How Concrete Work Was Made Easy For You

UNTIL a few years ago farmers considered concrete a rather mysterious material, that could be used successfully only by experts. They knew that upon the quality of the cement depended much of the success of concrete work. They had no means of testing cement, such as big contractors employ, and so could not be sure of its quality.

Yet the farmer needed concrete. He was kept from using this best and most economical of materials by 1. Lack of knowledge of how to mix and place concrete. 2. Lack of a brand of cement upon the quality of which he could absolutely rely.

Canada Cement

has supplied both these requirements. We employed men to make a thorough investigation of the farmer's requirements; to find out where and how he could use concrete with profit to himself; to discover all problems he might come across and to solve them. This investigation was expensive. But when it was completed we had the material for our campaign to show the farmer how and where to use concrete, and we printed a book, "What the Farmer Can do With Concrete," for free distribution. That book makes every farmer who reads it a concrete expert, as far as his needs are concerned. He finds that there is nothing mysterious about concrete—that a few simple rules supply all the knowledge required.

At the same time we met the farmer's second objection—inability to test the quality of cement—by producing cement of a quality that does not need to be tested.

The Canada Cement that you buy by the bag is the same Canada Cement that is sold by the train-load for great elevators, buildings and bridges.

Freckle-Face

Sun and Wind Bring out Ugly Spots, Now to Remove Easily

Here's a chance, Miss Freckle-face to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of ointment—double strength from Clark's Drug Store and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength ointment as this is the prescription sold under guarantee of money back if it fails to remove freckles.

A hen that has laid 660 eggs in three years has a right to have her name in the newspapers. This is the remarkable record of "Cornell Supreme," the prize hen of the poultry department of Cornell University. Poultry mens say that no hen ever did so well before. The eggs weighed 86 pounds—almost twenty-six times as much as the hen.

A telephone message to the Monitor last evening conveyed the news of the sudden death of Mr. William H. Merry of East Inglesville, aged seventy-four years. The deceased had been to the well to draw a bucket of water and on returning dropped dead just as he reached the house. Mr. Merry and his wife had been living alone, his family having grown up and made homes elsewhere.—Monitor.

Minard's Liniment Cures Diphtheria

MINARD'S LINIMENT CO., LIMITED Yarmouth, N. S.

GENTLEMEN,—In January last, Francis Leclaire, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work. SAUVER DUVAL, Elgin Road, L'Islet Co.,

Closing of Acacia Villa School

The closing exercises of Acacia Villa School, Hortonville, held on Wednesday evening were of a very successful and interesting nature. A fine program was presented, among those who assisted were Miss Helen Beckwith, of Wolfville, who sang several selections, and Miss Ruth Hartt, of Halifax, who gave a number of readings. Addresses were given by Rev. Dr. Borden, Rev. Dr. Stewart, Rev. G. W. Miller and Dr. Henry Chipman. About fifty pupils have been in attendance at the school during the year, and much good has been done. The school is in a very prosperous condition and the past year has been a particularly successful one.

The prizes were then awarded as follows:

Dr. Chipman, \$5 cash prize for essay on "My Favorite Author and Why I Like Him"—Harold Parks.

Principal's \$5 cash prize for intermediate reading, spelling and dictation—Jack Lewis.

Principal's \$5 cash prize for same, junior year—G. Woodworth and A. Stanley.

Mrs. Stuart Trenholm, \$5 cash prize for best work in music—Guy Saunders.

Book prizes as follows:

Arithmetic—Intermediate, Douglas Bentley; junior, Cecil Morris; preparatory, J. Parker.

Geometry—Intermediate, Francis LeCain; junior, Douglas Bentley.

Algebra—Senior, Granville Burrows; intermediate, Douglas Bentley; junior, Dan McKay.

Geography—Intermediate, Douglas Bentley; junior, Geoffrey Woodworth.

Latin—Senior, Jack Lewis; Intermediate, Douglas Bentley.

French—Intermediate, Guy Saunders.

