PETROGRAD IS IN NEW HANDS REPORTS SAY

Russian Revolutionary Army Said to Have Captured City on Neva.

SHELLED ON 4 SIDES

Eight Ships of Baltic Fleet Took Part—Many Units Mutiny

COPENHAGEN, March 9.—Petrograd is reported to be in the hands of the revolutionary forces which for several days have been fighting against the Russian Bolshevik troops near that city, says a special despatch from Helsingfors this morning.

Revolutionary forces were victorious, the despatch declares, after a terrific bombardment of Petrograd from Kronstadt, Kraonoya, Gorko and Systerbak, which has followed by machine gun battles in streets of the city.

Kozlovski, Not Kerevsky. The revolutionary leader, Kozlovski, is completely victorious. His artillery having silenced the minor forts. He has issued a proclamation that he is in a hurry to save the population from the oppression of a tyrannous clique.

Five Regiments Join Rebels. Eight ships of the Baltic fleet participated in the bombardment of Petrograd, says a Riga despatch to The London Times. A panic ensued among the Red troops and Communists.

garrison at Oranienbaum consisting of five regiments, deserted to the revolutionaries after shooting all regimental Commissars and Communists, and also captured two ice-breakers between Petrograd and Kronstadt.

Copenhagen, March 9.—News of the Russian situation today was conflicting with the latest Helsingfors despatch reporting that the Soviet Govt. forces had recaptured Kraonoya Gorko, and Systerbak fortresses this morning and were training big guns upon Kronstadt where fires were observed. An infantry assault by Soviet troops upon Kronstadt is reported to have been repulsed with enormous losses.

Prince of Wales Refuses a Dinner With Food Scarce

GLASGOW, March 9.—The Prince of Wales, who is visiting Glasgow, was accorded an enthusiastic reception.

During the day there was a parade of unemployed, who carried banners with such mottoes as "We want the 1914 prices," and "The Prince has refused our dinner. We have no option." The last inscription referred to the Prince having declined to attend a public dinner in his honor owing to opposition by Laborites in the Town Council to the expenditure of funds for such a function.

A despatch from London, February 21, said the Labor members of the Glasgow Council condemned spending public money on feasting when hundreds were starving.

Paris Sees War Echo Youths Called Up To March to Germany

PARIS, March 9.—Paris was thrown back into war time today when the youngest class of French soldiers gathered here for service in Germany.

Summarily called to the colors, the youths sprang about their troop trains today, roaring cheers after the first sections to depart. With canteens clanking against their "harness," the beardless soldiers paraded the narrow limits of the station grounds, vainly trying to appear oblivious of the interest they aroused.

The soldiers, smooth-faced and unlike the grizzled warriors whose work they were destined to complete in the penetration of Germany, looked lithe and fit for the work to come.

Although no one here believed the troops would meet resistance, mothers and fathers who clung about the station, wept over the prospects of "incidents" which might cause injury or bereavement.

Mayor Hanna to Get Medal as Bandsman

At the General's inspection of the Argyll Light Infantry on Thursday next, 10th inst., the following will be presented with Long Service Medals: Lt.-Col. W. J. Brown, Major S. E. Carman, Lieut. E. F. Hinchey, Lieut. L. F. Green, Lieut. P. W. Geen, Sergt. F. Van Norman, Bandsman C. Hanna, Bandsman R. Blaind, Bandsman W. J. Givens. These medals will be presented after the march past.

Spanish Premier Is Shot at Madrid

LONDON, March 9.—The Spanish Premier, Eduardo Dato, has been assassinated, according to a despatch to the Exchange Telegraph Company from Madrid.

Senor Dato was killed by revolver shots as he left Congress.

Dato was recognized as one of the most conservative of the Conservatives in Spain. He became leader of the Liberal-Conservative party, the strongest political group in both the Senate and the House of Representatives, after the disappearance of Canovas. Never a friend of the working classes, and opposed to all reforms, Dato acquired the height of his reputation for sternness in Aug. 1917, when he suppressed with the utmost energy the workers' movement.

Two Men Committed For Theft of Chickens

Julian Samuels and Max Marcol, which were committed by Magistrate Mason on Tuesday afternoon for trial on charges of theft of poultry belonging to a number of West Belleville residents.

G. T.R. Estimate Big; To Need \$57,000,000

OTTAWA, March 9.—Railway estimates submitted in the House of Commons are large. The Grand Trunk are greater than those of any other systems. In so far as the estimates themselves are concerned, although constituting a real liability of the Grand Trunk, it is stated the analysis of the Grand Trunk situation indicates that some \$57,000,000 will be required.

