A Field Meeting will be held in the grove near the Methodist Church at Greenbush on Sunday, August 5th. There will be three services—at 11.30 a.m., 2.30 p.m. and 7 p.m. The Rev. John Webster will be present and preach.

The station buildings have been improved by the building of a platform, extending over 100 feet along the front of the station house and track. The platform also extends across the end of the building and partially along the rear.

Mr. Wm. Dempster, of Gananoque, has purchased the dapple grey toam of carriage horses from Mr. Wm. Edgers, of Frankville. The price paid is said to be \$400. William has secured the best carriage team in the county, and he deserves them, as he is a good buyer and also a good fellow.

The popularity of Charleston Lake as a summer resort is increasing every year. Nearly every island at the north end of the lake has either a cottage or tent erected upon it, while the islands at the south end, are fast being occupied. Posters are out asking for tenders for the masonry of the Black Rapids bridge wer the Gananoque River. Tenders will be received by Mr. Jas. Berney, Lyndhurst, up to 3 p.m. August the 9th. It was understood that this contract had been let to Mr. MacDonnell, of Gananoque; but there seems to have been a hitch which rendered necessary the inviting of new tenders. The iron superstructure, of 80-foot span, will probably be erected by the Central Bridge Works, of Peterboro. Mr. B. J. Saunders, C. E., prepared the plans for this bridge. The work will cost about \$8,000.

An illustration of this is to be found in the case of S. Moore, of Iroquois. For thirteen years he drove a tin waggon for a firm in his native village, and when after a year of fluctuating success and failure with another firm, he applied to his old bosses for reinstatement, he was gladly given for reinstatement, he was gladly given a position and the best rig of the firm. During the past few weeks he has been busily engaged in this neighborhood gathering up maple sugar for his employers, and has already sent two wasgon leads to them over the G.T.R., and on Friday last took all his horse was able to draw overland.
