

AROUND THE CITY

LOCALS

From Monday's Bulletin.
Inspector Worsley went south this morning on an inspection trip of H.N.W.M.P. stations on the Wetaskiwin and Lacombe branch lines.

The hall at St. John has been completed, and is now being used for church purposes, and will be used as school quarters when the fall term opens.

On Saturday afternoon the death occurred of the eighteen months' old child of Mr. C. J. Carter, 238 Fraser avenue. The funeral took place this afternoon at 2:30 to Edmondton cemetery.

The coyotes are becoming so numerous and bold in the country west of Edmondton that they are carrying their predatory incursions into the corn fields and attacking young calves. Last Friday night a number of coyotes made an attack upon a calf belonging to Mr. James Tough, of Long Lake, but were driven away before killing it. On the same evening a pack of these marauders followed a hunter Smith's rig for three miles on the way to his farm at Long Lake.

PLASTERERS RESUME WORK.
The plasterers of the city who went on strike some time ago for an increase of wages from 60 to 65 per cent, have resumed work at the old rate.

ADDITION TO GREENHOUSES.
From Monday's Bulletin.
Walter Ramsay, whose greenhouses are already the largest west of Toronto, proposes this summer making another large addition, and will erect four more sections, each 22 feet by 125 feet in size. The total cost will be \$8,000. This morning Mr. Ramsay took out a permit for their construction.

Other permits issued today by the building inspector are the following: John Johnson, three dwellings on the north side of Rowland street, each to cost \$3,500.
M. J. Fitzgerald, dwelling on First street to cost \$2,000.
John Somerville & Co., store, front on First street to cost \$700.

TO BECOME A MANAGER.
G. W. Massey, of the public works department of the province, has resigned to assume the management of the branch office to be opened in Edmondton by the Alberta Biscuit Company. On Saturday Mr. Massey was presented with a case of pipes by the clerks of the department. It is the intention of the Alberta Biscuit Company to open a warehouse in Edmondton at once and in a short time to establish a factory for the manufacture of biscuits.

SIXTY MILES TO WEDDING.
Rev. Dr. Biddell, principal of Alberta College, returned on Saturday from a sixty mile journey to the home of his bride, Miss Annie Wilson, both of Edmondton. The marriage took place on Thursday evening at the home of the bride's brother, Mr. William Wilson, whom she had accompanied to Canada some time ago from their former home in Wilkesville, England. After the ceremony, which was attended by the immediate friends of the contracting parties, a bonafide supper was partaken by the wedding guests, and the young couple left for their new home.

DID NOT SUICIDE.
The mystery surrounding the disappearance of C. A. Wood has been cleared up sufficiently to be sure that he has not committed suicide. His movements have been traced as far as Calgary, and those interested have a fair idea of his present whereabouts.

MIKOTA SENT UP.
At the preliminary hearing on Saturday morning into the Mikota-Semowood shooting case, Frank Mikota was sent up for trial in the Supreme court. The evidence against Mikota was so strong in the opinion of Magistrate Wilson was sufficiently strong to have him placed on trial.

A FALSE ALARM.
The firemen were called out shortly after ten o'clock last night for an alarm, which proved to be a false one. The cause of the alarm was a fire which had been started by a man who had been drinking and was in the habit of lighting matches and throwing them about. Investigation proved it was nothing more than the smoke from the chimney.

SHOT A BEAR.
F. Grayville, of Aylmer, Que., at present a guest at the Queens hotel, had a lively experience on Saturday while out in the Fort Saskatchewan district. While on a tramp through the country about ten miles southeast of the Fort on the lookout for a moose, he unexpectedly encountered a good sized bear, which was taking things leisurely in the timber. Fortunately Mr. Grayville had his rifle with him, and knowing the bear's presence was not particularly desirable by the settlers thereabouts, promptly put him out of harm's way with a rifle bullet. Mr. Grayville examined the animal's side, but found it in poor condition and not worth the trouble of removing for sale. Mr. Grayville was a member of the Aylmer Rifle club before coming west and was out of the good rifle shot of Eastern Ontario. He returned to Edmondton on Monday.

DANGEROUS USE OF AIR GUNS.
A number of reports have reached the police of the dangerous use of air guns around the city. Last evening while A. W. Arup and his daughter were passing down East Jasper the former was hit on the neck by a shot. Upon looking around he saw the air gun in the hands of a Chinaman. He reported the affair to the police with the result that the gun was seized and the name of the offender taken by the officer. Another report came from Ottawa avenue yesterday afternoon of a boy indiscriminately using an air gun and causing some alarm to several people.

