**TO-DAY'S Messages.****11.00 A.M.****STEAMER ESCAPES SUBMARINE.**

PARIS, To-day.

The Minister of Marine in a communication made public last night, says the French steamer *Tofna* was shelled by a submarine in the Western Mediterranean, but that the Captain of the steamer with remarkable quickness of decision steered his vessel into the teeth of the gale and the submarine unable to keep up its speed against head seas relinquished the chase after firing three shells. The communication adds some passengers aided by a few members of the crew notwithstanding the express orders of the Captain of the *Tofna* to the contrary, lowered the boats, which were immediately swamped. The *Tofna* arrived safely at Marseilles.**THREATENING BULGARIAN LINES.**

LONDON, To-day.

A Times despatch from Monastir, dated Nov. 25, says: The Bulgarians have shown no renewed activity on the Prilep front, but the heavy firing heard this morning a few miles South-east of Prilep suggests that somebody got behind them and are threatening their lines of communication.

**PATROL FIGHTING.**

LONDON, To-day.

A despatch to the Times from Cairo, referring to an official communication, reporting an encounter with the Turks at Alkanaria, Egypt, explains that it was merely a collision with patrol and should not be regarded as a recrudescence of Turkish activity.

**SUCCESS ATTRIBUTED TO KITCHENER AND COCHIN.**

ATHENS, To-day.

According to the latest news from Saloniki the French line is still unbroken, the report that the Bulgarians have occupied Krivolak being unfounded. On the contrary all their attacks have been repulsed. The happy turn in events between the Entente Powers and the Greek Government is generally attributed here to the visits of Lord Kitchener and Denys Cochin. The joint note of the Powers to the Greek Government was only on general lines. Now that the Allies propose to have been accepted in principle, details will be settled further by special negotiations.

**NAVAL BRIGADES SAFE.**

LONDON, To-day.

The safety of both the British and French naval brigades which recently were in Belgrade, is now assured. The French section arrived at Monastir near the Greek border a few days ago. A telegram has been received from Admiral Trowbridge, commanding the British brigade, dated from Mitrovitz, November 20, stating that all was well. The British and French naval brigades were sent to Belgrade last fall and took part in the fighting against the Germans and Austrians, preceding the evacuation of the Capital of the Serbians. While nothing is known officially of the movements of the men since they left Belgrade, or whether they have taken part in any of the numerous engagements against the Germans and Austro-Hungarians, it seems probable that the British who are in the region of Mitrovitz are with the Serbs, who evacuated Mitrovitz only a day or two ago. Admiral Trowbridge married a Halifax lady, Miss Duffus.

**ITALIANS TAKE GORIZIA.**

MILAN, To-day.

Reports just received here state Gorizia has been taken by Italians.

**1.00 P.M.****KITCHENER'S SUCCESSFUL MISSION.**

NEW YORK, To-day.

A cable to the Herald from Athens dated yesterday, says King Constantine has granted the following demands, the triumph of the Entente being due to soldierly agreement between Hellenic Ruler and Kitchener, the Field Marshal told the King that the Allies frankly admitted the right of Greece to remain neutral, but demanded complete safety for the

**Doing Their Bit.**

In the window of T. A. Macnab &amp; Co., Water Street, is a splendid photograph of the little settlement of Dunfield, Trinity Bay, together with a roll of Honor of the men who have enlisted from that place in defence of the Empire. Out of a total population of 192 persons, male and female, 11 young men have enlisted and are now on active service. Of these nine are in the Navy and two in the Army. Their names are inscribed on a card with suitable decorations and are as follows:

**NAVAL RESERVE.**Mark Clark  
John Clark  
William D. Clark  
James Clark  
Joseph Clark  
Walter Mesh  
Arch King  
Charles Hurdle  
Ezekiah Wiseman.**NFLD. REGIMENT.**Mark Wiseman  
Arthur Hurdle.

On another card in the window is an appeal on behalf of the W. P. A. for funds for our brave soldiers and sailors, amongst whom the settlement of Dunfield is certainly well represented.

**Men Rescued.**

On Saturday last Capt. W. J. Kennedy of the Straits, rescued three men who had been marooned there while on the way to Change Islands. They left Dog Bay in a motor boat Saturday previous, and the engine having broken down they drifted to the island. Their experience was a trying one and when they were rescued they were in an exhausted condition, having no food of any kind for several days. They were given food and clothing by Capt. Kennedy, who landed them at Change Islands and placed them in care of the light keeper at that place.

We understand that the Government has allowed the Relief Nfld. Co. to have the s.s. Meigle, now plying on the Cabot Strait service, make three trips from North Sydney to this port direct. We also understand that this concession is the outcome of a request made by the Reid Nfld. Co. in view of the present freight congestion at North Sydney and Port aux Basques.

**NOTE OF THANKS.**

Mrs. Alexander Ruby, Miss Thirza Ruby and Mrs. J. McMorris, desire to thank all who so kindly helped to make their concert and tea in aid of St. Matthew's Church, held in the Bay Bull's School Hall, to November 23rd, such a success. Those taking part in the concert were as follows: Rev. H. Uphill, Misses Florence and Ida Furness, B. Snow, Glendinning (2), Myrtle Ruby, Nellie Callahan, Neville, E. Ruby, Cox, A. Payne and Very, Messrs. Vey, Christian and Stanford.

