

## In the Realms of Sport

### THIS EVENING'S FOOTBALL.

The Saints and Pelidians are the contestants in to-night's football match. Both teams will be playing strong line-ups in the field, and a spirited contest will eventually follow. The line-ups are as follows:—  
SAINTS—Goal, Belbin; Backs, Roberts and Burridge; Halves, Taylor, Foster, Elton; Forwards, McNeill, Young, H. Savoyers, Hopkins, Curran.  
PELIDIANS—Goal, Vosey; Backs, Morris and Withers; Halves, F. Renell, R. Martin, E. Jerrett; Forwards, W. J. Withers, C. Dawe, A. Lloyd and G. Goldstone.

### M.G.C.A. SPORTS.

**Big Field Day To-Morrow.**  
An enthusiastic meeting of the M.G.C.A. Sports Committee was held in their rooms last night, with Mr. S. A. Ryan in the chair. The various working committees reported the arrangements were well in hand, and there is every reason to believe that the sports will be well conducted and that success will crown their efforts. The big meet will be held at St. George's Field to-morrow (Wednesday) afternoon commencing at 2.30, and will be under the distinguished patronage of the Prime Minister, Hon. J. S. Monroe and Mrs. Monroe, amongst the prominent guests invited, and who have signified their intention of attending are: His Worship Mayor Cook and Mrs. Cook; the Methodist Clergy, officers commanding the City Brigades; whilst the Guards Band will also be in attendance to render a select programme of musical airs. Up to last night 40 of our local crack runners and sprinters had signed for the various events. They were keyed up with enthusiasm, because of the fact that it is the first sports event of the year, while the other hand each athlete is bent on striving to do his utmost to copy or more of the beautiful prizes offered. Hard fought races are predicted and many a surprise will be in store. The committee wish it to be understood that all the athletes must be garbed in the regular running costume. The competitors must be on time, as the first event will be started promptly at 2.30. A feature of the evening's sport will be the costume comic football match, and an exhibition of Javelin and Discus throwing by Mr. Wm. Coffield. To avoid crowding and a possible collision in the 100 yards dash, the tapes will be used. This will be the means of giving a "Square Deal To All." Similar has been left undone by the committee to make the day an unprecedented success. All the champions will be in action, and the programme of 18 events has been so arranged that every moment will be of interest and all wearisome decisions between events obliterated. Hon. J. Higgins, K.C., the Field Captain, with an excellent committee behind him is sufficient. In case records should be shattered, the A.A.A. have selected Mr. Stan Cullen, as starter, and Messrs. J. M. Tobin, C. J. Ellis, and Claude Hall, official time-keepers. It is thought that a record crowd

will be present. Mrs. W. S. Monroe, the wife of the Prime Minister, has very generously consented to present the prizes to the winners after each event.

### A Reminder.

After the sports the gathering will be invited to wend their way to the Belvedere Garden Party, to partake of tea, and patronage the various amusements and side shows which will be in full vogue during the evening.

### ANNUAL MEETING REGATTA COMMITTEE.

**Annual Derby Takes Place August 6th.**  
The annual meeting of the Regatta Committee was held last night at the T. A. Armoury, when it was decided that the annual Derby will take place on Wednesday, the 6th of August. In opening the meeting President Hiscock thanked the members for their support and co-operation last year, all of which had helped to make the day the success which it proved to be. He referred to the loss sustained by the death of Dr. Scully, who had always been an energetic member of the committee, and he moved a resolution of condolence to be sent to Mrs. Scully, which was unanimously passed. Mr. T. J. Foran moved a resolution of condolence to be sent to the family of the late J. P. Moakler, who although a member of the committee for only one year had rendered valuable service. This was also carried. The officers then vacated their seats and C. W. Ryan was moved to the chair to conduct the election of officers which resulted in last year's executive being unanimously reinstated.

