Public Notice!
Tenders will be received at this office until noon on Saturday, the 14th day of April, 1917, for a suitable steamer for the Mail Service in the District of Fortune Bay.
The steamer must be from 80 to 100 tons net measurement, fitted with all modern improvements, and to have accommodation for about 20 cabin and 20 steerage passengers. This service, which will commence about the 1st May next, will consist of one round trip each week and will be continuous throughout the whole of each year.
The contract to be for a term of ten years, to be computed from the date of commencement of the service. Tenders to specify the rate per round trip at which such service will be performed, which rate must include the board of the Government mail officer. Envelope to be marked "Tenders for Fortune Bay Mail Service."
Further particulars may be obtained on application at this department. The Government do not bind themselves to accept the lowest or any tender.

TORIC LENSES
ARE MORE BECOMING THAN FLAT LENSES.
The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.
R. H. TRAPNELL,
Eyesight Specialist,
St. John's.

Top Notch "Buddy" Boot

The wonderful "Boot With The Muscles"
Uncle Sam granted a patent on the legs of this famous boot. It is the lightest, strongest and best-looking short boot ever made. The "muscles" greatly strengthen the leg and at the same time keep the weight down. No other boot on the market has this "muscled" leg.
TOP NOTCH RUBBER FOOTWEAR
The wonderful boot shown above is only one member of the Top Notch family of rubber footwear that is just what its name implies—top notch in every way. Top Notch rubbers and arctic are the best-fitting, the best-looking and longest-lasting goods you can buy. We sell them.
Cleveland Rubber Co.

PUBLIC NOTICE!
The Minister of Munitions in the United Kingdom has directed that certain materials (such as steel, tin plate, copper wire, etc., etc.), for which there is a demand for war purposes, cannot be supplied, either for home use or for exportation, without the production of a certificate from him. In order to facilitate the granting of such certificate, the Government have, on the nomination of the Board of Trade of Newfoundland, appointed a Committee, consisting of Hon. M. G. Winter, Messrs. W. S. Monroe and George R. Williams, to whom all persons desiring to send forward orders for the materials in question, must, in the first instance, make application. The Committee will take such application into consideration and, if they find that the materials desired are absolutely necessary, will endorse upon the application their approval of the same. The person ordering the goods will then send forward the endorsed application to the intending supplier of the material in the United Kingdom, and the supplier will present these papers and apply for the necessary certificate to the Minister of Munitions, with whom the decision will rest. No order for any such materials will be acted upon unless accompanied by the approval of the local Committee.

HARRIS'S LINIMENT USED BY PRIMAAR'S

NOTICE!
It has been called to our attention that certain retail dealers in town are substituting Kipperd Herring of an inferior kind for our goods. Some of those dealers even go so far as to place inferior kippers in boxes bearing our brands so as to deceive their purchasers.
Our Kippers can be known by the fact that the head and tail is left on and they are a light bronze color. In addition to our stock consisting of large, fat, Placentia Bay herring, they are processed and sent daily from our smoke ovens at Bay Bulls, so we guarantee the quality. If a dealer finds an imperfect box in his purchase we ask him to return it and get a perfect one.