The net result is that the total railway obligations requiring cash are some \$140,000,000, as against the \$178,000,000 for which an appropriation is to be asked.

BOMBS DAMAGE OPORTO.

MADRID, March 9.—Syndicalist disturbances broke out in the city of Oporto, Portugal, and although they were immediately suppressed material damage was done by bomb explosions.

TRACE THE DEVELOPMENT OF RESPONSIBLE GOVT.

Ottawa Liberal Club Hears Addresses by Messrs Fisher and Horsey on Plans and Hopes of the Liberal Party.

OTTAWA, March 9.—The growth and development of responsible government in Canada was the subject of an address delivered at an open meeting of the Ottawa Liberal Club by Messrs. Harold Fisher and Herbert H. Horsey last night. Mr. R. P. Sparks, chairman, briefly outlined the establishment of democratic government in Great Britain.

Mr. Horsey reviewed the forms of government in Canada as a colony, until the period of union between Upper and Lower Canada, and the subsequent struggle for responsible government in Canada was dealt with by Mr. Fisher. Mr. Horsey maintained that the lessons born of past experience, to which Canadians should pay particular attention, were racial equality, as typified by the monument to General Wolfe and Montcalm, and emblematic of the spirit which should obtain throughout Canada today.

Canadian unity, Mr. Horsey said, as typified by the monument to Baldwin and Lafontaine on Parliament Hill, should make for that feeling of toleration, compromise and justice that was the foundation

C.M.A. PARTY SHOWN ABOUT ARE PLEASED

Delegation Mostly of Men from Toronto are Guests of Belleville

DINE AND SPEAK

Purpose of Visit is to Link up Manufacturers in Smaller Places

Local manufacturers today had an opportunity of meeting members of the Canadian Manufacturers' Association and showing them over their plants. Last evening at five-thirty, the third party which the C.M.A. has sent out, reached Belleville from Kingston and until three o'clock this afternoon were the guests of the city. The purpose of their tour is to bring the manufacturers in the towns and cities of the province into relation with the C.M.A., to show the benefits derived from the membership in the association and to gather accurate information of industrial conditions.

The party was met at the G.T.R. depot by members of the council and the Board of Trade and proceeded to Hotel Quinte where accommodation had been arranged. After dinner, the members of the delegation were the guests of the Chamber of Commerce at their headquarters.

Mr. W. H. Shapley of Toronto acted as chairman. He thought the time had arrived when no manufacturer, large or small, could be without a membership in the C.M.A. All of its departments are managed by capable officers, and are experts in the particular lines assigned.

Mr. R. L. McIntyre, Toronto, advised that the managers of the factories should act as a safety engineer for the plants. He advocated the matter of fire prevention. The slogan about buying in Canada was a good one, but Canadian production should be brought up to the highest point of efficiency in order to properly carry out the idea. He would like to see the coal possibilities of the Canadian west developed.

Vice-President W. B. Deacon, of the Belleville Chamber of Commerce, said Belleville had some thriving industries. The C.M.A. delegation's visit would deepen interest locally in the development of Canadian industry. He spoke on the "Made-in-Canada" movement.

Major L. L. Anthes declared: "You will find that labor is not asleep as to legislation and rightly so." The manufacturers were on the defensive, whereas they should take the offensive regarding the industrial expansion of the country.

Col. Ponton said that Belleville is more than a manufacturing station. It is a power house on the line. He declared the greatest development of all was man power.—The C.M.A. delegation.

Mr. Murray of Toronto stated: "The future is yours—the greatest age the world has ever seen. Nature

MUST DEMAND CANADIAN GOODS! PUBLIC'S DUTY IN THIS REGARD SAYS SPEAKER AT LIONS CLUB

This is the day of the young man and he must be alert to his responsibilities, said Mr. C. E. Macdonald, of Toronto to the Lion's Club today. Mr. Macdonald was one of the party of manufacturers who were Lions' guests at the Quinte. He was sure he said, that all the "Cubs" present were cubs of the British Lion, all working for Canada and he urged them to work for "Made in Canada" goods. The manufacturers and the retailers could not get success in this policy if the consumer did not help.

The party he was with had gained

greatly in knowledge of this part of Canada and had found a bee-hive of industry along the line of which some of them had only a very hazy idea hitherto.

