

Last Night at Grenfell Hall

Mr. Jones's Lecture on the Dardanelles Well Received by Large and Appreciative Audience—Many Patriotic Solos Rendered by City Artists

A large and appreciative audience gathered in the "Grenfell" Hall last evening to hear Mr. W. W. Jones, Manager of the Institute, deliver his illustrated lecture on "The Dardanelles."

In choice and forceful language the lecturer described the peoples, customs, lands, etc., of the near East, which have played so important a part in this early history of civilization, and which to-day have an added interest because of the great struggle fought there by our own boys, to preserve the honour and stability of our Empire, and to safeguard our altars and our homes.

During the evening the audience was delighted by solos of a patriotic nature, rendered by Messrs. Chaplin, Trapnell and Courtenay. Perhaps never had the singers appeared to better advantage, and certainly never were their splendid efforts better appreciated.

At the close a hearty vote of thanks was presented to the lecturer and other performers by the Chairman, Mr. J. W. Taylor.

Police Court News

Judge Morris presided today. A drunk in charge of a horse was fined \$2 or eight days. The same man was also charged with driving his horse on the sidewalk and was let go, but not before he had received a lecture from the judge which should impel him to observe better conduct in future.

In the case of a man drunk for the fourth time this season, the judge had him put aside for further deliberation as to what is to be done with him.

Supreme Court

In the Supreme Court yesterday, before the Chief Justice, the case of the Crown vs. Kong Wah and Hong Wee, Chinamen, who were tried on a charge of the larceny of a watch and chain and diamond ring from one of their own countrymen, was concluded. Mr. J. R. Robertson, the foreman of the Special Jury on the case, announced a verdict of "Not Guilty."

Fined Ten Dollars

To-day a young man, a resident of Hr. Main, was before court for being drunk on the train, assaulting a brakeman and mail officer, destroying lights in a car and breaking the glass. He paid \$10 to cover the damages. Judge Morris dwelt strongly on the practice of drunken men causing disturbances on the shore train, and annoying the public and company. He felt like dealing severely with this case but that the company's counsel, Mr. W. J. Higgins, showed that the man bore a good character and never before caused trouble. He intimated that any such cases in future coming before him would receive the severest possible punishment. Mr. R. T. McGrath appeared for the man.

Must Answer Other Charges

The man Dawe who was sentenced Wednesday to 6 months for obtaining money under false pretences will come up in court to-day to answer several other charges of a similar kind. We hear that he will plead guilty to these, but that he will give bonds to pay back the monies thus received, and this will be taken into consideration by the Judge in determining any further punishment that may be meted out to him.

The C.L.B. Will Hold a Reunion

Thursday night next the members of the Church Lads Brigade, including the College Company, the Old Comrades and non-coms, will march from the C.L.B. Armory to Smithville where a concert will be held and a supper partaken of by all. They will leave the Armory at 7 p.m. and will march to Smithville and this festivity will replace the annual camp outing which could not be conveniently held the past summer. The lads are sure of a most enjoyable time.

Steer's Cove, of late, seems to be taking on the aspect of an open air lodging house. Last evening, just at dusk, Sgt. Furlong and Officers Kennedy and Wall happened to go down there when they found two men lying, overcome with liquor, just near the breastwork. The officers procured a cab and drove the drunks to the lockup.

We advise trappers to send their furs to Newfoundland Fox Exchange.

Volunteer Gets In Trouble

Last night at 10.20 Officers Wall and Kennedy were called to a house in the West End where a volunteer who was frenzied from liquor was in a bad state. The man was bleeding profusely as he had driven his right arm through a pane of glass in a window of the house, and had severed an artery, losing much blood. The police gave first aid and Dr. Cowperthwaite, who was called, stitched the wound. The man was taken to the station and on paying damages in court to-day was released.

More Unwholesome Food Seized

At dinner hour yesterday, Inspector O'Brien could be seen emerging from a well-known city restaurant on Water Street and depositing in a cab a case from which protruded the legs of a fowl. Doubtless, this was another seizure of bad food. Go on Inspector. The public are at your back. Show no favor, and this, we are pretty sure, you will surely do.

