

RESOURCES

We have now but the sum of \$93,000 as permanent endowment, bringing us an income of \$5,500 a year, we confidently appeal to the liberality of the loyal sons of the Church to make up this amount to \$150,000.

Those who prefer to make yearly payments can aid us by generously subscribing to our **ANNUAL MAINTENANCE FUND**, to raise it from \$8,000 to \$9,500.

THE OUTLOOK

The demand for Wycliffe **is stronger now than ever**, true-hearted Churchmen are beginning everywhere to sympathise with us and support our work.

Our means must increase as the number of students applying for entrance increases, as we do not wish even to turn away one who is fit for the work. All that is necessary now, is that **every one** who feels the importance of this work will first pray constantly that God's richest blessing may rest upon its every department, and then prove their prayer is real by giving of what He has bestowed, to the education of a spiritually-minded Ministry for the extension of His Church and Kingdom.
