

He Aimed Higher.

Housekeeper:—Did you ever do an honest day's work in your life?

Tramp:—Yes, mum: I was a railroad brakemen for two days and three nights. "Then why didn't you stick to that honorable occupation? You might have been a railroad president by this time." "Yes, mum; but railroad presidents has got mighty unsartin' jobs nowadays, mum. I'm layin' low for a receivership."—Puck.

THE JEWEL CASSET.

A round brooch was composed of a group of flying swallows.

The forgetmenot is having great vogue as an applied ornament.

The sword is still the popular ornament, larger and richer than ever.

A pretty bracelet is made of links of blue enamel disks set in raised gold.

In the less expensive necklaces those of many small forms are very pretty and becoming.

The taste for the grotesque in scarfpins increases. Enamel roosters, monkeys on poles, dragons curling their tails, are among these, and no skill is considered too great to be lavished on them.—Jewelers' Circular.

How are Your Teeth?

Remember that when you have your teeth extracted the bony foundation that held the root is no longer needed, and nature absorbs it. This process changes the whole expression of the face, and can never be restored. You can always tell a person with artificial teeth. Crown and Bridge work by Dr. Findley's New Method preserves these roots and saves the expression—in fact, teeth inserted on this principle are not what you might term "false teeth," as we restore the old roots. Besides, the work is permanent, and does not cover the roof of the mouth at all. You can chew anything with impunity, and never be in agony of expecting your teeth to drop out, for this is absolutely impossible when work is done by my system. Rooms 1 and 2, 86 1/2 Government st.

Your watch. Better do that than give it to a tinker to clean or repair. But, better yet, if it is out of repair, take it to a first-class workman such as Pennock & Lowe employ, and then you will get some comfort out of it.
