ing of the Sackville Lawn Tennis

THE ALBERT RAILWAY.—Hon. T.
R. Jones, of St. John, passed over
the Albert railway on Saturday with
Mr. A. E. Killam. It is said that
Mr. Jones had in his possession a
judge's order as trustee for the bond-
holders and formerly land possessing
it is rumored that Mr. Killam
will be named as Receiver. It is the
intention to commence running regular
trains at once.—Times.

SHIPWRECKED.—Considerable an-
xiety has been felt concerning the
St. John barque Rock Terrace, Capt.
Stephen Atkinson, which sailed
for Philadelphia on the 28th ult.,
last September, and was reported off
Sydney, N. S. W., more than four
months ago. Yesterday, Mrs. At-
kinson received a letter from the
owners, advising her to be prepared
for the worst, as they had about
given up the vessel up. Two days
later a despatch came announcing
that the barque had been wrecked,
but that the captain and crew had
been rescued and taken to Manila.

AROUND TOWN.
—The close season for wild ducks
and teal has commenced.

superior lot of thoroughbred cattle
for sale.

—The frame of Mr. Alex. Estabrook's
new cottage was raised Saturday.

—Mr. Arthur George has bought
the farm of the late Mr. Charles
Hicks. The price paid was \$5,000.

—Dr. Sterling and Messrs. Hath-
way and Clemens, evangelists, are
holding services this week at Upper
Sackville.

—Rev. W. B. Hinson delivered a
powerful sermon in Salem Church
on Monday evening. The church
was crowded.

—A communication received from
Baie Verte Road indicates a dis-
graceful state of affairs in the school
in that district.

—Messrs. Wallace and George
Wry are getting all the work they
can attend to in the paper hanging
and decorating line.

—If you have any jewelry or
silver-ware which needs re-plating,
take it to Mr. A. R. Bliss, who can
make it as good as new.

—Mr. Alex. McDonald, of Bona-
font, cut his foot very badly last
week while chopping fencing on the
Joggins Railway for Mr. P. J. Ma-
honey.

—The New York Freestone
Quarrying Co. are erecting a large
crane at the Landing to be used in
hoisting stone from scows to cars on
the I. C. R. Branch.

—Mr. Thompson Treuman has
sold his farm to Mr. Albert T. Kaw-
cett. Mr. Treuman intends to build
a residence on a lot he has pur-
chased from Senator Botsford.

—Rev. John Barwash, M. A., will
lecture at Baie Verte on Friday
evening, 11th inst., under the aus-
pices of the Young People's In-
stitute. Subject: "Suggestions of
Science."

—Dr. Bower started for New
York last night. The cause of his
joining the exodus is said to be an
affection of the heart, which if the
diagnosis be correct, will shortly re-
sult in matrimony.

—The weather for the past two
days has been decidedly wintry.
Sleighs were out yesterday morn-
ing, and the flowers that bloom in
the spring, tra is, were invisible.
Winter has gone into the lingering
business with a vengeance.

Baie Verte.
—The ice has hidden us again, and
our bay, except a few floating
claspers around the shore, presents
a clean sheet.

—Wild fowl are very plentiful in
the bay, but not being on friendly
terms with sportsmen, are very
cautious about allowing them, except
in rare cases, to approach within
baiting distance, and consequently
not very many, so far, have been
bagged.

—Mr. Prescott has, it affords
much pleasure to state, completed
the building of the ballast pier,
and all that is necessary now is for
the Government to take it off his
hands, which they will not have any
difficulty in doing, as the work
has been done under the inspection
of Mr. E. P. Goodwin, according to
the letter and spirit of the agree-
ment entered into with the Depart-
ment of Public Works. This being
Mr. Prescott's first attempt at public
work, and having given it his undiv-
ided attention, he is certainly to be
congratulated for having in such
speedy and efficient manner per-
formed his part of the contract. It may
be added that the completion of the
pier took place before the ice broke
up and did not delay the same of the
doubting ones were somewhat afraid
the pier would not stand the ice
pressure, but it did all the same, the
great body ice not disturbing or af-
fecting it in the least degree, and it
now proudly stands, and doubtless
many will stand years on our bay as
a monument of Robert Prescott's in-
defatigable industry in perfecting a
work, the need of which has been
sorely felt for years past.

Parabara.
—This is court week and the town
is teeming with lawyers and other
interested parties.

—Capt. Geo. McBurnie, of Dil-
igent River, met with a painful ac-
cident on board the tug Bertha, at
Eastonville. They were towing some
rafts and while working with the
rope it got entangled round his
leg, and as the tug was under way,
and came near taking his leg off.