Volunteers Have Parade

Inspected by Governor Davidson Who Complimented Them On Their Patriotism—Governor Paid Fine Tribute of Our Dead and Wounded Soldiers

Yesterday afternoon the Volunteers, to the number of nearly 300, paraded to Government House, where His Excellency Lieut.-Col. Sir W. E. Davidson, inspected them. His Excellency addressed the men, who were in charge of Capt. Montgomerie and praised their smart and martial appearance. He extolled the fine patriotic sentiment shown by them in offering their services to the King in this great crisis of the Empire and made a special reference to the glories of the day they were celebrating so patriotically—Trafalgar Day.

Concluding he wished the men present and the Regiment to which they belonged all success and a safe and victorious return from the fring line to their native Terra Nova. Premier Morris, who was also present addressed the Volunteers in an encouraging strain, referred sympathetically to those who had died or had been wounded in action and also wished the men success and victory to their arms. The men then proceeded through the city and returned to the Armory.

Yesterday a man named Field was before the court to answer to the charge of having 2 goats wandering about within the city limits. He was ordered to destroy them and pay the cost of the summons. Judge Hutchings intimated that owing to the destructive habits of Capricorans in his pre-erations, in any future losses of the kind coming before him he will impose the severest penalties allowed under the civic regulations.

Caught Beating His Wife

While Detective Tobin was passing a residence of one of the streets on the higher levels last evening his attention was drawn to the conduct of a man who was abusing his wife and was about to assault her. The officer entered and no doubt saved the woman from ill treatment. He arrested the man, who in court to-day had to give two sureties in \$50 each for his future good behaviour or go down for 10 days.

The Police Seize Immoral Pictures

We learn that the police have now in their possession some coloured lithographs and other pictures of a very suggestive character and some of which border on the indecent and immoral. They are about the size of the average picture post card and were taken from some foreign vendors some time ago who were hawking them about Port aux Basques and Charnel. The action of the police authorities in the matter is to be commended and they intend to stop the sale of any subjects that might savour of immorality while no mercy will be shown to those who try to dispose of them.

OUR THEATRES

THE NICKEL

The week-end Nickel has been very tastefully arranged and it will attract the usual large audiences as everyone is interested in the thrilling "Trey o' Hearts." Cleo Madison and George Larkin appear in the most sensational situations this evening. The eighth episode will be given. It is very much more sensational than yesterday's. The Itagraph Co. will be seen in a powerful two-part social drama entitled "The Millionaire's Hundred Dollar Bill." Leah Baird and Leo DeLaney are featured in this beautiful story. The "Hazards of Helen" will be continued and the comedy is "Mr. Jarr Brings Home a Turkey" by the Vitagraph Co. The next big serial coming is "The Exploits of Elaine." Be sure and send the children to the matinee to-morrow.

ROSSLEY'S

Everyone should see the marvellous act to-night at Rossley's, Atlantis, Fisk and Jack in another of the famous acts with lots of good comedy. Miss Atlantis on the rolling globe, blindfolded juggling, was wonderful, but when Mr. Donald Fisk appeared on the globe blindfolded and stood on the huge ball and rolled it down a flight of steps, simply brought the house down. This great act must be seen to be believed. There was also a big patriotic display in the act which was greatly appreciated by the large and enthusiastic audience. To-night's contest will prove a great success as many names have been received. Children under fourteen can't take part, as sometimes they spoil the chance of an adult, therefore, only ladies and gentlemen can compete. The pictures are beyond compare. The great comedy picture had the crowd simply convulsed. The children's matinee Saturday should be seen by every child in Newfoundland. Look out for Miss Atlantis in her great statue posing act and fire dance.

The Crescent

A full change of programme is presented by this popular picture theatre to-day. The bill provided for the many patrons of the Crescent is both entertaining and interesting. A glance at our ad. in another column of this paper will show this. There are some sensational dramatic pictures such as "The Intriguers," "A Tale of Old Tuscon," "The Engineer's Peril" and "A Rare Companionship." The comedies are of a bright and very funny character and in the musical line Dan Delmer is nightly delighting big audiences with his incomparable local selections. None should miss to-night's show.

