FIERY SPEECH BY O'CONNOR

Government Denounced Because of Refusal to Extradict Sergt. Sheridan.

Sheridan, While in Irish Constabulary, Convicted Innocent People by Perjury.

London, Aug. 8.—On a motion providing for the third reading of the appropriation bill, in the house of commons today, T. P. O'Connor, Irish nationalist, made a fiery fighting speech, in which he re-stated the grievances of Ireland, vigorously denouncing Sergt. Sheridan. He described Sheridan as a perjured villain, who, while in the Irish constabulary, falsely convicted innocent persons. Mr. O'Connor very strongly attacked the government for its refusal to extradite Sheridan from his retreat at Lowell, Mass.

George Wyndham, chief secretary for Ireland, declined to further discuss the Sheridan case, but promised that if Irish landlords combined and resorted to such practices as boycotting and intimidation he would take much pleasure in summoning the offenders before magistrates.

Although official announcement will not be made until to-night, the Earl of Dudley has been appointed Lord Lieutenant of Ireland; Charles Thompson, R. C. M. G., has been appointed to the post of chief secretary for Ireland, and Aker-Douglas home secretary.

The house of commons adjourned today to Oct. 16.

UP TO BLUE RUIN JOHN

Ald. E. A. Mounter has on exhibition in his butcher shop a stalk of corn 14 feet in length. This stalk of corn was grown this year on J. Mounter's farm, in Raleigh, and Mr. Mounter has a whole field of such corn. This will no doubt silence the tongues of Blue Ruin John and the people who are spreading the report that the corn crop in Raleigh is a complete failure.

CURIOUS COINCIDENCE

"I ran across quite a coincidence this week," was the remark of the general sergeant-major of the regiment, Geo. Embrey, of Thomas Stone & Sons carpet department, to The Planet last evening. "It happened last Friday, while I was showing a lady some carpets. I picked up a roll of carpet weighing about 115 pounds and threw it to one side. I had done the same thing a hundred times before, but I wrenched the cords of my back badly. I finished work that night and worked the next day, Saturday, but on that evening I couldn't stand it any longer, so quit and went home. I was laid up until Wednesday. That same Saturday night, John Carter, down in Austin's carpet department, strained his back in the same way, and we were laid up the same long time, going to work on the same Wednesday."

DRAINAGE TRIAL

Judgment was reserved in the drainage cases tried before Drainage Referee Rankin in Cornwall during the last two weeks. M. Wilson, K. C., W. G. McGeorge and Augustin Macdonell, of this city, and William Newman, of Essex, were in Cornwall in connection with the McGilivray vs. the Township of Lechill and 67 private individuals. The first case arose out of the use of Spring Creek for drainage purposes. Leith, Pringle and Cameron appeared for the plaintiffs; M. Wilson, K. C., J. A. Macdonald, Alexandria and N. H. Tiffany, Alexandria contra. The other action was McQuat vs. Stormont, Dundas, Glengarry and the Township of Matilda. This action arose out of improvements done to the river Nation. Geo. T. Blackstock, K. C., and D. B. Macdonell, K. C., appeared for the plaintiff and M. Wilson, K. C., and Mr. Leith contra. J. P. Maybee for the Township of Matilda. Both actions were entered for trial in the High Court and were referred to Drainage Referee J. B. Rankin for trial. The trial lasted a week in each case.

THE GUN

SPECIAL RATES.

All marksmen, who contemplate taking part in the Dominion Trap Shooters' Association tournament at Hamilton on the 14th, 15th and 16th, inst., will be granted special railroad rates (fare and one-third return) by asking for a standard certificate when purchasing their tickets.

BOWLING

The bowlers will now be able to play all night as well as all day since they have put an incandescent light service over their grounds. Some one was heard to mention that a certain old man—but not so very old—would bring his bed over to the grounds, and probably the only thing lacking now is a restaurant, as some of the players get hungry near meal times and have to go home to eat.

YACHTING

TABLES TURNED BY TECUMSEH.

Montreal, Que., Aug. 8.—Under light weather conditions, the Tecumseh, the American challenger, defeated the Canadian defender, Trident, in the second race for the Seawanhaka Cup, today, on Lake St. Louis, being one minute 22 seconds in the lead. There was very little breeze and the water distinctly favored the American boat. The race was over a triangular course of four miles, sailed three times, making a total distance of 12 miles. The first start was a beat to windward, the second a reach, and the third a free run. At 1:45 the preparatory signal was blown. The race was something of the success variety, both the Trident and Tecumseh leading at times. Light weather and smooth sea combined in favor of the scow boat. As they neared the finishing line, the Tecumseh showed the lead and had been increasing her advantage on the last leg, and she finished 1 minute 22 seconds ahead.

Start, 1:55.
First Round—Tecumseh, 2:47.53; Trident, 2:47.45; Second Round—Tecumseh, 3:34.57; Trident, 3:35.13; Finish—Tecumseh, 4:22.25; Trident, 4:23.47. Elapsed time—Tecumseh, 2:27.25; Trident, 2:28.47.

BASEBALL

The "Diamonds" defeated the "Park Street Gladiators" yesterday in a fast game of ball by a score of 23 to 21.

