now make and galvanize their own wire. They have erected and equipped the most modern Wire Drawing and Galvanizing Plant in existence. The scientific Annealing Process guarantees us that the Wire is uniformly brought to the proper temper or pliancy, so that it is neither brittle nor soft; thoroughly cleansed, with a bright surface, the wire is given as heavy a coat of zinc as it is possible to retain, and still have a smooth surface; hence Frost Fence Wire is bound to last the longest, and therefore the cheapest wire made. Retail price on No. 9 coiled wire, 4c. per lb., or 1,700 feet for \$4.00. Also Frost Woven Wire fencing, Garden fencing, lawn fencing, No. 9 soft wire and staples, Frost Steel Gates, plain and fancy, all sizes, and all galvanized. HOW CAN WE COUNTER-ACT

THE INCREASED COST OF LIVING?

A second's reasoning will supply the answer. Beef and pork are dear and getting dearer all the time, and the cost is out of proportion with their food-value.

EAT MORE BREAD.

There is more nourishment in a shilling's worth of bread than a shilling's worth of beef or pork. But the problem is not done with yet. The shilling's worth of bread is not always the same value. Breadmade from

ROYAL HOUSEHOLD FLOUR

contains more nourishment than any other, because it contains the greatest amount of gluten, the health-giving nutriment of wheat.

WON'T YOU READ THIS and be one of the SATISFIED ONES!

If you buy an article in MY STORE and find it in any way unsatisfactory "bring it back and get your money." I do not, at any time, want your money unless you are satisfied that you have got your money's worth in exchange. I am not sentimental about it. "I know it will pay me to treat you well."