**COIN MACHINES.**

Coin-handling machines have now reached such a degree of perfection that a machine will take a bucketful of coins of all denominations, sort them out, pick out all the mutilated pieces and reject them, do all the others up in neat bundles of standard sizes—such as 25 pennies in a bundle—count them, add them all up together, and hand out a slip of paper on which is printed the total sum in dollars and cents. An electric motor turns the crank that does the work.

**GERMANS AS ONLY PREY.**

Paris, Nov. 22.—Emile Constant expressed regret in the Chamber of Deputies that there were men in France who preferred hunting with a gun to going to the front with it. He questioned the Minister of Agriculture, Jules Méline, concerning the reasons for the Government permitting hunting with firearms. M. Méline replied that trapping had failed to keep down the game. The damage to crops, he said, had become so great from hares, pheasants, and rabbits that something had to be done to protect the produce. Therefore, permission to hunt had been granted. Besides, game coming into Paris in quantities would lower the price of meat.

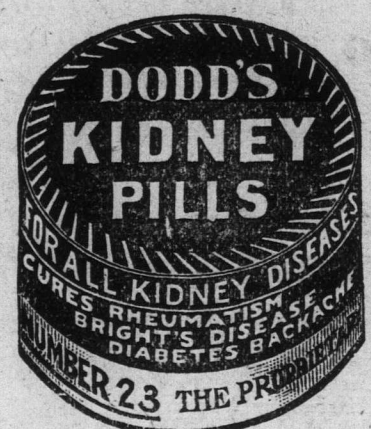

**LONDON'S HOME GUARDS.**

London, Nov. 23.—The home guards composed of brokers, clerks, agents and other men exempt from active service working in London's financial district, showed themselves a well trained and physical fit body of troops at a recent inspection. When the civilian troops received permission from the war office to organize, they encountered ridicule in many quarters, but they bought their own uniforms and went to work with a will. Every afternoon squads drilled in the courts and buildings and in the public parks and on Saturday afternoons and Sundays the men either went to the county to practice trench digging or harden themselves with marching.

**Crew of Schr. Blanche M. Rose**

Were Short of Food and Water Before Craft Was Abandoned.

News of the experience of the crew of the schr. *Blanche M. Rose*, which was abandoned off the Cape Breton coast, is now eagerly awaited. That the survivors of the ill-fated craft must have had an awful time of it is evidenced in a message that reached the city to-day stating that those on board were short of food and water before being taken off the sinking craft by the *Mary Duff*. This information is confirmed by a message received this morning by Mrs. Clements, of York Street, from Sydney where the crew was brought by the rescuing vessel. Mrs. Clements had three sons on the *Blanche M. Rose*, one of whom was master. The 19 survivors are expected to arrive in the city by tomorrow's express.**HEAVY LOSERS.**The Clements family who owned the *Blanche M. Rose* are heavy losers. The schr. was partly insured, we hear, being covered for \$1,300, but there was not a cent of insurance carried on her cargo, which included 700 quintals of codfish, 30 casks of oil, besides some fishing gear and the belongings of the crew. In other words the owners stand to lose over six thousand dollars. The *Blanche M. Rose* was 50 tons register, built at H. Breton, was formerly used as a tanker out of that port and was looked upon to be as fine and as staunch a vessel as ever sailed out of Fortune Bay.**McMurdo's Store News**

FRIDAY, Nov. 26, '15.

Even if Newfoundland has gone "dry" there is no need for you to go without a good drink, either now or in January 1917. Because you can now and will then be able to get good healthful drinks without alcohol, drinks that are delicious to the taste, satisfying to the appetite and that have no untoward effects on the system.

Beside the ordinary "soda" drinks, hot or cold, there are hot beef tea, Horlick's Malted Milk, hot or cold, with or without eggs. You can be quite sure, when you order these drinks, that you are getting fully the worth of your money. Price 5, 10 and 15 cents a dozen.

We have Ever Ready Safety Razors, complete with 12 blades, price \$1.00. Extra Blades for these razors, 50c. a dozen.

**Strange Case.**

A middle aged man was found by the police last evening acting strangely and was brought to the lockup. This unfortunate man, who is a native of Harbor Grace, was in an Insane Asylum in the United States and, it is said, was brought along to St. John's by some person without the knowledge of the authorities here, left at large in the streets of St. John. The authorities are now investigating this strange case and the man is being held in the meantime.

**MARRIED.**

On November 24th, at St. Thomas's Church, by Rev. Dr. Jones, Lillian M. Norberg to Archibald J. Wiseman. On Nov. 25th, at the Deanery, Witless Bay, by the Very Rev. Dean Roche, Mary, daughter of Mr. Joe Burke, to T. G. (Jerry) Williams, both of Bay Bulls.

**DIED.**

Last evening at 6.30, there passed peacefully away after a short illness, at her residence Water Street West, opposite the Gas Works, Brigette, beloved wife of Henry Hunt, leaving 4 sons and 2 step-brothers to mourn their sad loss.