PASSING FORGED CHEQUES.
The police are on the look-out for a young man who, Sunday night, passed a number of forged cheques, one at the Home Plate Cigar Store and the other at Nankin's jewelry store. One of the cheques was for \$15.50 and the other for \$29.75, and in each case he received about fifteen dollars in change. The cheques were signed by a prominent Edmondton business man who has been similarly defrauded, but no reports have yet been received by the police. In the meantime active measures are being taken to locate the culprit.

AT IMMIGRATION HALL.
The official returns for June show that 563 persons were accommodated at the two city immigration halls during that month, while the statistics for the present month have not yet been compiled for July. Brunnelle predicts that the number of newcomers taken care of during the present month will be the largest for the year. It was expected early in the month that the old hall on Grosvenor street would not be required after August 1st, but the authorities do not take that view of the situation now and the building will be retained if possible for another month at least. That the new arrivals are being handsomely treated during their stay in the halls there can be no doubt. Yesterday a Bulletin representative had a look over a pile of letters from guests at the First street building, and one of all spoke in the highest praise of Supt. Brunnelle's work both in providing for their comfort and giving any information or assistance desired. These letters are from German, French, English and American settlers, and they are all in the same strain as the one given below, which is from a party of thirty American agriculturists who were at the hall a few days ago.

Edmondton, July 27, 1907.
Dear Sir,—We wish to express our appreciation of the treatment we have received at the hall. You have given us very fair treatment and we don't see how you could have done any better, and we are very grateful to you and the Dominion Government for furnishing such good accommodation. We know you are very busy, but we are so much to look after, being on a watch from 5 a.m. to 11 p.m., and dealing with a number of different people of all nationalities, and handling everyone with entire fairness and to their entire satisfaction. We have heard nothing but praise and good words for you, and we are glad to add our own written testimony to the general opinion. We are, Sir, yours truly, John Koenig, H. G. Dobbins, E. Hawkinson, E. C. McBride, J. C. Jensen.

DR. LAFFERTY CHAIRMAN.
The Provincial Board of Health are holding daily sessions. At the meeting yesterday morning Dr. Lafferty of Calgary was elected chairman of the board. The board is engaged in planning regulations in Edmondton with the spirit of the Health Act.

BUILDING PERMITS.
Building permits for July reached the total of \$16,775, making a grand total of \$149,210 for the seven months of 1907, as compared with \$1,013,425 for a corresponding period in 1906.

LABOR DAY IN EDMONTON.
The Trades and Labor Council of this city is hard at work already arranging for the monster demonstration to be held in Edmondton on Labor Day, Monday, September 2nd. At the last regular meeting the following resolutions were struck: Messrs. Templeman, Healey, Spencer, Chubb, Springfield, Maloney, Nash, Advertiser—A. J. Healey.

Many friends of Wylie, the fast left fielder of the Strathcona baseball team heard with much regret of the accident at the Fort on Friday where by he had a bone of his wrist broken by being hit with the ball while at the slinking up.

At the close of his sermon he made a brief reference to his pastorate here eight years ago, and the many strange faces and so few of the "old timers" that were now before him. He considered it a special pleasure to have the privilege of assisting his old friend Mr. Fleming, and again addressing his old flock at this time.

The day's doing on the Strathcona-Edmondton road began this morning with a runaway team. The horses took fright at the top of the hill on the Strathcona side, and on their mad career downward pulled a telephone pole out by the roots, threw their driver out of his wagon, and finally were brought to a standstill near the Cameron House. Nothing connected with the outfit was the worse of the run.

Strathcona Locals

Mr. G. F. Downes expects to leave tomorrow on a holiday trip to Toronto.

Mr. Andrew Davison, junr., has sold out his interest in The Chronicle. Dr. J. M. Hosson and family have returned from Cooking Lake, where they were holidaying.

Yesterday Building Inspector Davies issued a permit to William C. McClelland for an addition to a dwelling on lots 31 and 32 in block 134, to cost \$400.

The customs office is now located in the old real estate office one door west of Tipton's book store.

The next lacrosse match here will be played on Friday evening at the fair grounds between Strathcona and Calgary.

The lacrosse match last night resulted in another victory for Strathcona, the score being 3 to 2 in their favor. The game was called at the end of the third quarter on account of darkness. Strathcona made a score in each of the three quarters, while Jones, of Edmondton, got their two in the third. Jos. Moore, of Calgary, made an excellent return, and there was no trace of the excessive roughness and ill-feeling that characterized Monday night's game.

After the game Mayor Mills, of Strathcona, addressed the players, regretting the bad features of Monday night and assuring them of gentlemanly treatment in Strathcona in future.

THE MINERS MEMORIAL FUND.
Money is beginning to come in for the proposed miners' memorial in memory of the six unfortunate men who lost their lives in the disaster at the Strathcona Coal Co.'s mine on the night of June 8th.

It is thought that subscriptions will be taken in all the city churches, and these amounts will form a good nucleus for individual subscriptions.
