa West Methodist church; Mrs. John Orr, and her little daughter, and Mrs. Orion Hodgson of Carleton Springs, Ont., were killed, and John Orr was probably fatally injured, when a Grand Trunk train struck an automobile in which they were riding at Vars, Ont., about twenty miles from Ottawa.

**WEDDINGS**  
Johnston-Toolie.  
A very pretty wedding took place at the home of Mrs. George B. Toolie, Toolton, N. B., on Wednesday, Sept. 5, when her elder daughter, Mabel Vera, was united in marriage to Ernest V. Johnston of Costigan, N. B. The ceremony was solemnized under an arch of golden glow at 5 p. m., by Rev. R. W. Hopkins, in the presence of a number of relatives and immediate friends.

The house was tastefully decorated for the occasion with cut flowers. The bride was becomingly attired in white duchesse satin with veil and orange blossoms and carried a bouquet of sweet peas. The wedding march was rendered by Mrs. B. E. Goding, Wickham, N. B. The popularity of the bride was shown by the many valuable presents received, including linen, silver and cash.

After a short trip to St. John, Fredrickton, etc., Mr. and Mrs. Johnston will leave for their future home in Costigan, taking with them the good wishes of their many friends.

**Alone**

YOU don't know this girl perhaps. But suppose you did and she came to you for advice! What would you say?

Till yesterday her husband, young and vigorous, had lovingly encouraged her small extravagances and boasted laughingly that his income was ample and growing. He worked with might and main to "gather the fruits of success for his fair trinity at home"—and was succeeding.

But death, swift and relentless, had without warning cut down his guard, and the three he loved more than his own life were now at bay to the world—alone.

If she had come to you for advice—that, briefly, would have been her story.

Her faith was strong. Her husband, she knew, would not leave her with the children to face a financial situation for which there was no solution. Yet when she attempted to calculate

the income she would receive from the savings he had left, a panic of fear overcame her.

"The greatest and hardest of her duties now was the one she knew the least about."

Perhaps someone dependent and depending upon you, is destined some day to be left alone—at bay to the world. This is so serious, so appalling a situation that its very contemplation makes thinking men turn cold with apprehension.

That is why we have written "Her Way Out"—to make you realize how serious is the situation which may overtake those for whom you believe no sacrifice or effort is too great.

If, in addition—without the use of technical language or confusing terms—it provides a solution for the dilemma, surely that is another point in its favor, is it not?

We will be pleased to send you a copy of "Her Way Out," free. The coupon below is provided for your convenience. Fill it in and mail it to-day, or a note or postcard will do as well.

London, Sept. 11.—Casualties in the British ranks reported during the week ended today show a total of 26,626 officers and men, as follows: Officers, wounded and died of wounds, 184; men, 4,188. Officers, wounded or missing, 681; men, 21,678.

## LITTLE BOY HAD DIARRHOEA

Only Blood Passed Bowels

Diarrhoea, dysentery and summer complaint are responsible for more deaths, especially of children, during the summer months, than any other form of disease.

Diarrhoea does not need to persist for any length of time until the whole system is weakened, and no other disease so quickly undermines the strength and brings about a condition of prostration and lower collapse.

Mrs. B. Stoddard, Lower Clark's Harbor, N. B., writes: "When my little boy was a year and a half old he was taken awfully bad with diarrhoea. I had the doctor, but he got worse so that only blood passed his bowels. I tried everything, but he got no relief. One day while I was at work, I picked up a piece of paper, and on it was an advertisement for Dr. Fowler's Extract of Wild Strawberry. After trying a bottle he began to get better, and the second one made a cure. I would not be without it in the house for my little ones. I am proud to say 'Dr. Fowler's' saved my little boy's life."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 75 years, and there are many imitations of this wonderful bowel complaint remedy. See that you get the genuine when you ask for it. Price 25 cents.

Put up only by The T. Millbrae Co., Limited, Toronto, Ont.

## JESUIT PRIEST A SUBMARINE BELIEVED SUNK BY AMERICANS

Washington, Sept. 11.—A hostile submarine is believed to have been destroyed off the coast of France on September 5, when it attacked a fleet of merchant ships of which the American steamer Westwego was one. Two of the merchant ships were lost.

A report from Paris to this effect reached the navy department today. Following is the navy department's statement:—The navy department received a report from Paris which states that the steamer Westwego reports on September 5, that while cruising with several other ships, she was attacked by a submarine off the coast of France September 5. The result of this attack was that two of the steamers attacked were sunk and probably the submarine was lost.

**Using Motion Pictures.**  
The merchant fleet was en route to Europe from the United States when attacked. No loss of life was reported nor were the names of the two ships contained in the dispatch. The navy department has called for additional information.

**Run Over by Automobile at Sussex Thursday and Ried at 7.30 Last Night.**

Special to The Standard.  
Sussex, Sept. 11.—G. W. McDougall, provincial government dairy superintendent, died here this evening at 7.30 o'clock as the result of injuries received on Thursday morning last when he was knocked down and run over by an automobile. His death proves a shock to many friends throughout the province and brings about a condition of prostration to his wife and three small children who survive.

On Thursday morning last, about 8.45 o'clock, Mr. McDougall was riding a bicycle on Main street, going to the dairy from his home. He was on the right side of the street, and when near the post office an automobile owned by Mrs. Walter Baldwin, and driven by her young brother, came in the opposite direction. It appeared that the young fellow, who is only learning to drive the car, lost control, and swerving across the street, collided with Mr. McDougall.

The latter was knocked down and run over by the car. When picked up he was unconscious and was conveyed home where he was attended by Dr. McAllister. When he recovered it was not thought that he was badly injured as it was found that no bones were broken. On Friday he complained of severe pains in his head, and Saturday, as he was sinking fast, as a last resort, Dr. McAllister performed an operation removing blood clots from the brain. After the operation it was thought that Mr. McDougall would recover, but yesterday he took a decided turn for the worse and sank rapidly, dying at 7.30 this evening.

## Funds Will Be Used for Munitions, Cheese, Bacon, etc.

Munitions, Cheese, Bacon, etc. Products of This Country—Industrial Welfare of Canada.

Special to The Standard.  
Ottawa, Sept. 11.—Sir Thomas White is taking active steps to increase the large credits which the finance department has already established for the imperial treasury to be availed of for the purchase of munitions, cheese, bacon and other Canadian food products.

Exchange conditions between Great Britain and the United States are now such that Great Britain's capacity to purchase munitions and other manufactured food products is measured by the amount of money which can be loaned the imperial treasury by Canada for this purpose.

**Welfare of Canada.**  
The question concerns not only the pressing need of Great Britain for these products but the commercial and industrial welfare of Canada as well, as Britain has been the great export market for our cheese, bacon and other foodstuffs and the trade in these commodities has been built up only after years of untiring effort and the expenditure of much private and public money.

The prosperity of our agricultural interests particularly the live stock and dairy industries, is immediately involved on our cheese and most products have practically no export market save Great Britain. The fact that the Canadian farmer is able to sell his cheese to the imperial Cheese Commission is due directly to the fact that the Minister of Finance in July last provided a credit of forty million dollars from which the purchase of this cheese is being made.

Without this credit the Canadian farmer could not have found a market. At present the Dominion treasury is furnishing over twenty-five million dollars per month to the imperial treasury to pay for munitions, ships, rolling stock and other material under order in Canada and in addition will supply during July, August, September and October fifty million dollars for the purchase of cheese and other products purchased for the war office by his department of agriculture.

To Continue Advances.  
The Dominion government will con-
