One Man's Experience With Christian Science.

Letter to Albany Journal.

To the editor of the Journal: Just now when there is much discussion with many people in regard to the claim of Christian Scientists that sickness and disease is healed by or through them, it might be well for one to say a word whose experience is more than talk. Taking this into consideration, in justice to all and as a duty I feel to the suffering ones, I will give a part of my experience under Christian Science treatment.

My trouble, cancer of the face, had been under medical treatment for many years. I had several surgical operations from eminent physicians, but without permanent success. At this time, June, 1897, there came to our village, Rensselaerville, a Christian Scientist, one business, and during our conversation about my trouble, for which I had begun to think there was no more help, he asked me if I had ever heard of Christian Science treatment. I had not and I told him so. As his business would require him to make a stay of several weeks he loaned me his Christian Science text book, whose author is Mrs. E. L. I read the book eagerly and was much impressed by its teachings, for surely if it could make good its claims I had found what I long had sought and much needed, healing. In our talks together this scientist gave me much encouragement by assuring me that I could and would be healed and my face made perfect through Christian Science treatment.

With the strong hope that I would realize the truth of his words I began Christian Science treatment, complying with their rules, not to use any medicine or material aid of any kind. This I did for three and a half years, although many times walking the floor night and day in great pain, all the while working in obedience to the healer's advice, to ignore the pain and the appearance of the wound, and instead of washing and cleansing the wound, as reason tells us to do, would suffer the puss to accumulate in the mouth, and very often, especially when I slept, would swallow it. I shudder now to think of it and feel sorry to think I was drawn into such a delusion, suffering and trying to make myself believe I would be healed.

In the third and a half years of treatment I have had ten healers treat me. Some would say one thing was holding, some another thing, and some even condemned the mode in which I was treated, but it was all the same thing, one brought no more relief than the other, and the disease continued slowly but surely to devour the flesh, until now from the size of a quarter of an inch in diameter on side of the face is gone. Yet I was constantly being told there was no disease, for God never made it, and that there was nothing the matter with me; that I could not be sick or diseased, sometimes going so far as to say I was healed, but alas I never saw any evidence that these words were true.

While I earnestly believe that God can heal all sickness and disease, my experience has been such as to lead me to believe that these so-called Christian Science healers can do no more for the sick than anyone else; in fact, I believe they do less, as they show very little sympathy for the sick themselves, and try to so influence the patient's family and friends that they, too, will ignore the suffering of the sick one. Thus the poor sufferers are denied much of the care and sympathy they so much need.

One thing they rarely ignore—that is their pay. Although I have been treated by ten different healers, and have been unable to work in five years, I have never been asked by any of them thoughtful enough to ask if I were able to pay, or if my family would suffer on account of my paying. I honestly believe if there were less money in it there would not be so many of these so-called healers. I have paid out hundreds of dollars to these healers and received nothing but a bitter experience. I hope that those who read this article and profit by it, and investigate more thoroughly than I did, before being led by his delusion; for, to use the words of another, I think it is that—the handling of the age, which would appear to be healed by them? They shut off every other means of treatment; then if anyone gets well, they claim it to be a case healed by Christian Science. Any good conscientious physician will admit that some people would get well without any treatment.

In all this treatment, no matter how long it took, I grew worse, none of these healers showed any desire to give up the case or to admit I was growing worse, but continually kept saying they were helping me, and I could see great gain, when to anyone with sight and reason I kept steadily growing worse, both physically and mentally, for of a certainty the delusion was fast drawing on my consciousness and becoming more clear, yet I adhered strictly to their rules and tried to follow their advice; for this they all gave me the credit of being loyal, but this did not bring relief or help. So after three and a half years of a fight I gave it up and am now suffering. They always tell those who inquire into their religion, to investigate, to give it a trial, of my strength and ability; three and a half years under their treatment and instructions I think a fair trial.

They claim to heal through Christian Science 95 per cent. of the cases treated by them, alas I must be one of the unfortunate 5 per cent. Then again one of their leaders and lecturers says in his lectures, which I have in my possession, that 75 or 80 per cent. of all cases of sickness that occur would recover if nothing were done. This is just what I think they do, nothing, and then claim they heal all the rest.

I repeat that all these healers while treating me claimed they were helping me. Let us see how they helped

ONE WOMAN

With two faces; one face bright with health, the other face pinched and drawn by illness. Many a woman can take the portrait of herself made but a few years ago, and holding it by her face in the mirror realize a similar change.

Behind this change in form and feature is always disease, and generally disease which affects the womanly organism. The backache and bearing-down pains put a heavy strain on the nervous system. There is loss of sleep, lack of appetite, and, as a natural result, loss of strength and flesh.

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache. me. When I began to take their treatment the trouble that was threatening a return was about one-fourth of an inch in diameter, and I am perfectly willing these people should have a right to their beliefs, but if I could prevent the cruel deception they practice on the sick and suffering I would be glad to do it. It is sad to think of these afflicted ones, tortured for months, some of them for years, and denied the things that bring temporary relief—then for me to keep silent and let them go without saying a word.

MEN DID WELL

Handled a Most Successful Entertainment at Victoria Ave. Church.

It may be thought by some people in this city that a social could not be a success without some of the fair sex taking part in it, but it may be said for the benefit of those that it proved beyond question Friday evening that the boys are capable of holding their own in the social line. The social given by the boys of the Victoria Avenue League was a decided success. Notwithstanding the many attractions elsewhere the building was crowded to the doors and some were forced to stand. The boys supplied the large audience, many numbers being that the boys are capable of holding their own in the social line.