**President—A. Hiscock.**  
**Vice-President—Hon. W. J. Higgins.**  
**Treasurer—R. W. Jeans.**  
**Secretary—C. J. Ellis.**  
President Hiscock thanked the committee for electing him to the position of President for the thirteenth time and he asked for the hearty co-operation of all members. He was not able to do as much as he could some years ago, but he felt that the committee would be energetic and he will be of whatever service possible. A committee of thirty-seven was then appointed and the following honorary members were again elected:—His Honor Mayor Cook, His Honor Judge Morris, Sir Edgar Bowring, Hon. W. J. Ellis, Hon. J. R. Bennett, W. J. Martin, R. B. Job, Gerald Harvey, Lt. Col. W. F. Rendell, C.L.E., Lt. Col. C. O'N. Conroy, O.B.E., C.C.C., Lt. Col. W. H. Herder, M.D. Highlanders.  
It was decided that the medals be again ordered from Mr. A. McNamara, and a committee, consisting of Messrs. J. P. Crotty, A. Williams, J. M. Tobin and J. M. Spears was appointed to select the design. It was announced that the Haig Regatta will not in any way clash with the annual event, and for the former no public subscriptions will be asked. Arrangements will also be made with the Haig Committee to leave the wharves, etc., standing.  
The meeting adjourned about ten o'clock until the 26th inst., when collectors will be appointed to solicit the usual contributions.

It was announced that the cup promised by His Excellency the Governor or last year had arrived, and is now in the possession of the Secretary. The race for which it will be awarded has not yet been decided.

### M.G.C.A. POSTPONED SIXES TO-NIGHT.

The preliminary football sixes for the M.G.C.A. Sports Day, scheduled to take place at St. George's Field last night were postponed owing to the inclement weather, but will be played this Tuesday night, before and after the regular League football match. The participating teams will be as follows:—  
7 p.m.—(c) Stars vs. C.L.B.  
7.15—(d) Guards vs. C.E.I.  
8.45—(a) Pelidians vs. B.I.S.  
9.00—(b) Saints vs. Cadets.

The winners of (a) vs. winners of (c); winners of (b) vs. winners of (d) will play off for the medals at to-morrow's sports.  
The respective teams taking the field before the League game are asked to be on time, thus avoiding any delay or interference with the match.

### PRIZES ON EXHIBITION.

In the window of Ayre & Sons Ltd., Dry Goods Department, is a very attractive and splendid exhibition of prizes for the Guards Sports to-morrow afternoon on St. George's Field; comprising of cups and medals and other prizes for the lucky winners in the different events.

### GEORGES AND TUNNEY TO MEET.

**NEW YORK, June 17.**  
Gen. Tunney and Georges Carpentier were matched to-day to meet in a 15 round bout for the United States light-heavyweight championship at the Polo Grounds during the week of July 20. The agreement was signed this afternoon by Francois Deschamps and Billy Gibson, managers for the two fighters.

### FRANCE LATEST ASPIRANT.

**PARIS, June 9.**—Paolino, a new star of the French boxing firmament, who hopes some day to meet Dempsey, yesterday gave Parisiens an exhibition of the strength of his arms by cutting with an axe through a green beech-wood log of a circumference of four feet in a little less than a minute and a half.

Paolino, whose full name is Paolino Escudun, and who is a Spanish busque-wood cutter from the Pyrenees by profession, was discovered only six months ago by a French manager. He was completely unknown to the public until he knocked out, last week, in a few seconds, the English heavyweight, Arthur Towley, who went four rounds against Carpentier in Vienna. Paolino is phenomenally powerful, and possesses an abnormally long reach. His arms are described by Parisian writers as "those of a gorilla." He always ends his training by cutting through a huge tree trunk with an axe.

### BASEBALL RACES ARE TIGHTENING UP.

More and more as the days go by it becomes apparent that there will be no runaways in the big league races this year—none of the sixteen game margins which signalled the triumph of the Yankees in 1923. The Yankees are having their troubles at home, the Giants have found the going hard in the Western section of the National League. Most marked in the developments of the campaign so far have been the performances of the weak starters of last season. The Boston Braves and the Boston Red Sox have aroused new enthusiasm in Boston, while the Chicago Cubs have been playing in most sensational form. Even the Phillies have shown unexpected strength since leaving home.

### BROWNS MUST BE WATCHED.

The return of George Sisler to the game, apparently as able to play good baseball as ever, has transformed the St. Louis Browns second division prospect to a pennant possibility. In addition to his known qualities as a star player, Sisler apparently has in him some known quality of leadership which makes his men fight for him. In their three games here the Browns showed a spirited, almost savage attack, entirely unlike the Brown team of the past. After a bad start they won twelve out of fifteen games, sweeping aside both the strong and the weak. The Browns must be watched. Where the Cleveland Indians and the Detroit Tigers alone seemed dangerous at the start of the race, there is a threat now from the Mound City.

