THURSDAY, MARCH 15, 1917

Kilmartin.

Dugald McKellar and John McLean
left for the West on Friday.

Wm. Leitch and daughter Helen are
recovering from a severe attack of
pneumonia.

Miss Margaret Little was home from
London Normal School for the week-
end.

Neil W. Munroe, who spent the
winter as a fireman on the M. C. R.,
has returned to his home here.

Miss Mary McCallum of Detroit is
visiting her mother here.

Arch L. Campbell, Arch. W. Mc-
Kellar and Miss Catherine McKellar
left for the West on Monday.

The sympathy of the community is
extended to Mr. and Mrs. Duncan Mc-
Tavish in their bereavement, the death
of their infant son two weeks old.

Word was received here last week
of the death of Robert McGregor,
youngest son of Gregor McGregor of
Rivers, Manitoba, formerly of this
place. The young man was found
dead on the floor of the power house
where he was employed and is thought
to have come in contact with some
part of the machinery. Much sym-
pathy is felt for the father, who is
thus bereaved for the third time re-
cently, two sons having been killed in
the war in France.

WOODGREEN.

Mr. and Mrs. Isaac Watterworth
and daughter are spending a week in
Toronto.

The saw mill started operations here
this week. There are about 200,000
feet of logs to cut.

Miss Montgomery of Dawn is visit-
ing at F. Wakefield's.

Edwin Weekes has disposed of his
farm to Wm. C. Sparling.

Geo. Scrimshaw is able to be around
again after meeting with an accident
in getting his foot hurt in the woods.

Vincent Watterworth had a success-
ful sawing bee last week.

We are pleased to report Geo. Jones
is improving in health.

Mr. Hobson has a smiling face, the
result of the arrival of a fine boy last
Sunday.

One dose of Miller's Worm Powders
will clear the stomach and bowels of
worms, so that the child will no more
be troubled by their ravages. The
powders are sweet to the taste and no
child will object to taking them.
They are non-injurious in their com-
position, and while in some cases they
may cause vomiting, that must not be
taken as a sign that they are nanseat-
ing, but as an indication of their
effective work.

Strathburn

A number around here are busy tap-
ping their maple bushes this week.
Miss Webster has returned to her
grandparents, Big Bend, after visiting
the past week at her aunt's, Mrs.
Snider's.

Mr. and Mrs. A. Gould of London
are expected to move to the Annett
farm the latter part of the month.

Everybody of this burg is preparing
for the box social which is to be held
at S. S. No. 5, Ekfrid, Friday evening,
March the 16th.

A CAREFULLY PREPARED PILL—
Much time and attention were ex-
pended in the experimenting with the
ingredients that enter into the com-
position of Parmelee's Vegetable Pills
before they were brought to the state
in which they were first offered to the
public. Whatever other pills may be,
Parmelee's Vegetable Pills are the re-
sult of much expert study, and all
persons suffering from dyspepsia or
disordered liver and kidneys may con-
fidently accept them as being what
they are represented to be.

Melbourne

George McCallum was at London on
Friday attending the funeral of his
brother-in-law, Charles Howey.

A. J. Collins, teller in the Home
Bank, has been transferred to the
branch at Thorndale.

Oakdale and Cayen Presbyterian
churches in Dawn township have ex-
tended a call to Victor T. Mooney, B.
A., of Knox college. The salary is
\$1,250 a year, free manse and glebe,
and four weeks' vacation.

Ripened a Week Earlier.

GEO. W. NEELY, Dorchester Sta.,
Ontario, says:—"I fertilized with
Homestead Bone Black Fertilizer pur-
chased from Mr. Fred Howe, Dorches-
ter Sta., Ont., seven acres oats this
Spring. At intervals in the field I
omitted the fertilizer a drill width.
The oats where the fertilizer was
sown, after the first few days' growth,
showed in a marked degree a more
vigorous growth and maintained this
advantage over the unfertilized por-
tions throughout the season, ripen-
ing a week sooner and with fuller
heads of grain."

Ripened to Days Earlier.

THOMAS KELLY, Copenhagen,
Ontario, says:—"I have used Home-
stead Fertilizer on both corn and oats,
and am well satisfied; the corn eared
up better and ripened about ten days
earlier where the fertilizer was used;
it also gave a larger yield both in corn
and straw."

Better Than Manure.

EDWARD WOOD, Ethel, Ontario,
says:—"I tested Homestead Bone
Black Fertilizer on oats, corn and
potatoes. The results were beyond
my expectations. My corn was better
on the fertilized part of the field than
on the other part where I put 12 loads
of good barnyard manure per acre
with manure spreader, 60 bushels per
load. I highly recommend the use of
your high grade fertilizer."

Help for Asthma. Neglect gives
asthma a great advantage. The
trouble, once it has secured a foothold,
fastens its grip on the bronchial pas-
sages tenaciously. Dr. J. D. Kellogg's
Asthma Remedy is daily curing cases
of asthma of long standing. Years
of suffering, however, might have been
prevented had the remedy been used
when the trouble was in its first stages.
Do not neglect asthma, but use this
preparation at once.

BRITAIN— CALLS TO CANADA—

THE FACTORY THE FARM

She must have Food—

for her Armies in the Field—for her Workers in the Factory—in
the Munition plant—in the Shipyard—in the Mine.

THERE'S DANGER IN SIGHT—BUT YOU CAN HELP

DO YOU KNOW—

that the rapidly rising price of food stuffs
means that the World's reserve supply is
getting small?

DO YOU KNOW—

that a world-wide famine can only be
averted by increasing this supply?

DO YOU KNOW—

that a "food famine" would be a worse
disaster to the Empire and her Allies than
reverses in the Field?

YOU CAN—

help thwart Germany's desperate sub-
marine thrust on the high seas.

YOU CAN—

do this by helping to make every bit of
land in Canada produce—the very last
pound of food stuffs of which it is capable.

AND REMEMBER—

that no man can say that he has fully done
his part—who having land—be it garden
patch, or farm, or ranch—fails to make it
produce food to its utmost capacity.

as the equivalent of cash under the terms of the War
Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of
April, 1917, or on any instalment due date thereafter, under

of any chartered bank will receive subscriptions and issue
provisional receipts.

will be payable free of exchange at any branch in Canada
of any chartered bank, or at the Agency of the Bank
of Montreal, New York City.

denomination of \$1,000 with coupons, and holders of bonds
with coupons will have the right to convert into fully
registered bonds of authorized denominations without
coupons at any time on application to the Minister of
Finance.

The books of the loan will be kept at the Department
of Finance, Ottawa.
