### A SWITCH DISPLACED.

A REWARD OF \$200 OFFERED AT OTTAWA.

President Wilson Advises the Canada Atlantic Trackmen to Stand Firm—No Settlement at Walkerville—Hamilton Moulders' Demands.

Ottawa, April 9.—A switch in the C. A. R. yard east of Main street, Ottawa East, was removed and displaced some time during Tuesday afternoon. The deed was soon discovered and reported to Superintendent Donaldson. On the authority of General Manager Chamberlain a notice has been issued offering a reward of \$200 for the arrest and conviction of the guilty party or parties. Detective Dicks is working on the case with C. A. R. detectives. "I do not think it was the work of any of the strikers," said Chief Engineer Mountain, "but it may have been done by some ill-advised sympathizer. It was not serious."

There are no important developments in the strike of Canada Atlantic Railway workmen. John T. Wilson, Grand President of the Trackmen's Union, who is directing the strike, expects there will be a speedy settlement. He has been President of the union for fifteen years, and during that time has only signed three strike orders, including the present. He believes that the difficulty can be amicably adjusted. To night a mass meeting of the strikers was held, when Grand President Wilson and Vice-President Low spoke. The keynote of their remarks was that the men should remain firm until their demands were conceded.

Windsor, April 9.—The delegation of strikers from the Walkerville Bridge Works yesterday waited upon President McMath of the company and discussed the situation with him. The meeting ended without any understanding being arrived at, and the strikers returned to report to their own accord. "The men came of their own accord," said the President. "I explained that we were unable to recede from our position for a ten-hour day, as it is impossible for us to compete with other companies without it."

Hamilton, April 9.—The local moulders are waiting anxiously for the arrival of the Vice-President of the Keough of the international union. They intimate that as soon as Mr. Keough arrives there will be a strike, unless the founders grant 10 per cent. increase in wages.

### JOHN REDMOND'S VIEW.

He Welcomes the Land Bill Despite Defects.

London, April 9.—John Redmond, the Irish leader, made an important speech at Dublin last night, in which he welcomed the Irish land bill, in spite of its great defects, as the first measure proposed by an English Minister having the avowed object of carrying into effect the policy of Parnell and the Land League. Mr. Redmond said he did not wish to forestall the decision of the coming National convention at Dublin. The latter's acceptance of the bill would mean its amendment and its certain passage into law. The rejection of the bill by the convention would mean that both the convention and his bill would disappear. He believed that he was saying when he said that at the moment the positions of the Government, of Mr. Wyndham and of the land bill were all weak. He deprecated any mixing up of the questions of land and home rule, and expressed the settlement of the land question would remove the most formidable obstacle on the road to home rule, but the suggestion made by some Liberals that the Irish land bill should be accompanied by a measure of home rule was dangerous, and the suggestion was likely to wreck the bill. He considered that Ireland ought to be prepared to give Mr. Wyndham's attempt to deal with the question a fair trial. After outlining the desirable amendments to the last bill, Mr. Redmond expressed surprise that there should be any uncertainty regarding the reception that Ireland would give to King Edward on his coming visit. He convinced that the King was friendly to Ireland, and except that the Nationalists by their attitude toward the Crown were being absolutely barred from giving his Majesty an official reception, he would be welcomed with every courtesy and hospitality.

### WITH NON-UNION FIREMEN.

Tied-up Grain Boats Succeed in Leaving Chicago.

Chicago, April 9.—Before the close of the week three million bushels of grain, which has been tied up in the river for two weeks, will be shipped to Buffalo and eastern points. The vessel owners have secured non-union firemen to take the places of the strikers and expect to send out five boats to-day. The departure of the grain fleet will save its owners from \$200,000 to \$300,000. Most of the grain was under contract and should have been delivered three days ago. Its owners attempted to get permission from the strikers to move it last week and were refused. News of the refusal angered the carriers and non-union men were hired.

### King Christian's Birthday.

Copenhagen, April 8.—King Christian today celebrated his 83rd birthday in the best of health and was the recipient of very many congratulations and gifts. The King addressed thousands of people gathered before the palace.

### Tillman's Trial Postponed.

Columbia, S. C., April 8.—The trial of former Lieut.-Gov. James Tillman for the shooting of Editor Gonzales, which was called to-day, has been continued until July next.

### DEATH IN THE TORNADO.

Many People Killed, Others Badly Injured.

Hanceville, Ala., April 9.—A tornado passed over Hanceville settlement, one and one-half miles north of here, at 2 yesterday morning. Twelve persons were killed, four fatally injured, and a great many others hurt. The destruction to property was heavy. The dead: Henry McCoy, and three children, C. C. Oden and three children, John Griffin, wife and son. Fatally injured: Two children of Henry McCoy, and two children of C. C. Oden. The storm came from the southeast, and its roar was so terrific that it woke many people, some of whom fled in time to escape death in their falling houses. Buildings were tossed about, and several were blown a hundred yards or more. The body of McCoy, who was a farmer, was found 200 yards and landed in a sand pit. The house of Mrs. John Norton was blown down, but the family escaped by crawling under the bed while the timber and brick fell on top of the bed, breaking the force of the fall. The houses of Oden and Griffin families were smashed to splinters. Trees were uprooted in all directions, and many were blown across the Louisville & Nashville Railroad track, delaying trains for a time. The roar of the storm was heard at Hanceville, but no damage was done here. Rescuers hurried to the scene and cared for the wounded.

Little Rock, Ark., April 9.—A cyclone three miles wide passed through Cleburn and White counties, north of here, last night, razing to the ground everything in its path. The scene is remote from telegraph and news is hard to obtain. At Little Rock, 18 miles from Judsonia, seven out of eight persons in one house were killed instantly, the survivor being an infant.

Near Pangburn, an old man named Williams was blown off a mountain side and killed. Many were dying and injured, and it is feared the loss of life will be large. Houses were picked up and carried several hundred feet.

Two persons were killed at Heber, Cleburn County.

The record of casualties so far, beside the nine dead, is three dying and thirteen others badly injured. The towns of Little Red, Albion, Bradford, Heber and Pangburn have been heard from. It is feared the little town of Hiram, with a population of 150, has been wiped off the map. It is near Heber, and in the storm's track. Nothing has been heard from it. It probably will be several days before the names of all who were killed by the tornado are known.

### FOR PROHIBITION.

An Overwhelming Vote Given by Kansas.

Topeka, Kan., April 9.—Returns from all the towns in Kansas which held elections yesterday disclose the fact that the vote in favor of enforcing the prohibition law is the most overwhelming in the history of the State. A special effort was made by the opponents of prohibition to make a good showing at this election and thus pave the way for a re-submission campaign two years from now, but only six towns of any importance in the State voted in favor of a liberal policy toward the saloons.

### COMING TO CANADA.

Dominicans Leaving Dijon to Settle in the Dominion.

Dijon, France, April 9.—A large establishment of the Dominicans here has been closed, and the members are leaving for Canada. A sympathetic crowd of people saw the party off to-day. The Father Superior made a farewell speech.

The Department of Fisheries has received notice of a Dominion order in Council prohibiting the capture of sturgeon with hooks. The Ontario department will not issue any more licenses therefore. The regulation goes into effect at once. The sturgeon is a very valuable fish, particularly for the roe, from which caviare is made, and which sells at 60 cents a pound or more. There is a general idea that the fish is becoming scarce on account of the large number taken on hooks before they reach the spawning age.
