

broadest charity for all. We have known Italians and blacks to mix much greater distances than you mention. The first cross between the Italians and blacks are splendid honey gatherers usually, but are frequently very cross to handle. We are pleased to note that you have secured such a good yield, but over six hundred pounds has been reported from very reliable parties and four swarms, but of course these are exceptional cases and are quite rare. What you say about the queen being superceded is almost certain to take place, in fact you had better give them a young queen. We prefer queens not more than two years old.

THE CANADIAN BEE JOURNAL

THE D. A. JONES Co., Ltd.,
PUBLISHERS.

D. A. JONES,
Editor
and President.

F. H. MACPHERSON,
Asst. Editor
and Business Manager.

WEEKLY, \$1.00 per Year, Postpaid.

BRETON, ONTARIO, JULY 6, 1887.

BUSINESS DEPARTMENT.

We are a few days behind on 60 lb. tins, but we will be up to orders again before another issue of the JOURNAL, at least we hope so.

There has been placed in our hands for disposal a No. 6 Victory oil stove which has been used for but two months. It is as good as new and has all the furniture complete. It will be sold very cheap at a bargain.

We have succeeded this year in securing all the bees wax we have required for our trade, in Canada, and at prices ranging from 30 to 35 cents per pound. We have been paying two or three cents per pound more for wax than we could have purchased it for in the States, adding freight and duty, but we prefer to do this rather than not support our home productions as much as possible. We believe in "Canada for the Canadians" where it is possible.

We have just received from the manufacturers a large lot of cartons for holding the 4½x4½ section, something similar to the engraving. Our catalogue price at the present time is \$14 per thousand, but we have purchased these at a figure that

will enable us to make them \$9 per thousand, \$1 per hundred and 13 cents per ten. When the comb honey labels A. and B. are used on them they make a handsome package for comb honey. The illustration shows you label A. None of them have tape handles, and we make the price \$1 per thousand less than if they had. A 3 cent stamp will secure you a sample by return mail.

ONE POUND GLASS JARS, SCREW TOP.

We are just advised that these have been shipped from the glass works, and we expect them in a few days. To save breaking bulk as much as we can, we append below a table of the quantities in which the shipment is put up, with prices per barrel. In estimating the price we have calculated the same as for full gross lots, an allowance of 15c. being made per barrel.

NO. OF BARRELS	NO OF DOZEN	PRICE
1	9	\$6.35
7	9½	6.55
Bal. of Shipment	9½	6.75

PRICES CURRENT

BEESWAX

Beeton, July 6, 1887.
We pay 32c in trade for good pure Beeswax, delivered at Beeton, at this date, sediment, (if any), deducted. American customers must remember that there is a duty of 25 per cent. on Wax coming into Canada.
