

For 20 Years

Most Miles per Dollar

You get out of a tire in mileage just what is put into it in materials, workmanship and design.

In Firestone Cord Tires, the cords are twice dipped in pure gum to soak up the greatest possible amount of rubber. Then they are twice calendered to force additional rubber into every fibre. Each cord is insulated and chafing and wear prevented.

This is just one of the features of Firestone Cords that make them give most miles per dollar.

FIND NO TRACE OF WM. MILNE

Search Parties Are Now Scouring Country Around Stratford.

STRATFORD, March 18.—Parties are now searching towards Stratford and St. Pauls in hopes of finding trace of William Milne, who left his home four miles north of St. Marys just before Tuesday night's storm. He has not since been heard from. Search parties are following every possible clue in an effort to locate him, but so far unsuccessfully.

Word has been received of the death at Lancaster, Pa., of Mrs. Egbert, wife of Col. A. G. Egbert, formerly U. S. consul here.

Following a paralytic stroke on Wednesday, Daniel Halpin, 70 years old and a well-known resident, died today.

Stratford is to have a clean-up week again this year. The fire and cemetery committees is recommending that the city council set the first week of May as the prevention and clean-up week.

The local G. W. A. is registering a protest to the Government against the appointment of women enumerators for the referendum vote in place of returned men. The militia department will be petitioned for the award of full military honors in burial of all deceased active service men.

CONTRACT IS AWARDED.

SAULT STE. MARIE, March 18.—Announcement was made here today that the contract for the new courthouse here has been let to Stuart & Sinclair of Hamilton. The amount of the tender has not yet been given out, but it is understood that the building will cost in the neighborhood of \$300,000.

RHEUMATIC PAINS HAVE DISAPPEARED

As a Result of Treating the Trouble Through the Blood.

The chief symptom of rheumatism is pain. The most successful treatment is the one that most quickly relieves and banishes the pain. Many rheumatic people suffer pains that could be avoided by building up the blood; when rheumatism is associated with thin blood it cannot be corrected until the blood is built up.

Mr. Ed Hall, Main-a-Dieu, N. S., suffered from rheumatism for years, but was more fortunate than many victims of the disease, for he found a remedy that so built up his entire system that he is now free from rheumatism. Mr. Hall says: "I was taken down with rheumatism, and at times was under the treatment of several of the best doctors in Chatham, but they held out no hope for my recovery from the trouble. I was confined to bed for three years and a helpless cripple from the trouble. I could not move, and had to be turned in sheets. My legs and fingers were drawn out of shape, and sores developed on my body as the result of my long confinement to bed. I was in this serious condition when a friend advised the use of Dr. Williams' Pink Pills and I began taking them. The first benefit I felt from the pills was an improved appetite, and then I began to feel stronger, and was finally able to get out of bed and go about on crutches. I continued taking the pills for months, slowly but surely getting new strength, and finally I was able to lay the crutches aside. I will always be lame, as the result of my long stay in bed my left leg has shortened somewhat, but otherwise I am feeling fine and able to do my work as Fishery Overseer. I may add that when the rheumatism came on I weighed 140 pounds, and when I began going about on crutches I only weighed 67 pounds, and now I am at normal weight. There are many here who know and can vouch for the truth of these statements."

You can get these pills through any dealer in medicine, or by mail, post paid, at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

SAYS CO-OPERATION VITAL

Cost of Living Twice as High as 1913 Figure

Increase in Wages For Same Period Is Slightly Less.

OTTAWA, March 18.—(By Canadian Press).—The tremendous advance in the cost of living and the corresponding, though slightly less, increase in wages in Canada during the period from 1913 to 1920 is shown by a lengthy statement which will be published by the labor department as a supplementary to the March issue of the Labor Gazette.

The rates of wages are compiled from statistics obtained in thirteen Canadian cities scattered across the Dominion. An increase of 90.3 per cent in the hourly rate of wages paid in 1920 over the 1913 scale is shown by the statement. These figures take into account a decrease in the number of working hours per week.

As to the cost of living, the average increase in all items for a family when the peak was reached in July, 1920, was 101 per cent over 1913. Food had risen 120 per cent over 1913; fuel, 91 per cent; rent, 34 per cent; clothing, 150 per cent, and sundries, 90 per cent. By December food had dropped to a level of 102 per cent over 1913, but fuel had continued to increase, reaching a level of 107 per cent over 1913.

The occupations under review in the bulletin with reference to wages are as follows:

Increase in Wages.

Seven building trades, five metal trades, two printing, street railway motormen and conductors, and six classes of steam railway employees. The department took as its index number for 1913 the figure 100, and on this basis it was discovered that the average increase in hourly wage rates for building trades was 90 per cent since 1913, while weekly rates had advanced 72 per cent. The average increase in the two printing trades given the increase in hourly rates appears at 74 per cent and in weekly rates at 82 per cent over 1913.

Railway Pay Advances.

Street railway motormen and conductors secured average increases of 94 per cent in hourly rates and 178 per cent in weekly rates. In steam railroads the increase per cent and per mile for the six classes averaged 85.6 per cent, but it is pointed out that over-time rates for excess hours or mileage have been paid since January, 1919. This means a great increase in the rates as given.

The increase in factory wage scales over 1913 is very large. Index numbers of these rates show an average increase in common of 115 per cent, and 98 per cent in hourly rates since 1913, and 98 per cent in weekly rates.

