

also erect a granary
of about 14 by 16
feet, a stable of
14 by 12 feet & a
shed of 14 by 16.

In order to
enable you to
finish ~~your~~ ^{the} ~~work~~ ^{of breaking up the land & erecting buildings} before
the ~~Winter~~ season
~~starts~~ sets in, you
will probably require
~~to have~~ ^{in the first place} the full
complement of
men allowed, viz
four. — You
should not ~~however~~
agree to pay for
labor at rates
higher than 75 cents
a day with board; —
and you may
possibly obtain
the services of men
at ~~even~~ lower
rates than the
above.

While your
operations will
of course be for the
most part confined
to the Agency farm
on the Reserve
where you
reside you will
be expected to visit ~~from~~

and as soon as the
work is completed
you should discharge
the extra hands
retaining only the
two men taken with
you to the Reserve