Mr. Sprague, of Belleville, who followed, said the public had a duty in this regard. They should, when in a store, demand Canadian goods. The retailers would not necessarily give them "made in Canada" articles unless they demanded them.

Major Anthes said that it was the young man, and not the "old fogey," who was getting the backbone of the nation. They were in 1914 and succeeding years and they were to

stay the night.

Steel Company Opens On Reduced Scale

The nine-inch mill at the local plant of the Steel Co. of Canada began to operate this week, adding about forty men to the staff. The horse shoe department has been in operation for some time.

It's given us the greatest gifts. If we do our part, all will be well, if not, nature is a hard task mistress.

"Have no fear." The only fear we should know is that of doing wrong. There is no limit to man's possibilities. But we have been kept back centuries by our teaching. Mark many things obsolete. Have confidence, young men, in your country and in the Great Creator behind all.

Mr. John Elliott, president of the Ontario Associated Boards of Trade, joined in the welcome to the delegation. The Board of Trade felt Canada's debt to the C.M.A.

Mr. Gilles of "Industrial Canada" staff, endorsed the "Made in Canada" movement in solving the exchange problem.

Mr. Crick, editor of "Industrial Canada," Mr. J. A. Higgs and others spoke.

Among those attending the meeting at the Chamber of Commerce were: W. J. L. Shapley, Toronto, R. L. McIntyre, Toronto, K. H. Kayser, Toronto, J. M. McIntosh, Toronto, C. E. Macdonald, Toronto, I. P. Shicklewood, Toronto, G. N. McIntyre, Toronto, W. J. Murray, Toronto, D. B. Gillies, Toronto, H. M. Ryan, Port Hope, R. E. Nickolson, Toronto, and from Belleville, W. C. Springer, A. F. White, H. W. Ackerman, J. G. Moffat, J. Elliott, Col. Ponton, H. F. Ketcheson, F. S. Deacon, F. S. Wilson, Arthur Jones, T. Parker, J. A. Higgs and N. D. MacFadyen.

This morning the party visited the Springer Lock Works, Marsh Engineering Works, Deacon Shirt Factory and the Steel Company's plant in company with local manufacturers and representatives of the council and Chamber of Commerce.

The visitors were impressed with the scenic beauty of Belleville and its facilities and possibilities industrially.

Disease Lacking In Canada's Cattle

EDMONTON, March 9.—In striking arrangement of the British policy of continuing the embargo on Canadian live cattle shipments, Hon. Duncan Marshall, minister of agriculture, speaking to a motion before the legislature last night, urging the removal of this embargo, declared that Canada had never had a definite case of pleuro-pneumonia objected to in Britain, never had a case of foot and mouth disease, and of slaughtered cattle shipped to Britain since 1895 when the embargo was imposed, not one trace of the disease has been registered after examination.

"The Farmers' party is now ultra-free trade," continued the speaker, although it had refused to follow a similar policy espoused by Liberals previously. He predicted "parties," other than the two principal political ones in Canada, would ultimately get what they are after, and then there will be no use in their having a party, as in the case with Britain's suffragettes, or else they would not get what they were after, and would disappear. Mr. Fisher strongly approved the platform of Hon. Mackenzie King.

UTAH IS NOW DEBARRED FROM USING CIGARETTES

Salt Lake City, March 9.—An anti-cigarette bill forbidding the sale of cigarettes in Utah was signed by Governor Chas. R. Mabey today. The bill also prohibits other smoking in public places.

B. C. PHONE RATES UP?

OTTAWA, March 9.—The British Columbia Telephone Company filed with the board of railway commissioners an application for increases in exchange rentals and telephone charges amounting to \$297,000 per annum.

SLAYERS LOST IN THE CROWD; FIRED 21 SHOTS

MADRID, March 9.—All trace of the men who assassinated Premier Eduardo Dato last night was lost in the excitement attending the tragedy. The criminals were riding in a side car of a motor cycle and sped away and disappeared at a dark spot near the Premier's home. The assassins went close to Premier Dato's car and opened fire, twenty-one shots being discharged. The whole tragedy was enacted in a few minutes.

Hundred-Acre Farm Given Ottawa G.W.V.A.

OTTAWA, March 9.—The Ottawa Command of the G.W.V.A. has just been made the recipient of a hundred-acre farm in a woman's ownership on the Pontiac river, near Lady-smith, and about 12 miles from Shawville, Quebec.

Dr. Omar Wilson was the donor, and at his request, President David Loughnan and 1st Vice-President E. G. McFeat, of the Ottawa G.W.V.A., waited on the donor on Saturday when the latter handed over to them the title deeds of the property which is made over to the Ottawa Command absolutely.