English Grammar—Senior, Guy Saunders; Intermediate, Douglas Bentley; junior, Geoffrey Woodworth.

Penmanship—Jack Lewis.

History—Intermediate, Frank Zwicker; junior, Caleb Horne.

After the presentation of prizes, certificates for proficiency in shorthand were given Misses Bowser, of Grand Pre; A. J. O'Brien, of Windsor; and L. B. Redden, of Black River; Master Guy Saunders, of Plainfield, New Jersey, who has been at the school for five years; entering at the age of nine years, has completed the senior class work, which prepares a student for matriculation, except that he requires another year in Latin and French. A certificate was given him to the effect, and he plans another line of work for next year.

Addresses were given by Dr. Chipman, Dr. Borden, Dr. Stewart and the Rev. G. Miller, of Wolfville, all expressing their enjoyment of the evening's program and their keen appreciation of the good work done by the school and the very important place it fills in the moral, religious and educational work of the province.

Lightning's Strange Freak—At Port Hastings Monday evening, lightning struck the house of Daniel McQuarrie. It tore the floor down to the second floor, and nearly one side out of the house, broke every window, smashed dishes and pictures and a large mirror. Strange to say all the glass disappeared as well as two pieces of the frame. Not a bit of it could afterwards be found. Mr. McQuarrie's mother was in the house alone at the time, but was uninjured, beyond the fright and shock.

Mr. Heatley, assistant at the Middleton hatchery, arrived in town on Wednesday and yesterday deposited 50,000 salmon fry in Lake Hooper and 75,000 in Pearl Lake. Another supply, 50,000 is expected from Middleton, and still another from Windsor.—Yarmouth Times.

PURE BLOOD MAKES HEALTH

Disorders of the Blood are Cured by Dr. Williams' Pink Pills

If people would realize the importance of keeping the blood rich and pure there would be less sickness. The blood is the medium through which the nourishment gained from the different parts of the body. If the blood is impure the nourishment that reaches nerves, bone and muscle is tainted with poison and disease follows. The blood is also the medium by which the body fights off disease. If the blood is thin and watery this power of resistance to disease is weakened.

Dr. Williams' Pink Pills for Pale People build up the blood. They increase the ability of the body to resist disease. They strengthen the nerves, increase the appetite and cure every disease caused by thin and impure blood, and that embraces such diseases as anaemia, indigestion, neuralgia, nerve exhaustion, rheumatism, and many others. Every claim made for this medicine is amply proved by the grateful testimony of those who have been cured. Here is one instance: Mr. Jas. Sager, Peterboro, Ont., says: "I began to be troubled with dizzy spells. These were especially noticeable in the morning on rising and were accompanied by a feeling as if my body had taken on two or three times its weight during the night. When I went out of doors everything would suddenly seem to get topsy-turvy for a few moments, and I would apparently see spots floating in front of me and for a while I could hardly drag myself along. This feeling at first only lasted for a few minutes, but as time went on the duration of the spells seemed to increase. Whilst during the day I would be suddenly attacked with dizziness compelling me to hold on to something until the feeling passed. I had in the meantime been taking various blood tonics, as I was convinced my condition was due to my blood being out of order. None of these, however, seemed to have any permanent effect. For a little while I would be fairly well, but as soon as I quit using them the attacks used to come with renewed vigor. One day I came across an advertisement of Dr. Williams' Pink Pills and decided to try them. I soon noticed a more decided improvement than I had felt before. The dizzy spells were becoming less frequent and less violent, and by the time I had taken six boxes I was well again. From former experience I had some fears that the trouble might return, but now, four months after discontinuing the use of the pills, I have had no return of the trouble. In fact I never felt better than I do now, and I think nothing can equal the Pills as a blood medicine."

The Pills are sold by all medicine dealers or can be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

The Moncton Baptists intend to replace their burned Church with a modern building valued at \$40,000. After the debt of \$8,000 is paid there will be \$20,000 of the insurance available for the building fund. After the committee is through its canvas for subscriptions, it is expected that the larger portion of the balance will be in sight.