The Remnants challenge the Abertons to a game of baseball, date to be arranged by the managers of each team. The Remnants are composed of what is left of the "Shooscarps" and "Reds."

There will be a masquerade baseball game at 1:30 o'clock on Tecumseh Park Monday afternoon. The parade will come down King street at one o'clock, and the game will start at 1:30. The "Never Wares," Geo. Owens and Ross Ball will be the umpires, and a funny time may be expected. Immediately after the masquerade game the Abertons and Wallaceburgers will play.

Manager Peter McAuley will pick his team from the following players for Monday's game with the Wallaceburg Indians: Hamilton, Dewey, O'Keefe, Myers, Sowerby, Philip, Cartier, Smith, Robert, Griffin and Kenny. A good game is promised the fans, as the Indians are much stronger than last year, when they were defeated here by the C. M. C. by a score of 5-3. Mac says he has the strongest team that can be pulled together in the Maple City and proudly announced that he had secured an article in the baseball line. The game is called for four o'clock on Tecumseh Park.

The Briscoes turned the tables on the Brooklyns last evening, defeating them 12-4 in a keenly exciting game. Brady, who was in the box for the Brooklyns, did all the playing that was done for his side, receiving the poorest support. Grandbois, the Briscoe twirler, was always steady and received pretty good support. The game ended in a row, the Brooklyns refusing to play with a dollar ball and the umpire, Johnston, gave the game to the Briscoes. These teams are well matched and a series of games will altogether likely be arranged between them. The playing of Pete Barry, an old Tiger, for the winners, was very notable.

The Cause of Nervous Headache
This most distressing and common malady doubtless has its origin in some unbalanced condition of the nervous system. Probably the simplest and most efficient remedy is Polson's Nervine. Twenty drops in sweetened water gives immediate relief, and this treatment should be supplemented by bathing the region of pain with Nervine. To say it acts quickly fails to express the result. Sold everywhere in large 25c. bottles.

Herring in Tomato Sauce

We have just received a large shipment of these Herring, put up in tomato sauce, they are delicious. The tomato sauce takes away that greasiness and makes the herring as nice, if not very much nicer than canned salmon at about 1/2 the price. We sell them in large oval shaped cans at

They are prepared in the old country and we think far superior to anything we have in this country. Try them.

WARM SUBJECT

Mr. Humphrey has a Few Questions He Wants to put to Local Coal Dealers.

"I would like you to ask why coal is so much cheaper in Detroit this year than it is here," said J. W. Humphrey to The Planet this morning.

"I saw in your paper," continued he, "that Mr. Campbell, of Scott & Co's, said that they would not book any orders at less than \$8 per ton. How does Mr. Scott's account for the fact coal is now selling in Detroit for \$6.50 a ton? This is the price for their winter coal, which, if you buy it now, they will deliver any time during the winter. They are evidently not so afraid of the coal strike. I was down there last Thursday and that was the price then."

"Now, last year coal was \$6.50 per ton in Detroit and \$6.25 here, so I can't understand why it is so much cheaper in Chatham this year than in Detroit, when it was cheaper last year. It may be all right, but it looks funny to me."

When The Planet reporter left him J. H. was still trying to figure it out.

FORGERY SPOTTED

"I was out in Tilbury one day," said Doc Russell, "but there's nothing unusual in the fact, as I often go to Tilbury, but there is in the fact that I put my name down to give a certain sum towards a horse race or something or other, and they came around the next week with the sheet of paper with my name forged for twice the amount."

"I immediately detected the forgery," continued the doctor, of fish story fame, "because it was none other than my name down to give a certain sum towards a horse race or something or other, and they came around the next week with the sheet of paper with my name forged for twice the amount."

IMPRESSIVE SCENE

Continued from Page 1.

Grasp showed that his hand at any rate had not lost its strength. The Duke of Norfolk, as earl marshal, accompanied by representatives of each grade of the nobility, read the oath.

The respective representatives next touched the crown and kissed the King's cheek. The Duke of Norfolk being the only peer to read the oath. This portion of the service was considerably shortened.

QUEEN CROWNED.

The Queen then rose and accompanied by her entourage proceeded to the altar steps where, under a pall of cloth-of-gold, she was quickly crowned by the Archbishop of York, supported by the bishops. She was then led to the throne beside that in which the King sat and her entourage was accompanied. The Queen bowed to King Edward, and both walked to the altar and received the communion, after delivering their crowns to the lord great chamberlain and another officer appointed to hold them. The pages while their majesties knelt still held the Queen's magnificent long train with the rest of the nobles present kneeling. The whole spectacle was most impressive and was made more brilliant owing to the electric light.

By a great effort the Archbishop of Canterbury was enabled to conclude the service and the King and Queen repaired to St. Edward's chapel. Neither of their majesties returned to their thrones after the communion, but remained at the altar. The service, which was completed with the singing of the Te Deum, was brought to a close without a hitch. The King exhibited no outward traces of fatigue.

The return journey, which was slow, was marked by scenes of enthusiasm. Their majesties arrived at the palace at 2:55 p.m.

As their Majesties were leaving the Abbey rain commenced to fall and they returned and deferred their departure until the rain ceased.

Much good is done by persons of great energy but as much by persons of sweet will. For energy is at times in danger of provoking opposition, but gentleness wins upon its object unawares.
