THE ACADIAN

WOLFVILLE, N. S., JUNE 25, 1886

Local and Provincial.

The time for picnics has arrived. Next Thursday will be Dominion day.

Ice Cream Soda cool and Refreshing at R. Prat's.

Rev. G. F. Day preached in the Methodist church last Sunday evening.

We were pleased to see Mr S. L. Walker, A. B., in Wolfville yesterday.

Lace Curtains and Sets, Beautiful Patterns, low priced at Burpee Witters.

We are waiting for the first strawberries. Don't all speak at once.

Linon and Rubber Carriage Rugs at Burpee Witters.

Schr. Bella Barry arrived from St. John on Monday with a general cargo.

The Presbyterians of Upper Canada intend having a strawberry festival on Wednesday next.

ERRATUM.—In the account of Miss Ada Murphy's marriage in our issue of June 11th, instead of reading, "daughter of John Murphy of Newport," it should read, "daughter of James Murphy of Cornwallis."

The "Perfection" Lawn and Garden Force Pump is something every one should have. It will throw a spray, wash windows, put out a fire, in fact do anything a ten dollar brass pump will do, and only costs two dollars and a half.

Feed Flour \$3.75, Family Flour (good to choose) \$5.00, \$5.25 and \$5.50 per barrel, at R. Prat's.

Rev. W. B. Boggs, who has lately returned from India, preached in the Baptist church on Sunday evening last. Mr Boggs has spent seven and a half years in the mission field and is now taking a vacation. We wish him a pleasant sojourn among us.

PETTY STORE.—Mr R. Prat has made another improvement in his already fine store, by having the front newly painted and finished in imitation cherry. The work was done by Mr B. G. Bishop on whom it reflects credit. We congratulate Mr Prat in the fine appearance of his store and the tasty way in which he always keeps his stock arranged.

The people of Windsor intend to celebrate Dominion day as usual this year and according to the programme a good time will be had. It consists of a calistumpian procession, fireman's parade, the usual horse and foot races and other sports; and ending with a concert by two bands of music in Clifton Grove, and fireworks. Special trains will leave for Kentville and Halifax at 10 p. m.

TAKE NOTICE.—If your razor is dull, take it to J. M. Shaw's Barber Shop, and he will put it in first-class order for the small sum of 15c. 10 tf

FINE YACHT.—Through the kindness of her genial owner, Mr D. R. Munro, we had the pleasure, on Monday, of taking a short cruise in the yacht "Petrel." She is a beautiful craft and is a credit to Wolfville, and in the hands of her skillful commander is the safest, fastest and trimmest boat on the Basin. We would suggest that some of the sporting men of Windsor, Hantsport, Parrsboro or some other of the neighboring seaport towns build another yacht so that a race could be gotten up.

WEDDING BELLS.—It is some time since Wolfville has been so stirred by the announcement of an approaching wedding as on the occasion of the union of Mr Henry Fleming, of Moncton, N. B., and Miss Emma Johnson, of this town. The Baptist church was beautifully decorated, especially the altar which presented a scene of rare beauty with blooming flowers rising high over head and tastefully arranged. This was the work of some days, executed by the friends of the bride, and in a manner expressed the great esteem and love in which she is held. At 3 o'clock Wednesday afternoon they were married, by Rev. Dr. Higgins, and were attended by the charming bridesmaids, Miss Clara Brown, of Michael, Miss, Miss Ethel Johnson, little Miss Aggie Johnson; and Mr Murray Fleming, brother of the groom. The bride, who was given away by her step-father, Mr Fred Johnson, looked beautiful in a trailing white robe and long veil, and the general expression was that they made a handsome pair. Handsome they were indeed, and Wolfville has sustained a loss for the couple after their tour will settle down in Moncton, where Mr Fleming is employed. At 5:30, p. m., the greatest trial of the day was experienced, running the gauntlet of rice throwers. If we are to judge by the good wishes of the spectators by this last ceremony, then the happy couple began their journey with as much as any could well desire. We wish them many years of conjugal bliss.

The Schr. Sea Flower, arrived from St. John on Tuesday with a general cargo. She cleared the same day for Windsor.

We understand that the ladies of the Lower Horton Methodist church intend having a strawberry festival about July 8th.

The "Planet Jr." Horse Hoe and Cultivator has no equal in this wide world. It will cultivate and hoe or hill up anything and everything that is planted in drills. Can be used with one or two horses or good work can be done with it without any team. Samples can be seen at the Railway depot, Wolfville.

