A PICTURE

Of health, we say of a perfectly healthy woman, and it is a picture everyone loves to look upon. All the pictures of all the artists who have ever painted the glory and beauty of womanhood are only copies and imitations of this picture.

Never artist mixed a color on his palette that can vie with the hues which tint a healthy woman's cheek.

Why should this charm be sacrificed to sickness? It need not be.

Save in rare cases. The general health of woman is so linked with the local womanly health that wasted cheek and sunken eye

are in general but evidences of womanly diseases. Cure the diseases and the physical health is restored.

Dr. Pierce's Favorite Prescription cures the ills of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Mrs. Mary E. Lewis, of Tanner, Glimmer Co., W. Va., writes: "I shall always recommend Dr. Pierce's Favorite Prescription. Golden Medical Discovery and Pleasant Pellets, for they cured me from doctors and other medicines failed. For fifteen years I suffered untold misery. When I commenced taking Dr. Pierce's medicine I had given up all hope of ever getting well. I could not lie down to sleep, and everything I ate would come back. I was very nervous and could hardly walk across the room. I only weighed ninety pounds when I commenced taking these medicines six years ago; now I weigh one hundred and forty pounds and am having better health than ever before. My friends all say they can hardly believe that I am the same person; after being sick so long I have changed to be robust and ruddy checked."

Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

Theatrical

MOVING PICTURES.

The Pan-American Moving Pictures Co., was the bill at the Grand last night and played to a very small audience. The pictures were clear, distinct and good. The coronation scenes were especially good; also the panoramic views of Kicking Horse Pass. The latter are taken on the front of an engine and one on the pictures almost imagines he is travelling through the tunnels and around the sharp curves. The comic pictures, too, created much mirth.

The company gives a matinee this afternoon to the young folks and this evening will change the program from last night.

Modern Martyrs.

The age of martyr is not passed. There are thousands of women all over the country enduring physical torture and mental anguish almost beyond description. They are not victims of persecution like the martyrs of old; they are not called on to face the scaffold or the stake; but their sufferings borne in silence and hidden from the world at large, are scarcely less intense.

These ladies, as a rule, are women and girls of refined and sensitive temperaments. Knowing that their sufferings are due to a disordered condition of the female functions, their native modesty deters them from seeking relief in the earlier stages; and when they do consult a physician they usually get some drug mixture to take internally which is not more effective for troubles of this kind than it would be for a toothache, a bruise or any other strictly local ailment. The seat of the trouble being in some one of the female organs, the remedy to be effective must act on this portion of the anatomy.

This is the secret of the success which always follows the use of ORANGE LILY in derangement of this kind. It is strictly local treatment. It is absorbed directly into the parts that are inflamed and congested, and its beneficent, soothing influence is noticeable from the start. The irritation of the delicate membrane is relieved; the congestion is overcome by the discharge of the watery matter which served to oppress the nerves and cause mental depression; the nerves are toned and invigorated; and the sunshine and joy of life again becomes part of her being.

READ THE FOLLOWING LETTERS:—

Archer, Ont., Feb. 1, 1902.
Dear Mrs. Currah—I received your kind letter some time ago, but was feeling so well and not needing medicine that I neglected replying sooner. I must say I have more confidence in ORANGE LILY than in any other thing I ever used. Before I knew or found out anything about this medicine, I doctored away hundreds of dollars, and when I thought I was dying with inflammation of the womb, a box of ORANGE LILY was sent me through the mail from a friend. The first suppository I used I was greatly relieved, and in a few months completely cured. That was nine years ago this winter, so you can imagine with what esteem I hold your ORANGE LILY. I am thankful there is such a relief for poor suffering women, for I have been one of them and can sympathize with others.
Your sincere friend,
MRS. NORMAN WEAVER.

Brinsley, Ont., Feb. 3, 1902.
Dear Friend,—I always feel glad to hear from you. I am real well and feel so much indebted to you and Dr. Conoley for my good health. I am so strong now that I will not need any more medicine unless I overwork myself, and that is very easy for a woman at my age to do. I am 53 and have seven in family to work for and four men boarders besides. Now, don't you think that is pretty good for your medicine? People wonder when I tell them about ORANGE LILY, but if I were to tell them you would cure them for nothing, I believe they would try it. But most of them would rather undergo an operation than do so simple a thing as I have been doing. Please tell Dr. Conoley I am cured of womb trouble. I can testify to its wonderful curative properties, and for building up the nervous system and general health. I enclose \$1 for a box to have it in the house in case I overdo myself.
Yours very truly,
MRS. GEO. LEE.

ORANGE LILY as a remedy for these ills, as well as for leucorrhoea, painful periods, irregularities, cancers in their earlier stages, tumors, displacements, lacerations and all ovarian troubles, has long since passed the experimental stage. So confident am I of this that I will send 10 days' treatment, which is worth 35 cents, to any sufferer ABSOLUTELY FREE. The treatment is inexpensive, used at home, and no physician is necessary. Send at once for the

FREE TRIAL TREATMENT

which will demonstrate that ORANGE LILY will cure you. Enclose stamp and address Mrs. Francis O. Currah, Canadian Rep. Conoley Med. Inst., Windsor, Ont.