### WARD'S LONG STREAK OF 575 GAMES BROKEN.

Aron Ward, brilliant second baseman of the Yankees, has been forced out of the lineup after having a streak of playing in 575 straight games. He started on his long journey in 1920, but was forced to break it the other day due to illness.  
Everett Scott of the Yanks is the only player who has a longer streak than Ward. Bill Pinckney of Brooklyn once played in 545 consecutive games.

### OLYMPIC ATHLETES WILL TAKE OATH FOR GAMES.

The oath to which the 6,000 athletes commencing for thirty-five coun-

tries at the Olympic games in Paris this year will subscribe is as follows:—"We swear that we are taking part in the Olympic games as loyal competitors, observing the rules governing the game and eager to show a spirit of chivalry, for the honor of our countries and for the glory of sport."

### MANDELL BESTS DUNDEE.

**CHICAGO, June 10.**—Sammy Mandell, of Rockford, Ill., defeated Johnny Dundee, of New York, junior lightweight and featherweight champion of the world, in a ten round contest at East Chicago, last night. Mandell is the opinion of the newspaper experts won by a wide margin.

### LACKED THE PUNCH.

**NEW YORK, June 9.**—The championship aspirations of Harry Wills sustained a set-back to-night when he failed to knock out Bartley Madden in a fifteen round match at the Queensboro Stadium.

Wills won the judges' decision, and gained it by a decisive margin, but Madden stood up under the negro's most terrific attacks. Wills employed his great advantage in reach and 38 pounds margin in weight, battering Madden all over the ring, opened up nasty cuts about his opponent's ears, mouth and eyes but the hardest punches of the negro failed to more than shake the tough west side.

### Nigerian Natives

#### PROSPER UNDER RULE OF BRIT.

**LONDON, May 29 (A.P.).**—An example of the benefits of rule by a larger power over an indigent people is found in the case of the British dominion in Nigeria, says Sir Hugh Clifford, the Nigerian governor, who is in England on leave.

The natives of Nigeria for the most part are peaceful and contented and living on a scale of life they have never known before, Sir Hugh says. The British rule has destroyed the slave trade and stopped tribal warfare, with the result that the people are expending their energies in other and more beneficial directions. They have become good farmers or industrial workmen and are capable of operating farms without government supervision.

The most noticeable effect of British rule, however, has been in the commerce of the colony. The exports now average nearly \$50,000,000 annually, which is ten times the estimated value for 1913.

### Deaf May Hear

#### TELEPHONE EXPERIMENTS MADE

WINNIPEG, June 16.—Telephones which will render it possible for the deaf to hear may yet be operating in Canada. Officials of the Manitoba Telephone system are watching with interest the result of the experiments now being made by the Saskatchewan government department of telephones.

The use of the cheekbone as a conductor to the auditory nerve, amplification of the speakers voice, and suppression of the extraneous sounds, are the means adapted by the investigators. According to W. E. Lowry, Commissioner of the Manitoba system, numerous experiments have been carried along in this direction. Explaining the operation of the amplifying telephone, Mr. Lowry said the radio was similar to radio amplifying, the apparatus consisting of small boxes with tubes inside which acted as a transmitter and amplifier at once. "We have one extraordinary case on record," Mr. Lowry remarked. "An old lady living in the country, wrote us telling of the wonder that radio has done for her. She had been deaf for years, but she used the radio for listening in on church services, and while at first, she says, the result was not encouraging, she noticed a gradual improvement in her hearing. Experiments along the line of telephones for the deaf date back to the early part of 1923 in Saskatchewan, when the government was asked to provide, if possible, equipment to enable an extremely deaf customer to use the telephone."

### Doctors Told How Men May Avoid Life's Ills

**CHICAGO, June 12 (A.P.).**—A nip of "something strong" before a meal is not one of the habits helpful to growing old successfully because, taken at such a time, it is an incentive to overeating, which is a "national sin," declared Dr. H. H. Drysdale of Cleveland, in an address Thursday, before the American Medical Association.

Dr. Drysdale's subject was how a man at the apex of his achievements may avoid the penalty of years of high pressure living and escape such ailments as apoplexy. Playing golf was among those having a place in the scheme of old age hygiene. "The 'transient balance' habit, which

will not allow a patient to relax and forget his responsibilities when necessary, can be blamed for many serious illnesses and fatalities," said the doctor. "The national sin of overeating, and especially of meat, is one of the heavy burdens an elderly man asks his body to bear. Alcohol, taken before meals is one of the causes of overeating. The advent of prohibition, with the attendant disappearance of the chronic alcoholic, will do much to lower the death rate from arteriosclerosis."

### How to Disguise One's Physical Defects
