Rt. Hon. Arthur Meighen,
The Senate,
Ottawa, Canada.

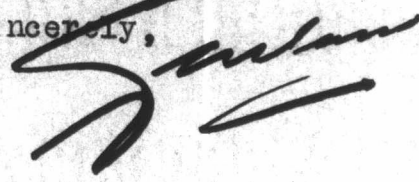

Dear Arthur:-

I note that the University of Manitoba proposes to sue the Dominion Government for \$300,000.00 in connection with the sale of a like amount of Dominion Government bonds. If Arthur Sullivan, K.C. were retained by the Government to defend the action, I have no doubt but that he would have me appointed second counsel. I would consider it a special favor if you would see the Honourable Mr. Guthrie and put in a word for Sullivan.

I appreciate the fact that as the action has not been commenced, it appears premature to ask the Government to appoint counsel, but business is so quiet and the chase for it so persistent, that the successful hunter must anticipate it to succeed.

With best regards, I remain

Yours sincerely,

EPG/P
