

meet the general expenses of the Society. These amounted to \$37.72 so we have a balance on hand of 8cts. \$14.78 was collected from our quarterly offerings for missions, and \$37.43 from the monthly contributions of 15 members, making a total of \$52.21 for missionary purposes. \$50.40 of this money the Society decided to appropriate to the maintenance of two native Bible women in India.

Report of Junior Society of C. E.

WE are pleased to render the report of our first year's work. Although small in number there has been a steady growth of interest and there is great promise of increased zeal as well as numbers. The average attendance is about 17, with 30 names on the roll.

During the year we have had one social and two picnics, which were successful.

The collections amount to \$9.50.

During the spring the Sick and Flower Committee visited the hospital regularly, carrying flowers and fruit to two little sick girls there. Their work was much appreciated. We have six committees at work; Look Out, Prayer Meeting, Mission, Social, Music and Sick and Flower Committees.

We hope by these means to achieve something for the Master, and although being one of the least, we will hear His "well done."