Wool.—Messrs Caldwell & Murray of this place are doing a large business in wool this season. They have already handled over two and a half tons and expect to handle as much more. Their facilities for taking in, sorting, packing and shipping are very convenient and by saving a large quantity of time in this way they are enabled to pay good prices although they tell us the price abroad are very flat.

Everybody should see Burpee Witter's fine stock of CLOTHS before making their purchases.

The canker worm has again made its appearance this summer and is creating havoc among the fruit trees in this neighborhood. In some places the trees are as devoid of leaves as though fire had gone through them. Fruit growers are doing all in their power to stay the progress of the plague and are, we believe, meeting with fair success. All who own trees should see to it that every effort is made to destroy the worms and prevent their spreading.

Having recently imported a "Perfection Shear Sharpener," I am prepared to sharpen and put in first-class order shears and scissors of every description. Perfect satisfaction guaranteed. J. M. Shaw.

We are glad to see that the people of Cornwallis are pulling down their old buildings and erecting larger ones on new and improved plans. Such is good evidence of a prosperous condition. E. & O. Chase have commenced the erection of a barn forty feet square. It is the intention, we learn, to have it arranged on a plan quite different from that generally adopted by the agriculturists of this county. We look forward to its completeness with considerable anxiety that we may see one model barn, at least, in this county. It is a singular fact that, notwithstanding so many barns have been erected during the last four or five years, by farmers who should be thoroughly acquainted with all the latest plans that afford the greatest facilities, the old one-horse way of arranging them has nevertheless been strictly followed out. We congratulate them on their pluck to deviate from the old way of building, and wish them complete satisfaction with it when finished.

J. F. Marsters has also completed to erect an L on the rear of his residence. As Mr Marsters is a master mechanic, the L, when completed, will no doubt present some fine workmanship.

Born.

FLEMING—JOHNSON.—At the Baptist church, Wolfville, on Wednesday, June 23d, by Rev. T. A. Higgins, D. D., Mr Henry Fleming, of the I. C. B. Moncton, and Emma, only daughter of the late James Johnson, Esq., of Wolfville.

AN ODE TO BLAINE.

O, Blaine of Maine We hear your fog-borne voice again, With patriotic fervor now you wish To let your Maineans steal our fish. But, Blaine of Maine; Let us explain: Your men may fish where'er they wish, But not, in spite of all their boasts, Upon Canadian coasts. Nor must they look to us for bait, From your own State. We take one stern condition— Strict prohibition.

In days of old, we're told, The men of Egypt, all grown bad and bold Holding the captive Jews within their toils Were plagued with blains and boils. But Maine, O Blaine, Worse than the Pharaonic train Which truth and honesty and law defies, Is plagued with Blaines and Fries.

O, Blaine of Maine, Hear us again: There is a mighty power, [hour, Not the mere transient creature of the But one whose meteor flag floats to the breeze. In every clime and glorifies the seas. Beneath that flag we sit, nor fear a bit But fish where'er we wish. In Britain's arm we must Forever trust. Her thunders never sleep, But roll across the mighty pathless deep. Forget not this, O demagogic Blaine— Britannia rules the main. —Hamilton Spectator.

GENERAL BENEFIT.

READ THE FOLLOWING TESTIMONIALS. Weymouth, Sept. 14, 1885.

DR. NORTON: Dear Sir,—For twenty-five years I have been afflicted with Salt Rheum, and last Summer my head and part of my body was one fearful sore. My husband employed at different times three doctors, which failed to do me any good. In August 1884 I commenced taking your Dr. O. W. Norton's Burdock Blood Purifier, and after taking three bottles, am entirely cured, as I have not the least symptoms of it since. The Blood Purifier has also cured Capt. Brooks of Dyspepsia and Liver Complaint.

Yours truly, Mrs John Grant.

ARTHUR BLACKBURN, of Newport writes: "For five years I have been afflicted with two Erysipelas Fever Sores on my legs. Have consulted all the doctors far and near. All medicine failed to do me any good until last fall I commenced to take Dr. O. W. Norton's Burdock Blood Purifier. After taking seven bottles my sores are entirely healed up and I am as well as ever."

"February 9th, 1886."

There is no medicine known to the medical fraternity that has cured so many of Liver, Kidney Blood and Nerve Diseases as the medicines that compose Norton's Burdock Blood Purifier.
