

Make Your Money Make More Money

NOW-A-DAYS the man who wants to accumulate money invests it in some business. He is not content with the meager 4% interest paid by the banks.

You can't do better than invest your savings into a steam or gasoline power **BUCKEYE TRACTION DITCHER**.

Go Into Business for Yourself

You can do it with a "BUCKEYE" and make \$15 to \$18 a day digging ditches for farmers in your locality. You can find enough work to keep yourself and a boy busy, because all farmers want uniform machine-made trenches.

If you want to get into a money-making business, write us to-day to tell you what others have made with a "BUCKEYE," and send you Catalogue T.

The Norfolk Fruit Growers Association of Simcoe, Ont.—the largest in Canada—used "VANCO" Arsenate of Lead last spring. The Canadian Government reports show that their fruit was 90% Number 1—which shows that it pays—and pays well—to use only high-grade spray chemicals.

With "VANCO" Arsenate of Lead, there is absolutely no danger of burning the foliage, no matter in what proportions it may be used.

It is made so fine and put together in exactly the right proportions. It does not settle in the spray tank, as does Paris Green. It sticks well, and will stand two or three rains.

It is easily seen in the leaves—thus making it easy to know when plants and trees are completely sprayed.

Then, too, "VANCO" Arsenate of Lead is made right here in Toronto. There is no duty to pay on it, and the freight charges are small.

THE "VANCO" BOOK will help you to get the best results from sprays—it tells when and how to use them. Write for a free copy.

FERTILIZERS—Nitrate of Soda, Murate of Potash, Sulphate of Potash and Acid Phosphate—of guaranteed analysis. We are the only house in Canada making straight Chemical Fertilizers.

SAVE FREIGHT—by ordering Fertilizers and Spray Chemicals together, so we can make one shipment of both. 36