BRITISH THEATRE

The alterations at the British Theatre are progressing rapidly and it is hoped to have the Theatre reopened again on Monday night. It is a cosy picture palace, has been thoroughly cleaned during a week and with the new heating service which the management has installed, the place will be second to none in the City. The British will reopen with a first class entertainment and patrons can rest assured that the best—very best—pictures possible will be obtained.

DAYTON MONEYWEIGHT SCALES

MR. ARCH THOMPSON, of Duckworth Street, has just received one of the famous Dayton Moneyweight scales latest model. This is the finest scale that money can buy, and the owner of such a scale has the satisfaction of knowing that no merchants in any country has anything better. Three hundred of this type of scale in one order has been sold to the International Tea Co., of England. We understand this is the largest order of computing scales ever sold to one concern. Mr. M. J. O'Brien, of New Gower St., has just installed a "Dayton Moneyweight" scale of the Fan type, but of less capacity. Both these gentlemen appreciate the value of absolutely accurate scales which are not liable to get-out of order, and will last a business life time. They will be pleased to show the scale and explain its operation to any one interested.

Patriotic Concert Grand Success

College Hall Packed With City Folk Who do Honour to the Day—Concert Great Success—Magnificent Address by Bishop Jones

The patriotic concert held last night in the Methodist College Hall in aid of the Trafalgar Day Fund for the relief of our wounded soldiers and sailors, was greeted with a very large and highly appreciative audience. His Excellency the Governor gave the concert his distinguished patronage, as did His Grace Archbishop Roche and the Lord Bishop of Newfoundland.

His Excellency's opening address was of an intensely patriotic nature, eloquent and inspiring and he dealt with the great work being done by Britain in the present struggle, laying particular stress on the efforts of the colonies, especially of Newfoundland, which was nobly doing her share. Chairman Gosling of the Trafalgar Day Fund Committee then read the following telegram from His Grace Archbishop Roche:

"Regret exceedingly that I am unable to keep my appointment to speak at the concert this evening. Unavoidably and unavoidably detained. Kindly convey expression of sincere regret to the Committee; also convey best wishes for the success of the movement in aid of which the concert was arranged."

A selection by the C.L.B. band followed, after His Lordship Bishop Jones dealt with Trafalgar Day, referring eloquently to the work of Nelson who on this day 110 years ago established Britain's supremacy on the seas, a supremacy which has still been maintained, and will be maintained despite all opposition. The concert programme was then taken up and admirably carried out, those assisting being Mrs. King, Misses Strang, Ryan, Morris, Johnson and Mare; Messrs. King, Shea, Prizer, Ruggles, O'Neill, Button, Huskins and Cairns. The various items were given in a manner which evoked much applause and the music by the bands was, if possible, even better than usual. The National Anthem, played by the massed bands and sung by the audience brought the programme to a close.

Spanish Seaman Is Located

Inspector General Sullivan yesterday had his men investigate the case of the Spaniard who jumped overboard from a Danish vessel leaving Placentia some time ago. The man made his way to the city, saw Consul Morey and was sent home.

Prohibition Rally At Bay Roberts And Port-de-Grave

(To Mail and Advocate) Bay Roberts, Oct 22. Mrs. Howland and lady assistants have held successful and enthusiastic meetings at Bay Roberts and Port-de-Grave. In both places they were greeted with crowded halls. Splendid addresses were given by the lady speakers and intense interest was evident on all sides. Prohibition sentiment is steadily gaining ground and it is safe to say a large vote will be polled at both places for Prohibition on Nov. next. This Bay will poll a large vote for a "dry country" and better times.

Other vessels which have recently arrived have made very long passages to Brazil.

The S.S. Algorina, Capt. Carter, sailed last night for Philadelphia. She has been running all along on the Philadelphia-London route and carried here this trip because of the freight offering. The agents have heard nothing as to a sale of the ship to the Russian government, reported in one of the papers yesterday.

