BOARD OF EDUCATION HELD A SHORT SESSION, COVERING ROUTINE BUSINESS

Matter of Fire Escape At Alexandria School To Be Enquired Into by Committee—Canadian Defence League's Project of Drill For School Children Endorsed—Mr. Coles' Resignation from the Board Accepted.

Verbal reports given by several members of the board of the recent educational convention in Toronto, and a discussion concerning a fire escape at Alexandria school occupied the greater part of last evening's meeting of the Board of Education, which even under those circumstances completed its session in slightly under an hour and a half. Chairman Armstrong and Messrs. Shepperson and Powell, all of whom attended the educational convention in Toronto, each gave a very full and interesting report of the particulars of the convention at which they were present. Mr. Armstrong regretted that every member of the board had not been able to attend, as a few could not take the whole conference many that time and money spent on the convention was well expended, was the opinion of Mr. Shepperson, who stated that he had learned much that would be helpful to him. Mr. Powell considered that the \$2,000,000 spent upon the hall where the convention was held (the Toronto Technical School) might have been better devoted to the erection of a number of less expensive buildings.

FIRE ESCAPE DISCUSSION.

The matter of a fire escape at Alexandria School was introduced by Mr. Towell, who expressed the opinion that the buildings and grounds committee consider the matter and report as soon as possible.

Dr. Gamble desired to know whether the results were satisfactory as at others. Mr. Armstrong replied that he had been present at two tests, and both had turned out well. In the case of panic, however, it was pointed out that the fire trap it was pointed out that the stairs were narrow and winding, and ran through the centre of the building, there being no exits. In the Alexandria school was more poorly equipped than the other schools. Inspector Kilmer explained that lights had been installed in the top floor, and the teachers were to have a light color, both of which would be of assistance if the halls were filled with smoke. Mr. Coulbeck inquired whether the third floor of the school was not about to be abandoned.

Mr. Lane criticized the architecture of the school in strong terms, designating it "the most disgraceful structure ever put up." The present board, he stated, should not be saddled with the responsibility for such a piece of work.

FIRE PROOF ROOF.

The roof of the furnace room, observed Mr. Shepperson was fire proof, which was a source of danger. Nevertheless, he would like to see a fire escape installed, "if only for the kids to practice on at recess."

Upon the motion of Mr. Shepperson, seconded by Mr. Powell, the buildings and grounds committee was instructed to consider the matter, and to report to the board as early as possible.

Mr. Lane supported by Mr. Powell, moved in amendment that the committee be instructed to have the work done at once, in order to save time, but Mr. Shepperson pointed out that the cost of the work might overtax the appropriation allowance of the committee. The resolution, as first drawn up was, therefore, withdrawn.

COMMUNICATIONS.

Capt. W. N. Andrews, chairman of the board, occupied the chair for the first time since his enlistment and called the meeting to order at 8:15. The minutes of the last meeting were read and approved, following which communications were read as follows:

From M. E. McKenzie of the Bank of Toronto, concerning a circular issued by the Provincial Department of Education, on the subject of "British"; from the secretary of the Guelph Board of Education, enclosing copies of resolutions drawn up by that board and asking that they be printed; and from Mr. Shepperson, recommending that it bear his full name or else that of her occupation, as all other mountains are named after men; the other advised that the age of compulsory school attendance be raised to the close of the 12th year.

Miss M. Bell asking that her leave of absence be extended to September; from the principals of the various public schools of the city, asking that the board reconsider its resolution not to issue printed examination papers for the midsummer exams; from Sapper J. C. Coles, tendering his resignation from the board and expressing gratitude for the appreciation of his services shown by that body; from the Canadian Defence League recommending that military drill for boys be introduced into all public and high schools, and that no certificates be granted in future to teachers who have not qualified as instructors in either physical drill or military drill, according as they were male or female; from Mr. C. L. Gamble, making application for entrance examination at the Y. M. C. A. asking the co-operation of the board in the matter of teaching school boys to swim; from Principal Burt of the Collegiate, giving the record for the month of April, which showed a total enrollment of 489 and an average attendance of 451, leaving left during the month of April, and from Public School Inspector Kilmer, whose monthly report was as follows:

Table with columns: Schools, Enroll, Av. Att., P.C. Rows include Central, Alexandria, Victoria, King Edward, Eversen, Dufferin, King George.