It is understood there is a good maple bush on the property which should be useful in contributing materially to the funds of the association. The matter of the best use to which the property shall be put will come up for discussion at tonight's meeting of the G.W.V.A. in the club annex, Cooper street. At present it is thought that probably it might be used as a summer camp for veterans, but suggestions will be asked for, and a committee appointed to deal with the whole matter.

Separate Juries For the Garfields

WOODSTOCK, March 9.—A big surprise was sprung this morning when Montaigne Nesbit, counsel for the Garfields, announced to the Canadian Press that Denton and Norman Garfield, charged with murdering Ben Johnston here, would have separate trials.

This course was suggested by the Crown. He intimated that separate juries will also sit on the cases which it is said, will not be long.

PROCLAIM INDEPENDENCE.

WASAW, March 9.—White Ruthenians have proclaimed their independence from Russia, according to a Minsk report received here today. The Ruthenians referred to are those inhabiting what is known as "White Russia," comprising the southwestern Russian Provinces centering upon Minsk.

BLANCHARD PLACED ON TRIAL JUDGE DEROCHE HEARS EVIDENCE

Protease J. Blanchard was on trial this morning and afternoon before Judge Deroche on the charge of having, on June 11th, 1920, stolen a package containing \$291.98, the property of the Dominion Express Company. The information was laid by C.P.R. Special Officer William Graham, of Toronto. Mr. W.

HUNS SURPRISED AS ALLIED ARMY REACHES CITY

Dusseldorf Had Not Been Given Warning of their Coming.

AIRPLANES ON JOB.

Everything Carried Out as if There Was Real War on Hand

DUSSELDORF, March 9.—French and British airplanes flew over Dusseldorf this afternoon, while allied troops with machine guns were taking positions on the bridges and the roads and in the important factories. The inhabitants of the city had not been prepared by the newspapers for the determination of the allies to occupy additional German territory and were surprised this morning at daybreak to see Rhine boats mooring north and south of the city, loaded with troops and war material.

British troops and cavalry landed to the north and French artillery and engineers landed to the south of the city. The Anglo-French forces massed around Dusseldorf, while Belgian infantry, which had concentrated yesterday at Crofeld, crossed the bridge into the centre of the city.

The allied quartermasters have asked the mayor to give them possession of certain schools, besides the barracks and railway station, which have not yet been occupied.

Traffic with Oberassel, on the Rhine, has stopped, and telephonic communication with the town has been interrupted.

The administration of the newly-occupied territory will be the same as is at present applied in the Rhineland. German officials and employees will carry on affairs according to German laws and regulations, but under the general control of the allied troops.

GERMANS SEEMED PLEASED TO GET OUT OF LONDON.

LONDON, March 9.—The German delegates to the Reparations Conference have left London for Berlin, pleased to get away. Their departure was without incident, a number of persons, mostly German residents of London, being at the station to see them off.

Dr. Walter Simons, German Foreign Minister and head of the delegation and Major-General von Seeckt, German Chief of Staff, stood beside the train several times to be photographed.

The train carrying the German delegates from London had on board a number of British relief soldiers proceeding to join the British forces on the Rhine.

IN POLICE COURT.

James Wilson, arrested on a charge of trespass on the G.T.R. by Special Constable Harrison, was remanded in police court this morning for ten days.

For driving a car with last year's numbers, a motorist was fined today five dollars while another, who pleaded guilty to obstruction of auto markers paid a like fine.

On a charge of vagrancy a woman was, this morning, sentenced by Magistrate Mason, to an indefinite period in the Mercer Reformatory at Toronto.

ENTERING AN APPEAL IN ALIENATION CASE.

Kingston, Ont., March 9.—Notice given of an appeal to be entered in the case of Ray McGuire vs James McGuire, heard by Justice Rose and a jury at the recent sittings of the supreme court.

Ray McGuire sued his brother for \$20,000 for the alienation of his wife's affections. The jury awarded a verdict of \$15,000.

The appeal has been entered too late, however, and in order to have it heard, application will first have to be made to the court for a fiat.

COMING EVENTS

EVERYBODY COME TO THE drama, entitled, "Hime Ties," Wallbridge Town Hall, given by Marsh Hill talent on March 17th. m10-11w

Dr. H. A. Yeomans and Mrs. Yeomans left on the 11 o'clock train today for Miami, Fla., where they intend spending several weeks.
