Those who remember the placing of the statue in its present position are not aware that the public taste immediately pronounced very strongly against the appearance pre-

the public tasts immediately pronounced very strongly against the appearance pre-sented by the horse and rider, a prin-cipal cause of objection being that they were set lengthwise on the arch instead of across it, as is usual in such structures. But it was easier to set the Duke on the arch than to bring him down, and for a generation past he has kept his place amid the indifference than the admir-ation of Londoners. It was the production of Matthew Cotes Wyatt, who had a considerable reputation in his time, and was placed in its present position in 1846. The cost of it was defrayed by large public subscription.

zopesia and Billousness. A single dose relieves; a sample bottle convinces; a 75 cent tille convinces; a 75 cent tille cures. It acts directly upon the smach, Liver, and Kidneys. Bleansing, Correcting, Registing, Zopesa gives energy d vim to the Brain, Nerve, d Muscle, simply by worker wonders upon the Digesmi, and giving activity to e Liver.

Cut this out, take it to any dealer in medicines, and get at least one 75 cent bottle of Zopesa, and tell your neighbor how it acts. It is warranted to cure Dynpepsia and Billousness.