Totals 2946 2743.9 93.2 Kindergarten: Central 43 35.9 83.6 Alexandria 61 56.0 92.0 Victoria 44 36.7 81.8 King Edward 56 49.9 89.3 Eversen 23 17.6 76.4 Dufferin 34 29.3 86.1 King George 40 34.9 87.1

Totals 301 260.3 86.5 Secretary-Treasurer Bunell also acknowledged receipt of \$70, being the board's share of fees received from the Lower School examinations, on motion of Mr. Armstrong, seconded by Mr. Lane, the resignation of Mr. C. Coles from the board was accepted. The other communications were referred to the management committee, which then submitted its report. In the matter of the suspended pupil of a pupil of the Collegiate Institute, the books and papers had been submitted to a handwriting expert, who did not exonerate the pupil. It was felt, however, that the latter had been sufficiently punished, and he had accordingly been reinstated. The request of Miss M. Bell for extension of her leave of absence was granted. The proposal of the Canadian Defence League was endorsed by the board; Mr. C. L. Gamble was appointed one of the presiding officers at the summer entrance examination, and Miss Edna C. Lavis was appointed to succeed Miss McLachlan. The request of the public school principals for printed examination papers at the coming summer examination was granted.

B. AND G. COMMITTEE REPORT.

The report of the Buildings and Grounds committee recommended that the committee be authorized to purchase flowers for the various schools, and that its action in making temporary arrangements for a janitor for King George School be confirmed.

The finance committee advised the payment of a number of accounts. Inspector Kilmer pointed out that owing to an influx into the various kindergartens throughout the city, a number of extra tables and chairs were required and the Buildings and Grounds committee was instructed to make the necessary purchases immediately.

The business on hand being thus finished, the meeting was adjourned. Mr. W. N. Andrews, Dr. Gamble, Messrs. Armstrong, Coulbeck, Lahey, Powell, Shepperson, Inspector Kilmer and Principal Burt of the Collegiate Institute.

LAST MESSAGE OF TOWNSHEND

Everythign Humanly Possible was Done to Hold Out. London, May 5.—In the House of Lords yesterday Field Marshal Earl Kitchener, the Secretary for War warmly eulogized General Townshend and the defenders of Kut-el-Amara, and read General Townshend's last dispatch, which is as follows: "We are pleased to know that we have done our duty and recognize that our situation in one of the fortresses of war. We thank you, General Goringe (commander of the British relief army) and all ranks of the Tigris force, for the great efforts you have made to save us."

Lord Kitchener said he was glad of the opportunity to pay tribute to General Townshend and his troops, "whose dogged determination and splendid courage had earned for them so honorable a record."

After a series of brilliantly fought engagements, continued Lord Kitchener, General Townshend decided to hold the strategically important position at Kut-el-Amara, and it would not be forgotten that his dispositions for the defence of the place were so excellent that the Turks, notwithstanding their numerical superiority, were not able to penetrate his lines. The House would not fail to realize the War Minister believed, how tense was the strain upon these troops, which for more than twenty weeks held their positions under conditions of abnormal climatic difficulty and on rations calculated for protraction to the farthest period until, as it proved, imminent starvation compelled their capitulation.

Gen. Townshend and his troops in their honorable captivity, added Lord Kitchener, would have the satisfaction of knowing that in the opinion of their comrades, which was shared by the House and the country, they did all that was humanly possible to resist to the last, and the surrender reflected no discredit on the record of the British and Indian armies.

Every effort had been made, said Lord Kitchener, to relieve the beleaguered garrison, and adverse elements alone were responsible for the

THIRD DEATH WITHIN A YEAR

Pte. Richard Clawsey's Father and Brother Died Only Recently

Pte. Richard Clawsey, the account of whose death appeared in yesterday's Courier, was one of the best known ball players in the city, having played with the Duffs for several seasons. He was known as "Dick," and was very popular about town. He has two brothers in khaki, Fred, who was with him at the front, and Frank who is now in training.

The news of his death which came yesterday in his mother at 98 West Mill street, was a heavy blow to her and the family. Mrs. Clawsey is now quite ill. The father died a few months ago, and a brother of Richard's died a few months later. Yesterday morning, Mrs. Clawsey received a letter from her son Fred, in which he stated he was with Richard and both were having a fairly good time. An hour later, the cablegram announcing Richard's death came in to her hands.
