

The MARK of a GOOD WAGON - AND WHY -

DON'T buy your wagon more than once. When you buy a wagon consider carefully the reputation of the manufacturer.

It is your greatest guarantee of satisfaction—for paint and varnish cover a multitude of wagon defects.

When you buy an I H C wagon you buy a wagon of known quality, made by a manufacturer of established reputation. One that has a long record of service. One that has been the choice of thousands of farmers for many years.

Hamilton and Old Dominion Wagons

are in every way up to the I H C standard of excellence.

When you buy one of these wagons the first cost is the last expense, except for minor repairs. The purchase price is an investment that pays big dividends in a lifetime service. Don't run the risk of buying your wagon several times over by paying for continual repairs or by loss in time (money) through its lack of efficiency to do what you require of it.

Choose a Hamilton or Old Dominion and avoid wagon troubles.

Only the most perfect wood and steel especially adapted for each part is used in their manufacture. Only the most skilled designers and workmen are employed to attend to their construction.

Call on the local dealer and let him show you the various styles. The great number of uses for which they are built insures your being able to secure the wagon best adapted to your individual need.

If not convenient for you to see our dealer—write nearest branch house for catalogues and full particulars.
