LESSONS OF THE WAR!

As we celebrate "Canada's Jubilee" we recognize that her destiny is unmistakably to serve the best interests of humanity and Christian civilization. In working out this destiny and winning her position among the great nations of the earth, due regard must be had for the great lessons to be learned from the greatest titanic war the world ever saw. One of these is the aristocracy of service, by practising the Divine law of self-sacrifice,—obeying the command and following His example, to do good unto others. Thus do we realize our highest happiness in seeking the supreme welfare of others.

"Only that which serves can endure," said Emerson. Life Insurance endures because it serves throughout the civilized world. It promotes the happiness of untold millions, and enables men in all walks of life to meet destiny upon an equal footing, by placing them in a state of Preparedness. Are you and yours secure in this state of Preparedness? If not, you cannot better serve your dependents or so surely promote your own happiness and peace as by securing a modern insurance policy in The Continental Life Insurance Co. It will provide as nothing else can for your own old age, or protect your family and home if you should be called away for ever. Act while you're in good health, and can get insurance.

Heed this warning by seeing your nearest Agent of the Company, or write to either of the undersigned at Head Office for full particulars, stating your age at nearest birthday.
