GREAT CLOSING OUT SALE

Continues at

MICKLEBOROUGH'S

The arrival of new spring goods necessitates the continuance of this sale. The weight of the present stock has made it impossible to close our sale within the specified time. We still hold our premises for another 30 days for the purpose of clearing out all lines of dry goods, clothing, boots and shoes, carpets and house furnishings, fur garments, etc., at prices that will leave no margin of profit to us.

WE DROP BELOW THE
COST IN MANY LINES

This gives you all the benefits of up-to-date stocks at less than cost. This is the biggest bargain event that has ever happened for years in Regina. Don't delay as our stock consists of a big range of goods for spring wear that has come to hand during the past month, this is included in the sale. Remember your chance is passing—don't miss it.

A CONTRAST.

The wreck of the Austrian-Lloyd steamer Imperatrix on the rocky shores of the island of Crete affords a striking contrast to the recent sinking of the steamer Larchmont. In the latter case out of some nineteen saved, only one passenger was included, the balance all being members of the crew and including the captain of the wrecked vessel.

Of those on board the Imperatrix, according to the reports so far to hand, every passenger, to the number of about a hundred and ten, was saved, while the crew, numbering about forty souls, perished in the angry waters.

The captain of the Larchmont left his post while scores of helpless passengers were still huddled terror-

—but their names will be imperishably engraven on the long list of heroes connected with the annals of the sea. In the testing hour they lived up to the best traditions of the calling which has in its time produced so many men of heroic mould.

How are we to account for the difference in the conduct of the two crews? Why the splendid heroism of the men of the Imperatrix and the sordid cowardice of those composing the Larchmont crew? The question is not an easy one to answer—impossible, perhaps, to wholly answer. It is likely, however, that much of the difference was due to the differing calibre of the two captains. Panic is contagious, especially when it works from the top downwards. A craven leader will make cowards of his men, while a hero will in most cases make heroes. The personality of the captain is the all-important consideration in such catastrophes as overtook the Larchmont and the Imperatrix.

The action of the Dominion Government in enacting legislation providing for the inspection by officials of the Government of all patent medicines sold in Canada will commend itself to all. The chief provision of the new Bill will compel all manufacturers of patent medicines to submit their preparations to the inland revenue department for analysis before they shall be allowed to put them on sale in this country. This will involve the filing of their formulae with the department, a course which is likely to provoke considerable opposition on behalf of the patent medicine men; but, as they can be assured of absolute secrecy, their objection may not be material.

GILBERT'S FIGHT FOR LIFE EF SUPREME COURT

APPEALS FROM JUDGMENT OF SUPREME COURT OF NORTH-WEST TERRITORIES.

Appellant Found Guilty of Murder Is Now Under Sentence in Regina Jail Awaiting the Result of the Present Proceedings.

Special to The Leader.

OTTAWA, Feb. 25.—In the Supreme Court today the criminal appeal in Gilbert vs. the King was taken up. The appellant, now under sentence in Regina jail, appeals from the judgment of the Supreme Court of the North-West Territories which confirmed the conviction at the trial for the murder of a man named Henderson, Mr. Justice Wetmore dissenting. The application of prisoner's counsel the trial judge reserved a case upon two questions as to the admissibility of evidence objected to, but he refused to reserve a third question as to his charge to the jury before the full court at Regina. All the questions were argued, the Attorney General taking part on behalf of the Crown, although there was no order taken out as to an appeal in regard to the third question. The dissent by Judge Wetmore was as to the second question only. After hearing argument by counsel for appellant as to whether or not an appeal could lie upon the three questions raised the court decided, for the present at least, to hear counsel on the three objections taken. The first question relates to objections to evidence as to what was said by the deceased to certain witnesses before he died, admitted by the trial judge as part of the evidence, while it could not serve as proof of dying declaration. The objection to the judge's charge was his stating to the jury that there was no evidence to justify reducing the verdict from murder to manslaughter, but that they were warranted in finding a verdict of guilty of murder or not guilty.

Chrysler, K. C. and James Balfour (Regina) appeared for the appellant; Leitchford, K. C. for the Crown.

The hearing will be continued tomorrow morning.

DIFFERENT TO THE LARCHMONT

ALL PASSENGERS OF WRECKED VESSEL SAVED—CREW LOST.

By Associated Press

TRIESTE, Austria, Feb. 25.—The Austrian-Lloyd steamer Imperatrix, while bound from Trieste to Bombay, ran on the rocks last evening near Cape Elaphron on the island of Crete and sank in a short time.