—Capt. Carter has sold his tug
Arcadia to the Newfoundland Gov-
ernment, to be used for a revenue
outpost. Capt. Carter has had her
hullock painted and will take her to
Newfoundland himself shortly. He
has purchased the tug R. Doone, of
St. John, to replace the Arcadia.

—The I. O. O. F. Lodge, of
Parabara, celebrated their anniversary
on Thursday last. Rev. Bro.
Wilson, of Spring Hill, preached a
very eloquent sermon in the Epis-
copal Church, after which they, with
a number of invited friends, partook
of a sumptuous repast at the Cum-
berland House.

—Word was received here today
of a sad drowning accident at Port
Greville. A young boy by the name
of Webster, whilst playing
with some companions on the logs
in the river, was accidentally thrown
in. The river being very deep and
of running logs, the boy drownd
before help could be procured.

sitting of the Supreme Court in
Equity at the Court House on Tues-
day, May 22nd, for the purpose of
trying questions of fact in the suit

et al.

Scott Act Notes.
—There were 18 Scott Act cases before
the Charlottetown police magistrates on
Thursday last. Three were convicted of
first offences and fined \$50 each, three
were dismissed and the rest adjourned.

—The adjourned Scott Act case at
Moncton, in which D. Hogan is defend-
ant, came up before Stipendiary Workman
Tuesday morning; but the defendant re-
fused to appear, and his counsel, who
was absent. Mr. Grant consented and
the case was adjourned until Friday next.

Consumption Can Be Cured
By proper, healthful exercise, and the
judicious use of Scott's Emulsion of
Cod Liver Oil and Hypophosphites, which con-
tains the healing and strength-giving
properties of these two valuable specific in
their fullest form. Dr. D. D. McDonald,
Petitcodiac, N. B., says: "I have been
treating Scott's Emulsion with good
results. It is especially useful in persons
with consumptive tendencies." Put up in
50c. and \$1 size.

FULFORD & CO., Brockville, Ont.
GENTLEMEN.—Please find enclosed \$1
for which send me one of the regular size
packages of Southern Asthma Cure. I had
a sample package and received such
great benefit from it that I am going to
continue its use. I have been a sufferer
for years and could not before get relief.
RICHARD BROWN,
Packet Wharf, Parabara, N. S.

—While fixing carbons at Halifax, Sun-
day night, Electric Light Patrolman
Webster was struck by the current and killed.
His body was badly burned. The poor
fellow hung suspended from the wires for
fifteen minutes before the body was taken
down. On Tuesday evening, a policeman
Croker, Webster's successor, was killed in a
similar manner while trying to fix the
same lamp. The electric facility has
caused quite a sensation.

—Three missing schooners seen off the
American coast before the great blizzard,
have not been heard of since, and are
given up for lost with the crews. The
schooners were the William G. Lewis, from New-
buryport, Feb. 18th; for Boston; John P.
Morrow, from Baltimore to Providence; and
the Richard Collins, Norfolk to Philadelphia.
The crews numbered over fifty men.
The vessels with cargoes are estimated
to be worth over \$150,000.

—It is said that between 8,000 and
10,000 men of the big gun sailing out
of the Arrostoch, have been broken
off at the ends. The losses fall upon
the shoulders of a number of mill owners.
—Edgemoor.

—All the stone masons at Halifax are
out on strike for thirty cents per hour
and nine hours per day. The carpenters also
demand an increase of fifteen per cent.

County Court, Parabara.

The May sitting of the county court
opened here on Tuesday, His Honor,
Judge Morse, presiding. Messrs. Muir
and S. W. Smith of the local bar, and
T. P. Piper, C. R. Smith, W. F. Donkin and
J. W. Hickman, of Amherst, were in at-
tendance. The familiar faces of C. J.
Townshend (now Judge Townshend) and
the members of his firm were missed from
the legal arena.

After a number of motions the follow-
ing cases were disposed of:—
Simon Bigney vs. Henry Smith, an
action for price of a pig; defence, pig
given on price of a house. Judge decided
the magistrate had no jurisdiction to try
cause and reversed the judgment of the
court below.—C. R. Smith and Muir for
plaintiff; W. T. Piper for defendant.

Queen vs. Thomas Day; Queen vs. D.
McManara; Queen vs. Chas. Day. These
were Scott Act cases in which, after some
lengthy trials, His Honor reserved judg-
ment, in order to hear arguments on
legal points on Tuesday next. J. W.
Hickman appeared for prosecution and C.
R. Smith for defendant. After a very
pleasant and peaceable sitting, at which a
large number of spectators were present,
court closed about 4 o'clock on Tuesday,
and the legal fraternity bade adieu to our
quiet town.
