ANGLO-AMERICAN CLASH DENIED

No Truth in Report That His Majesty Has Been Asked to Solve Problem.

London, July 18.—Mr. Lloyd George declared today that there was no truth in the report that King George had stepped in to untangle a complication between Great Britain and the United States over the proposed Pacific conference before the recent action by the Washington Government in moving for such a conference.

The prime minister made this declaration in the House of Commons today in replying to a question: "The question whether there was any foundation for the statements in the press that the king had intervened directly to straighten an entanglement which had occurred in the negotiations with the government and the United States regarding the Pacific conference?" In answering, Mr. Lloyd George declared: "There is no foundation whatever for the statement. It is a pure invention."

Big Auto Burns On The Roadside

Gagetown, July 18.—While Gilbert Stockford was returning from his mill at Burton, he was stopped by a blow-out near the grave pit at Duck Creek. He was just jacking up the car for repairs when a stream of flame shot up in the air, and in a few moments the car was reduced to a hopeless wreck. It is understood that the loss is covered by insurance.

Humphrey Law had a somewhat similar experience recently. He returned in the evening from a run of some miles and put the car away as usual. The next morning he was surprised to find the front burned out of it. It was fortunate, however, that the fire did not spread to the building.

KILLED BY WATER WHEEL

New Glasgow, N. S., July 18.—Wm. Kirwin, aged 14, only son of Mr. and Mrs. Thomas Kirwin, Stellarton, was killed at Pictou Landing, yesterday afternoon when he became entangled in a water wheel used for pumping water to summer cottages.

Unveil Monument At New Canaan

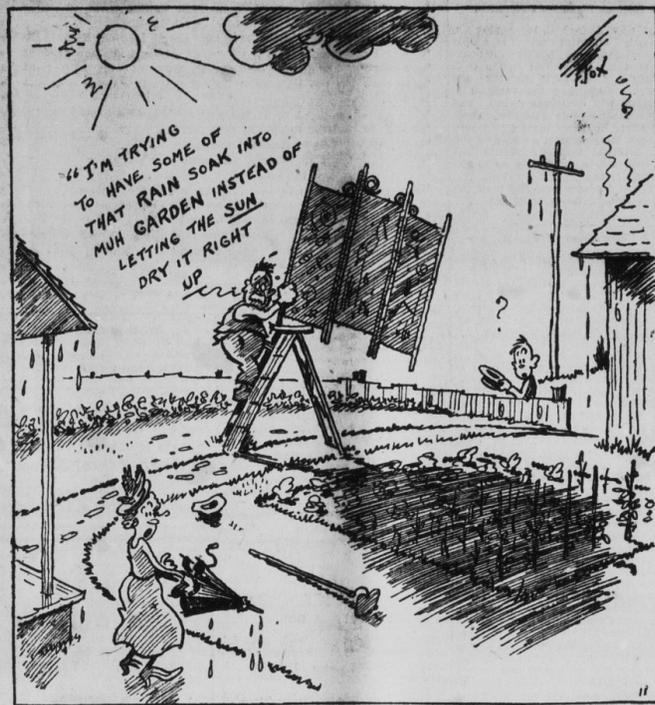

Dr. O. B. Price and Capt. the Rev. Mr. Corey Deliver Addresses for the Occasion.

Moncton, July 18.—Dr. O. B. Price, of Moncton, and Capt. the Rev. Mr. Corey, pastor of the Lewisville Baptist church, were the speakers Sunday afternoon at the unveiling of a monument erected at New Canaan, Queens county, to the memory of the fallen soldiers of that place. There was a very large gathering at the impressive unveiling ceremony, people coming by autos from different parts of Queens, Kings and Westmorland counties by the hundreds.