The Imperatrix carried, including passengers and crew, some 150 souls. A telegram received from the company's agent at China, Island of Crete, stated that the passengers have been rescued but that the crew, numbering some forty souls, perished. The rescued are too exhausted to give a coherent account of what happened. The steamer of the vessel is the only portion above water.

Three go to G.T.P. construction co. and two to Ottawa firms.

Special to The Leader. Feb. 25.—Contracts for the construction of five sections of the Grand Trunk Pacific were let to day by the government, and in each case the lowest tender was accepted. The Grand Trunk Pacific Construction Company will build three of the sections and Ottawa the other two. The cost of the work contracted for will be in the neighborhood of thirteen millions for the 457 miles, or about \$28,000 a mile. There are under construction of the government section of the road some 552 miles, or one-half of the distance from Winnipeg to Montreal. The route through New Brunswick has not yet been definitely decided on. The official announcement will be made tomorrow.

HON. WALTER SCOTT TALKS COAL FAMINE

TELLS OTTAWA PAPER FUEL QUESTION WILL BE TAKEN IN HAND.

(Ottawa Free Press)

Hon. Walter Scott, Premier of Saskatchewan, passed through the city Tuesday en route for the West Indies, where he goes to spend some time recuperating. The Premier shows the effects of his recent severe illness, and is reduced to a mere shadow of his former self.

To a Free Press reporter, Mr. Scott stated that he still felt weak from his illness, but hoped to return from his trip in a condition to proceed with his work.

"One of the first things we are going to deal with," said the Premier, "is a plan by which we will be able to get coal to the different towns. The experience of this winter will not soon be forgotten, and if we do not take some action the people will never forgive us. Various plans have been suggested, among others that the Government operate the coal mines, of which there are a great many in different parts of the country. It is suggested that we make an arrangement with the railroads by which they will have to carry the coal. Regina has suffered perhaps as much as any of the western towns from the coal shortage, and the people out there show a strong feeling toward government ownership of the coal mines, but also of the railroads to distribute it. However, we will discuss all these questions before next winter, and hope to have different arrangements completed by that time."

CHANGES ON C.P.R. WESTERN LINES

POSITION OF SUPERINTENDENT OF TRANSPORTATION ABOLISHED.

Special to The Leader.

WINNIPEG, Feb. 25.—Four circulars were issued by Mr. Wm. Whyte, second vice-president of the C. P. R., this morning. The first of these appointed Mr. G. J. Bury, at present in charge of the central division, to the position of general manager of all the Western lines of the company. The second appointed Mr. H. Marpole, general superintendent in charge of the Pacific division, to an executive position in British Columbia, with general charge of matters of chief interest to the company in that portion of the West. The third appointed Mr. J. E. Schweitzer to the position of assistant chief engineer with headquarters at Winnipeg. The fourth circular abolished the position of superintendent of transportation, a position formerly held by Superintendent Price.

Two circulars were also issued by Mr. Bury in his new position as general manager of Western lines. The first of these named Mr. F. P. Busted as general superintendent of the Pacific division, with headquarters in Vancouver. The second circular named Mr. Price, former general superintendent of the central division, succeeding Mr. Bury.

BUTTE WANTS ITS NEWSPAPERS

MERCHANTS COMPLAIN OF GREAT FALLING OFF IN TRADE.

BUTTE, Mont., Feb. 25.—The suspension of publication by the four daily newspapers in Butte and Anaconda has had a remarkable effect on all business in Butte. For a week now no daily has been printed.

Merchants have been trying to meet the situation by advertising in the dailies of Helena and Missoula, but the results in Butte, but with unsatisfactory results. Citizens have taken up the question as a serious one, and the miners' union has been appealed to take a hand in the settlement of the trouble and adjust labor conditions in Butte. A petition to the union asks them to appoint a committee to fix wages for all the smaller unions and prevent constant unrest and labor demands which is argued always react upon the miners themselves, who pay the bulk of the increased cost of living in Butte.

The newspaper publishers have declared they will not resume publication unless the printers accept a 50 per cent per day reduction in wages and make other concessions in International Typographical Union rules. It seems to be the understanding that at least two of the dailies, one evening and one morning paper, will never resume publication. The moral effect on the community, which has always been extremely tolerant of labor demands, is striking, and for the first time in the history of things in Butte denunciation of labor unions can be heard on all sides.

Points of View.