Over \$2,000.00 Realized Yesterday

The young ladies who yesterday sold the little ribbons, commemorative of Trafalgar Day, should indeed be gratified at the success of their patriotic philanthropic endeavours. We learn to-day from Mrs. John Browning, who energetically worked in the good cause, that the proceeds will amount well over \$2,000. Up to 1.30 p.m. the money had not been all counted and the work of doing this, suspended at that hour, will be resumed this afternoon. We heartily congratulate all concerned in the work which was undertaken for a most worthy object—affording relief to our wounded soldiers and sailors.

What the Bulgarian Minister to Russia Thinks of His Govt.

The Amsterdam "Telegraaf" correspondent in Petrograd confirming the resignation of the Bulgarian Minister to Russia, M. Madjaroff—says the envoy protested against what he termed "his country's ingratitude toward Russia," and said: "I am going back to Bulgaria to tell my countrymen the whole truth. I shall denounce my government whatever may be the consequences." It appears, according to the correspondent, that the Russian government is unwilling to give M. Madjaroff his passports, fearing for his safety in travelling back to Sofia.

Get Great Encouragement From City Folks—Good Work is Done by Committee—Big Meeting For Young Voters Monday Night

Last night again the Prohibition Canvassing Committees performed their work in the City with zeal and energy and the cordial reception accorded them from the first was again experienced. Many new men assisted in the work and others will take part in it this evening. A meeting of the Financial Committee was also held and it was shown that citizens are generously helping the Fund.

TO THE CENSOR

"Anglesea" Takes Exception to Some Utterances in Last Evening's Herald and Wants to Know What About it

(Editor Mail and Advocate)

Dear Sir, Some time ago I noticed in reading your very interesting paper that you evidently had been brought to task for inadvertently publishing matter in the shape of an item or so which was considered "de trop" under the present conditions of war existing.

Now if those publications of yours were considered to be "dangers" what must one think of the article in last evening's Herald, under the caption of "At the Dardanelles." While on the one side the matter presumably came from a reporter, who possibly hurriedly, and without mature consideration penned it, on the other we have the deliberate and carefully weighed utterances of an editor of many years standing, an "Honorable" too, a member of our local "House of Lords" and one who does not hide his "loyalty" and "patriotism" under a bushel. In the Colonial Secretary's proclamation referring to such publications, severe penalties are prescribed for journalistic utterances that might be "heartening to enemies of the Empire." Blue ruin for the Empire's forces in the Dardanelles is not alone indicated in the Herald's article, but presumed to have occurred, and reflecting and more or less amplifying the unpatriotic outbursts of the Northcliffe coterie in Britain, with whom the Hon. Editor seems to be "persona grata." There is apparent the sneer at Kitchener's appointment of Gen. Monroe. "Heartening the Empire's enemies" is it! Well, if this is not the real article, then I miss my guess. But what will Mr. Bennett, our Colonial Secretary do in the premises? That is the question.

If he stands by the law, then his Hon. Friend of Prescott Street will be put in a position where his effusive patriotism—that is of the particular brand of which the Herald is the exponent—will have time to cool off. The Germans and their kin in the United States, are closely watching the sentiments of the Colonial Press towards the war and the methods of conducting it. How they must gloat over the pabulum which the Hon. McGrath has been handing out of late and what satisfaction must be expressed when marked copies of such disloyal sheets as the Herald reach the proper quarters in the Fatherland. Now, methinks if the Mail and Advocate said about one tenth as much of a disloyal character as its contemporary has, very little would be seen of it for some time to come.

Recent attempts to muzzle this fearless Advocate of the People's Rights have demonstrated this. Now, Mr. Bennett, "what's sauce for the goose," etc. You know the quotation. Then act on it and show that you live up to the spirit of British fair play that must be inherent in you. Not alone will the whole people of St. John's watch your procedure in this case, but 40,000 fishermen, Britons all, in this loyal and patriotic Island of Terra Nova.

—ANGLESEA. P.S.—An article like the one alluded to printed on Trafalgar Day and accompanying eulogiums as to the heroic Nelson, in my estimation, intensifies the criminality of the screed I take exception to. It is a disgrace and a scandal that such Jeremiahs should be allowed to be sent broad cast to our loyal people, and to those of our sister colonies, to say nothing of our gentle friends—the Huns.
