MARKET REPORTS

CHICAGO, Sept. 15.—Wheat prices made giant swings with each report today of what seemed any important turn in the fortunes of war. After covering a range of nearly 5c, the market closed strong, 2⅝c to 2¾c above last night. Corn finished 1¼c to 1⅝c up, oats with a gain of 1⅜c to 2¼c, and provisions at an advance of 5c to 47½c.

WINNIPEG GRAIN MARKET.

WINNIPEG, Sept. 15.—Trading on the wheat market was quiet in the early hours and only a light volume in futures was transacted. Prices opened fairly steady, following Monday's collapse, and were stronger generally, ranging from 1⅛c to 1¾c over opening values. Oats opened ⅝c to ½c higher and declining later ¼c to ⅜c. Flax opened unchanged, easing ½c later on both months. War news had considerable effect on prices and a drop took place of about 1c when the big German reverse was rumored on the exchange. Prices recovered later, however, on the news standing unconfirmed.

Closing prices were ½c to 2½c higher for wheat and oats were ⅞c to 1c lower. Cash demand for wheat was poor.

Oats—No. 2 C.W., 47c; No. 3 C.W., 46c; extra No. 1 feed, 46c; No. 1 feed, 46c.

Flax—No. 1 N.W.C., $1.31; No. 2 C.W., $1.28.

Cash: Wheat—No. 1 northern, $1.07½; No. 2 do., $1.03½; No. 3 do., 99c; No. 4, 94c.

MONTREAL GRAIN MARKET.

MONTREAL, Sept. 15.—The foreign demand for new crop Manitoba spring wheat this morning was very limited. Prices for coarse grains were easy. A feature of the flour market was the stronger feeling in winter wheat grades and prices advanced 10c to 25c per barrel owing to the continued small offerings. The feeling in the market for spring wheat flour was firmer again today in sympathy with the reaction in wheat prices, but business is rather quiet. Demand for millfeed is good and the market was active, with a firm undertone. The trade in butter is rather quiet and chiefly of local character. Cheese is quiet. Demand for eggs good.

MINNEAPOLIS GRAIN MARKET.

MINNEAPOLIS, Sept. 15.—Wheat—Sept., $1.06¾; Dec., $1.09¼; No. 1 hard, $1.09¾; No. 2 do., $1.03⅛ to $1.05⅛.

Oats—No. 3 white, 43¾c to 44¼c.

Flour—Fancy patents, $5.90; first clears, $4.70; second clears, $3.25.

GOT GERMAN GUNS.

PETROGRAD, Sept. 16, (via London 3.36 p.m.)—Among the 400 guns taken from the Austrians by the Russians in Galicia are more than thirty-six heavy German cannon bearing the initials of Emperor William. These came from the regions occupied by the Sixth German corps. More than 4,500 German prisoners arrived to-day at Lublin in Russian Poland.

GROW MORE GRAIN

Conservation Commission Urges the Using of Every Acre.

In connection with the European war and its effect on the food supply of the world, the following bulletin, issued by the Commission of Conservation at Ottawa is of interest:

"Many farmers, when urged to try growing fall wheat, have excused themselves on the plea that it did not pay; but it is likely that for the next year or two there will be ready sale at good prices for every bushel of wheat grown in Canada. Every farmer should increase his production of grain next year by putting into use every acre capable of producing it. There are hundreds of acres in Central and Eastern Canada that would successfully grow fall wheat. By preparing the land immediately, a great number of farmers could sow at least a few acres each. No risk is being taken in so doing, as the extra cultivation for the fall wheat would increase the yield of a spring sown crop in the even of the wheat being winter-killed. The land would need only to be disked or cultivated to prepare it for spring grain.

"The grain production can also be increased by ploughing up the old unproductive meadows at once and sowing to grain in the spring. They should be ploughed shallow NOW and be packed and disked and kept worked until autumn, when they should be thoroughly ploughed again, ready to be worked early next spring. The importance of ploughing the land for next spring's crop early this summer, and keeping it worked during the autumn cannot be too strongly emphasized. Those who are now practising a systematic rotation might profitably increase the grain crop area next year, and to those who are following the old meadow plan of farming, a better opportunity was never offered to change to a systematic rotation by breaking up the old sod and putting in grain. It will pay to make use of every acre possible in producing grain, as it is sure to be needed."

ANTWERP'S HISTORY

Fortified City Once Most Populous in Continental Europe

Antwerp has always been regarded as Belgium's principal fortified stronghold. Although sixty miles from the sea it is still one of the greatest sea ports of Europe, because the broad and deep Scheldt river gives it an excellent outlet. Its population is almost entirely Flemish. Under Emperor Charles V. it is said to have been the most populous city of Continental Europe.

In the middle of the sixteenth century its population was 150,000. The great fairs held then attracted the great merchants of the world. Under the Spanish regime it declined and in 20 years fell to a population of 55,000. The treaty of Westphalia closed the Scheldt to seagoing vessels and it was not opened until the French did so in 1794. Napoleon undertook to revivify it, but it was surrendered to the English in 1814. It began to grow again but was almost ruined in the military operations of 1830 and thereafter.

Netherlands retained the right to levy navigation dues on the Scheldt, which laid a heavy hand on Antwerp until 1863, when the levy was commuted by the payment of about $7,000,000. The fortifications were built to serve as the rallying ground for the Belgian army in case it was overpowered in the field by a superior force.

NAPOLEON'S MAXIMS

The following are some of Napoleon's maxims, taken from H. A. L. Fisher's "Napoleon."

"Unity of command is a first necessity of war."

"Love is the occupation of the idle man, the distraction of the warrior, the stumbling block of the sovereign."

"The first quality of a commander-in-chief is a cool head."

"He lies too much. One may very well lie sometimes, but always is too much."

"A great captain ought to say to himself several times a day: 'If the enemy appear on my front, my right or my left, what should I do?' If he finds himself embarrassed, he is ill posted."

Following an Army

The track of an army over any country is disgusting; the dirt of it is hopelessly foul. Even the odd places where a few trains stop in war time become unclean. When an army tramps it leaves a dirty mark far each way on the right and left of it.

BRAVE BUT SAGACIOUS

PARIS, Spt. 16—A story has reached here of the courageous action of Mme. Macherez of Soissons. When the Germans arrived there, they demanded to see the mayor, who was absent. None of the officials responded to the call, whereupon Mme. Macherez went to the Germans and said: "There is no mayor here, but I am here and I answer for everyone and everything as you will have to do, if depredations are committed."

After disputing the requisitions and the conditions of the Germans, the courageous women saved Soissons on easy terms.

JAPS DROP BOMBS

TOKIO, Sept. 16.—It is officially announced that a Japanese aeroplane dropped bombs on the barracks of the Germans at Tsing-Tao and that the machine returned safely to its headquarters. The destroyer flotilla, operating from Lao Shan Bay near Tsing-Tao, drove in the enemy's patrols.

STARVING UHLANS

PARIS, Sept. 16.—A detachment of forty Uhlans who had been wandering in the woods of Fontainebleau since the engagement at Montmirail, was surrounded yesterday by a company of the territorial infantry. They were nearl famished and their first request was for something to eat and drink. Another detachment of Uhlans, captured near Uberge said when captured by the French troops: "Do what you like with us afterward, but first give us something to eat. We are dying of hunger."

ACCIDENT TO TROOP TRAIN.

PARIS, Sept. 16.—11.10 a.m.—A report reached Paris this morning of an accident near Meaux, 20 miles east of Paris to a railroad train carrying wounded men. The American ambassador received a telephone message asking that automobiles be sent.
