Buy Now and Save Money on Your Spring Requirements

GUARANTEE

We guarantee our fence to be made from the best galvanized hard steel wire—stay, line wire and knot—and to be the most perfectly woven fence on the market, and of full Government gauge No. 9

QUALITY

Sarnia Fence is the best known fence in the from the fract of the large by to the fact that it has lived up to every claim we have made for it. From the first we have used a most rigid system of inspection that insures our customers of getting the most perfect fence possible.

We buy our wire on the open market of the world, and our business is of such a tremendous volume that we are in a position to demand the best. Our wire is galvanized to the highest possible standard, and is all full Government gauge No. 9 wire.

PRICE

Sarnia Fence is sold Direct from Factory to Farmer for cash. By our unique selling plan we eliminate everything that adds unnecessarily to the price of our fence such as excessive overhead expense, Travellers' expense, Jobber's profit, Dealer's profit, bad debts, and charges for handling two or possibly three times. Thus we give you our fence at first cost.

Sarnia Fence is made in what is conceded by the best Industrial experts to be the best equipped and most economical fence fac-

combining these features—Our Direct Selling Policy—Our Low Cost of Manufacture, Our Unconditional Guarantee, and the fact that we are not connected in any way with Manufacturers' Combines for the elimination of competition and the maintenance of high prices we believe you will give us credit for being in a position to sell you the best fence it is possible to make at the lowest possible cost.

THOUSANDS OF DOLLARS

Have been saved each year by the Farmers of Canada through the Direct from Factory to Farm Policy of The Sarnia Fence Co., Ltd. You will remember the high prices the fence combine forced you to pay before Sarnia Fence came on the market. At that time wire coat less than half the present market price. To-day our prices are lower than the previous high prices, in spite of the doubled cost of raw material.