COST OF LIVING TWICE AS HIGH AS 1913 FIGURE

Increase in Wages For Same Period Is Slightly Less.

PEAK REACHED LAST JULY

Factory Wages Advance in Seven Years 98 to 115 Per Cent.

OTTAWA, March 18.—(By Canadian Press).—The tremendous advance in the cost of living and the corresponding, though slightly less, increase in wages in Canada during the period from 1913 to 1920 is shown by a lengthy statement which will be published by the labor department as a supplementary to the March issue of the Labor Gazette.

DENIES SHE WAS UNDER SURVEILLANCE

Trixie Harkness Says She Went To Woodstock Alone.

WOODSTOCK, March 18.—Trixie Harkness, wife of Denton Garfield, is now writing letters to the newspapers resenting the use and abuse of her name in connection with the recent trial of Denton Garfield, sentenced to twenty years in penitentiary for his part in the killing of Ben Johnston. She is now in Point Edward, and takes exception to the published statement that while she was in Woodstock during the trial she was under police surveillance. The letter is as follows:

"I want it understood that I was in Woodstock alone, except for my little three-year-old son. No police from London brought me to Woodstock, and they have nothing to do with me whatever. I want to see my husband before he left for Kingston, and I will visit him often there. I think it is about time the papers were telling the truth about me. I think I have suffered enough by their lies. My trouble is more than I can bear now, without more disgrace through lies of the reporters. All I ask for you is the truth. I am not held by the police, and never was. I am only fighting for my husband. I did the best I could by both Norman and Denton."

ALLEGED VETERAN SOLD HIS OUTFIT

Peculiar Charge Has Been Laid Against Soldier-Farmer.

ST. THOMAS, March 18.—John Stenton, a soldier farmer of Malahide, has been locked up at Port Huron on a charge of disposing of the agricultural outfit provided by the Government after he had been located in the township by the settlement board.

The offence is alleged to have been committed in February last, when Stenton sold out his stock and implements valued at about \$300, and left the country. A couple of days ago he was taken in charge at Port Huron, but the authorities there refused to give him up without a warrant. A local constable will leave for that city tomorrow with the necessary papers to bring him back.

CONVICT WANDERER OF DOUBLE MURDER

Peculiar Case Puzzled Chicago Police For Many Weeks.

CHICAGO, March 18.—Carl Wanderer today was found guilty by a jury of the murder of the "ragged stranger," shot to death in the alleged mock hold-up, and the penalty fixed at death.

Wanderer previously was convicted of the murder of his wife, shot to death at the same time as the stranger, and was sentenced to 25 years imprisonment.

The double murder took place last summer. Wanderer declared that when he came home from a picture show one night with his wife they met a man in the vestibule at the entrance to their home. The man opened fire, Wanderer said, and he fired back. The stranger and Wanderer's wife were killed.

For several days Wanderer was looked on as a hero. The police, however, found that the stranger's gun belonged to Wanderer's cousin, and that Wanderer had borrowed it a few days before the murders. Wanderer was arrested and signed a confession that he had hired the stranger, whom he termed a "poor boob," to stage a fake hold-up, and had killed his "poor boob."

In his first trial, for the murder of his wife, and her unborn babe, Wanderer repudiated this confession. He was found guilty and given a 25-year sentence, the jury announcing that it had compromised on the punishment.

CONVICTS MAKING THE BALLOT BOXES

OTTAWA, March 18.—(By Canadian Press).—Convicts in penitentiaries throughout Canada are working on election ballot boxes, it was intimated by Hon. C. J. Doherty, minister of justice during the debate on estimates in the House of Commons this afternoon.

"Will the boxes be used pretty soon?" queried Thomas Vien (Leblanc) amid some laughter.

"They are for the temperance referendum in Ontario," was the minister's reply.

Mental Diversion at a Profit

You own a business. It is your "child." You have nursed it through infancy, poured brain and money and energy—your life blood almost—into it, to bring it to its present position.

And, if the truth be known, the ambition is still with you to carry it to greater heights; not altogether for profit, perhaps, because there is a streak of altruism in every great businessman.

are sufficient evidence to justify your earnest consideration.

If you were to ask what Daily Newspaper Advertising can do for you, we should answer:

Let us say, then, for the glory of achievement.

1. It will enable you, if necessary, to make a sales appeal—to reach every possible buyer of your goods.

Granting this, will you not sit down after dinner this evening and figure out whether you can use advertising—Daily Newspaper Advertising—to accomplish your purpose?

2. It will enable you to get local or national sales action quickly.

It is unfortunately true that a great deal of daily newspaper advertising is not as well done as it should be; but, even allowing for this, the overpowering commercial successes that have been assisted in their achievement by the persistent force of Daily Newspaper Advertising

3. It will give you frequency of appearance, and flexibility in extent of space or character of message or price.

4. It will enable you to localize your sales efforts—to place your advertising in those territories, and only those territories where you want action, and where you can profit by it.

If you have ever thought you would like to advertise, if you could get proper advice on how to go about it, write to this Association. We will give you the benefit of our experience in starting you on the road to successful publicity. Or, consult a recognized advertising agency. A list supplied on request.

Issued by the Canadian Daily Newspaper Association. Head Office—Toronto.