The tablet, which is of granite, with the figures of a soldier in khaki on front of it, is located in front of the new Canaan Baptist church and the beautiful design was much admired by the great concourse of people who assembled to pay a tribute to the memory of the gallant boys whose names were engraved thereon. The inscription on the tablet reads: "Erected to the memory of our boys who answered the call and gave their lives, 1914-1918. 'Greater love hath no man, this, that a man lay down his life for his friends.'—John 15:13. Then follows the following names: Lieut. J. Wallace Corey, 26th Batt., killed Aug. 28, 1916, at Arras; Pte. MOOSE AT GAGETOWN

Gagetown, July 18.—Moose still seem to be haunting the environs of the village, and lead the hunter to hope that they are even more plentiful in the woods. About six o'clock one morning recently when Mrs. Herbert Crabbe opened her front door, she found two moose standing a few yards away under the trees. One of them paid a fine of \$100 and costs, and the other two were sent to jail. Overseer W. L. Mersereau, of Carleton and Sunbury Counties, surprised poachers in the British Pool, on the St. John River. They were drifting for salmon, a proceeding which is against the law. Mr. Mersereau was successful in capturing one of them as well as the net.

Right after the shower the sun came out as hot as ever.

SALMON DRIFTERS CAUGHT.

Chatham, N. B., July 18.—Warden J. J. Martin of Green River of Victoria and Madawaska Counties, recently captured three poachers using dynamite in Green River. One of them paid a fine of \$100 and costs, and the other two were sent to jail. Overseer W. L. Mersereau, of Carleton and Sunbury Counties, surprised poachers in the British Pool, on the St. John River. They were drifting for salmon, a proceeding which is against the law. Mr. Mersereau was successful in capturing one of them as well as the net.

Fires Breaking Out Again In Province

Fredricton, N. B., July 18.—A fire broke out yesterday at Fredricton Junction and forty-five men were rushed to the scene. Through this prompt action, the flames were soon put under control. About fifteen acres were burned over, but the damage is not great. A few men have been retained as a patrol.

A fire was reported from Busby's Station, north of Newcastle on Saturday afternoon and it has been causing considerable trouble. The recent showers did not fall heavily in that section. This morning the heavy wind yesterday spread the flames considerably and the fire is a hard one to fight. It is now under control as far as it is known at the department of lands and mines.

AGED ALL NIGHT.

It was not until after seven o'clock that the fire was brought under control. Guests in the hotels and occupants of other buildings got out with considerable difficulty, several escaping in their sleeping clothes. No one was injured.

NO INCREASES FOR GAGETOWN TEACHERS

Michael Law is Appointed Trustee to Fill Term of H. B. Bridges, Retired.

Gagetown, July 18.—The annual meeting of the rate payers and trustees of this school district, was held at 10 o'clock on Monday morning in the Grammar School. The attendance was unusually large, about fifty men being present. None of the rate payers, however, attended. The meeting was called to order by J. L. Allingham, trustee, and the minutes of the preceding meeting were read by the secretary, H. H. Gilbert, and approved by the meeting. Thomas Allingham was then elected chairman. The senior trustee, H. B. Bridges, retired and Michael Law was appointed. Dr. W. M. Jenkins and J. L. Allingham are the other members of the school board.

The chief business of the meeting concerned the salaries of the principal and primary teacher, and it was decided by a large majority to make no increases this year. The assessment for school purposes this year is \$2,000, and the question of school taxes came in for some discussion, including unpaid school taxes. \$300 was voted for the purpose of painting the school building.

Hillsboro, N. B., July 18.—The July meeting of the Women's Institute met on Saturday afternoon. Mrs. R. A. Steeves, the newly elected president, in the chair. Among other business was the matter of payment of the upkeep of all the street lights of the town which the institute has been doing. Many of these lights have been installed by this society. Mrs. A. S. Bishop sang a solo and Mrs. Harry Fillmore read, which were enjoyed. Refreshments were served by the entertaining committee. The annual picnic of the institute will be held at the home of Mrs. Holmes Steeves, Salem, on August 11.

Restigouche Will Not Pay Board of Liquor Violators

Council Adopts Resolution Declaring That No Board Bills Will be Paid.

