## The Colon Is the Home of Health—Keep It Clean!

**FALL HOUSE CLEANING** is at hand. It's a hard job, at best. But consider what an impossible task it would be if the house hadn't been getting its regular daily cleaning all these months! Long before this noon could have lived in it. The accumulated dust and dirt, which is fairly easy to down by day, would have to clogged the quarters that they would be uninhabitable. Your Colon is the house where your health lives. It has different "rooms" in which your daily physical welfare "lives". These "rooms" are long and narrow. So they are easily clogged. And when constipation clogs them, your health has to get along the best it can in a home that isn't fit to live in, any more than a house clogged up with dust and dirt is fit for your family to live in. Nujol is the broom that will keep this "home of health" in order all the time. Nujol is the only helper that will do this without turning things topsy turvy and upsetting all the "rooms"—just as house-cleaning does. By daily use of Nujol you can free yourself from all the disease, discomfort and inefficiency that come from a clogged colon. Nujol is not a medicine. Not the least particle of it is absorbed into the system. It is a clear, tasteless, odorless, absolutely HARMLESS softener and lubricant. A baby can take it with perfect safety. It doesn't upset the stomach or anything else. It simply keeps the home of your health **CLEAN and COMFORTABLE.** Get a bottle of Nujol from your druggist to-day, and find for free booklet—"Thirty Feet of Danger."

**Nujol Laboratories, STANDARD OIL CO. (NEW JERSEY), 50 Broadway, New York**  
**Warning:** Nujol sold only in sealed bottles bearing the Nujol Trade Mark. All druggists. You may refer to substitutes.

## 52nd Anniversary of Great Labrador Gale.

(H. F. SHORTIS.)

The news received from Labrador Makinson's house now stands,) and, like the big Ida, which was also built by Kearney where the General Post Office is now in this city. She was launched across the street, over the bank into the water of the harbor. The Rothesay was launched at Harbor Grace on Jan. 21st, 1852, and the Ida at St. John's on Jan. 30th, 1855. The Rothesay went ashore at Western Bay, Bay de Verde, in the early sixties during a blinding snow-storm, and was very considerably damaged. She was got off, and towed to Hr. Grace where

she was repaired,—from a barque she was rigged a brig, and was called the Terra Nova.

During the great gale, of which to-day is the 52nd anniversary, thirty-seven lives and twenty-seven vessels were lost, and at Spotted Islands the famous seal-killer, Capt. William Jackman, proved himself a hero by rescuing 27 persons, mostly females, from watery graves. Again and again did the Newfoundland hero rush into the water to the scene of the disaster, and swim back again with his living freight. One can imagine the temperature of the water at that season of the year, and not alone did he repeatedly risk his own life to save others, but look off his own clothing and wrapped it around those who were in the weakest state. The name of such a hero, and the herculean task that he performed, will live in the annals of our country for all time. The act of one man saving 27 persons, by bringing them on his back through the raging surf and ice-cold waters, to my mind, has never been excelled among the heroic deeds of ancient and modern times. It was a pitiful sight to see members of our fellow countrymen, the vessels, in many instances, being overcrowded, and the sufferings must have been extreme. None but Newfoundlanders could stand such hardship. Our great sailing fleet received a big set-back by that terrible gale, because some of the most substantially built and largest vessels were lost, and as steamers were beginning to play a prominent part in the prosecution of our seal-fishing, they were never replaced, but gradually fell away one after the other, until in the early sixties, there was no square-rigged vessel prosecuting our great industry, the seal-fishery. The sailing vessels had to give way to steamers and modern science was victorious, whether for good or evil is a moot question.

## Halifax Man Has Gained 15 Pounds Taking Tanlac

Walked the Floor Many a Night—"It's Different With Me Now," He Says.

"Talking about stomach trouble and indigestion," said Charles John Shaw, a well known resident of 48 Birmingham Street, Halifax, recently, "I don't believe anybody ever suffered with it worse than I did before I got this Tanlac. But this medicine has fixed me up so I can eat just anything I want without a pain or a sign of indigestion afterwards and I have actually gained fifteen pounds in weight, besides. "I could not eat a mouthful in two solid years but what disagreed with me and I would blow up so with gas that I would find it hard to get out of bed and walk the floor. Many a night I don't believe I slept an hour. I was badly constipated, had raging headaches, severe dizzy spells, and some days my stomach hurt me so I just had to knock off from my work and go home. I felt so miserable at times I thought sure I was going to die. "But things are altogether different with me now, and I just want to tell the people that Tanlac is what has made the change. I couldn't ask for a better appetite. In fact, I can hardly get enough to eat and my stomach simply feels like a new one. The gas, bloating and pain is all gone and there's nothing but what I can eat and digest perfectly. The headaches, dizziness and nervousness has all left me, too, and now I can lie down at night and sleep like a log. When it comes to medicines Tanlac has them all, and it's a real pleasure for me to recommend it." Tanlac is sold in St. John's by M. Connors, under the personal direction of a special Tanlac representative. —adv.

## Cashin Will Come Back. Voters of St. John's.

**DON'T FALL FOR THE LATEST TRICK OF THE SQUIRES HEELERS.** Voters of St. John's watch out for these Squires heelers who are around whispering on the quiet that if you split your vote for one of their candidates, East or West, as the case may be and if such are elected they will throw Coaker overboard and join the Liberal-Progressive side.

Don't be caught in this stick way but tell the Squires gang straight out that you will not give one of their candidates a vote. They know right well that no intelligent voter of St. John's will have anything to do with a Squire candidate who has a Coaker ticket on his tail, so the only way they hope to squeeze a few split votes is by getting off this dope about casting Coaker aside. Tell the Squires tooters you have no use for either Coaker or Squires and that you would not touch one of them, except to flip them out on polling day along with their candidates.
