Items from the Horticultural Club

Next month you will be receiving your spring catalogues, so start planning how you will lay out your lawn and garden for the summer, also planting out trees along the roadside. Do not plant Maples any closer than forty feet, many of the streets in Waterdown are spoiled by trees being placed to close.

Now for a hedge or planting of shrubs massed around the boundaries of a garden forms a perfect setting for the garden picture; a harmonious background against which the bright colored peonies, poppies, phloxes, etc. appear in their great advantage.

Now there are many beautiful hedges, but have you tried to grow the Rose of Sharon (Althea) Our Lord is called by the Prophet the Rose of Sharon. It is a fine tall growing shrub of dark foliage that once planted is good for a life time. Blooms the first year it is planted. Always a symmetrical, upright grower, well clothed with a dark green foliage and bears every year without fail, a profusion of large showy double flowers, white, red and blue, as large as a Rose, from August until frost. Try them they are sold at 35 to 50 cents each delivered.