Dalhousie, N. B., July 18.—At the regular meeting of the Restigouche Municipal Council the payments for prisoners convicted of violation of the Prohibition Act created sharp discussion. It arose over the letter from a prisoner asking the council to provide for his wife and family while he paid for his home brew making. Council Murchie said that stills were running in parish of Durham making home brew wholesale and nothing was being done. An Inland Revenue officer arrested two who had a small quantity of home brew in the cellar, but who did not make a business of selling it. He recommended that the jail doors be opened and that these offenders be permitted to go free. Council Murchie said that he had two cases of a similar nature. Two heads of families who had been convicted under the Prohibition Act left families with no means of support. He spoke of one case where a man had been convicted under circumstances which left doubt as to the justice of the conviction, yet there was no chance of appeal. Council Murchie moved, seconded by Council Miller, that the Sheriff be notified that the municipality would not be responsible for board of prisoners imprisoned for infraction of the Inland Revenue or Prohibition laws while the fines go to the different governments. Council Murchie favored taking matter up with the Government first. Council Wallace moved in amendment that Council Murchie be delegated to interview the governments in this matter.—Not seconded. The original motion carried.

Eve And Magdalen Appeal To Italians

Rome, July 18.—Most Italian women if they had their choice to be anything but Eve, according to results of a vote recently taken by one of the Roman papers. The argument advanced for being Eve was that she, of all women, had no competition. Her husband was never away from home and there was no other women on whom he might cast an alluring glance. Those that did not choose to be Eve, chose for the most part to be Mary Magdalen, because, after being allowed to enjoy all the sins of the world, she was forgiven and afterward became a saint, thereby enjoying all the pleasures of heaven.

SHINGLE MILL BURNS.

Vancouver, N. C., July 18.—Losses estimated at fifty thousand dollars were caused by fire Saturday night of unknown origin which destroyed one of the huge dry kilns of the McNair shingle mill here with its stock of high grade shingles.

SEES A WOMAN FIRST TIME IN HIS 33 YEARS

Lived With Father on a Lonely Ranch in Nebraska.

Omaha, July 18.—Tracy Gillis, older than Brigham Young when he took his third wife, has just let his eyes first see a woman. He also has had his first remembered view of a railroad train, a street car, a daily newspaper and a fiction magazine. Upon seeing a woman for the first time, Gillis visited a barber shop and had his long hair cut and his face shaved. Gillis is 33 years old. He was born in Chicago. His mother was an actress and his father a disciple of Moody and Sankey. But for a third of a century father and son, their Bible open to the chapter which tells of John the Baptist dwelling in the wilderness, have lived alone on a western Nebraska ranch forty miles from a railroad, with no stranger stopping within its fence posts.

COMES TO BIG CITY.

George Gillis, the father, died recently, two years short of the fourscore and ten which he believed had been promised to him. Tracy, the son, buried the body on the ranch and went on with his farm work. Today he came to Omaha on his pioneer journey with a load of cattle.

According to the young man's tale, the older Gillis trafficked with his neighboring farmers only on their property and never on his own, for fear his son's ears should pick up hints of civilization. The father died to the west with his son to save him from the dancing, singing actresses in Chicago's old Haymarket Theatre.

"A devil lurks on every city street corner, father taught me," Tracy Gillis said today. "He told me the sad story of my mother and warned me to avoid all sinful men."

DOLLS HIMSELF UP.

With the money from the sale of his cattle Gillis changed his home made garments for a suit of store clothes. He also bought a safety razor, a tube of tooth paste and two silk neckties. He is willing to admit that one glimpse of the city has demoralized him. In his plans for the future, which include continued residence on his secluded farm, he mentions a wife and a course in agriculture.

DEATH FOLLOWS SITE.

London, Ont., July 18.—Wilfred Glenn, aged 26, died yesterday from the effects of being bitten by an insect while on his vacation three days ago. He was brought home in a serious condition from septic poisoning.

BEE STING KILLS.

Brockville, Ont., July 18.—Blood-poisoning, originating in the sting of a bee, resulted in the death at Newboro, Leeds, of Mrs. Thomas Taylor. Her husband and seven children survive.

Honest Advertising.

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Fletcher's Castoria is strictly a remedy for Infants and Children. Honestly advertised as such, without a claim for more than its over 30 years of use have amply proven. A Baby's remedy for Babies. And not an adult's remedy for all the family and all the ails that human flesh is heir to.

Children Cry For Fletcher's CASTORIA

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.
