

The Deaf and Dumb Institute.
The Hamilton Spectator says:—In Mr. McFann's report to the Board of Commissioners of the Institution, he states that the mental and moral condition of the unfortunate inmates under his care is of an extraordinary character, and that for the first time since its foundation in 1838, the classes in attendance are, with few exceptions, of the proper school age, i. e. from 9 to 16 years of age, the grown up deaf mutes having received an education suited to their condition, are thereby qualified to give testimony in a Court of Justice to obtain their rights, as well as to transact the ordinary business of life. From the pleasing fact that those in attendance are of the proper school age and that the moral tone of the Institution is unexceptionable, he strongly recommends that it be at once made the nucleus of a Provincial establishment. In the Report referred to he writes in eulogistic terms of the healthfulness of Dundurn and of its beautiful scenic surroundings as being eminently calculated for an Institution for the Deaf and Dumb. The only drawback to the more effectual working of the school lies in the non receipt of the usual Government Grant to pay the salaries of teachers.

A Curious Affair.—It will be remembered by our readers that Jonathan Carter, Esq., an old and respected settler residing near Senfirth, died on the 30th of April last. It appears that the deceased left property &c., to the value of \$30,000 and that Mrs. Carter, his widow, has become very much excited about matters connected with the estate. She recently went to two magistrates at Ainleyville, and swore that she believed deceased had come to his death through foul play, whereupon Dr. Worthingham was ordered to hold a coroner's inquest. Accordingly, a jury was empanelled and the body exhumed on the 23rd, when the stomach and intestines were removed, sealed up in a jar, and sent to Prof. Croft, Toronto, for examination. Dr. Coleman, the physician in regular attendance when Mr. Carter was ill, and the widow were examined but their evidence differed materially, and the inquest was adjourned until the 25th November. Drs. Cole and Varcoe, who were called in consultation before Mr. Carter's death, say the disease was simply chronic dysentery, and they saw no symptoms of poisoning. Altogether, the case is a curious one, and has excited no little comment in the neighbourhood.—*Huron Signal.*

SEMI-CENTENNIAL JUBILEE OF THE REFORMATION.—It is 350 years to-day since Luther nailed his 95 theses to the church door at Wurtemberg, an act which led ultimately to the separation of the greater part of Germany, and in fact of many other countries from the Church of Rome. The Lutheran Church throughout the world commemorates the important event in a peculiar manner.

Guelph, 13th September, 1867. dw-1f

PROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH
MADE AT WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market.
They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts.
How they run under the hardest trial watches can have, is shown by the following letters:

PENN. RAILROAD COMPANY.
Office of the General Superintendent, Altoona, Pa., 15th Dec. 1866.
GENTLEMEN,—The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some 300 of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn as long as we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation, but as a class they never kept time as correctly, nor have they done so good service as yours. In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.
Respectfully,
EDWARD H. WILLIAMS, General Superintendent.
American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD.
Locomotive Department, West Division, Rochester, Dec. 24, 1866.
GENTLEMEN,—I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory and for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion I would greatly tend to promote regularity and safety.
Yours respectfully,
CHAS. WILSON, G. Chief Engineer, Brotherhood of Locomotive Engineers' American Watch Co., Waltham, Mass.

We now make five different grades of watches, named respectively as follows:
Appleton, Tracy & Co., Waltham, Mass.
Waltham Watch Co., Waltham, Mass.
P. S. Bartlett, Waltham, Mass.
Wm. Ellery, Boston, Mass.
Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved improved principle, and to possess every requisite for a reliable time-keeper. Every detail of these watches is provided with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.
Any grades of watches is provided with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

VALUABLE FARM PROPERTY
For Sale or to Exchange.
THE undersigned offers for sale, or to exchange for Real Estate in the Town of Guelph, the undermentioned property, viz:
FIRST.—A valuable improved Farm North of the Durham Road, in the Township of Bentinck, three miles from the Village of Durham, containing about 200 acres, of which about 100 acres are cleared and under fence. On the premises are a substantial Frame Dwelling House with good cellar, garden and well, with pump of excellent water. Also, a Frame Barn 60 x 40, with 18 feet posts underground stabling, and a never-failing spring in the barn yard for the supply of water to cattle. This is a very eligible property; and well fitted for an attention of those who wish to obtain a good farm.
ALSO.—Lot 42, in the 3rd Concession of Bentinck, West of the Durham Road, 100 acres, about 12 acres cleared, with a Frame House on the Lot. The Rocky Saugon River crosses one corner of this Lot, and has a valuable water power on it, capable of driving any machinery.
ALSO.—Lot 25, in the 1st Concession, South of the Durham Road, three miles from the Village of Preville, in the Township of Artemesia. There are about 60 acres cleared and fenced on this lot, with a good new Log House.
The above lands are well situated and timbered with the best kind of hard wood timber, with indisputable titles—the last two being direct grants from the Crown.
For further particulars, &c., apply to the proprietor.

REMOVAL,
W.M.C. TAYLOR
Veterinary Surgeon.
RESPECTFULLY thanks his numerous patrons for the liberal support he has received since his residence in Guelph, and begs to inform them and the public generally that he has removed to Waterloo Road, first door West of Mr. W. S. G. Knowles, where he will keep on hand a supply of all medicines for Horses and Cattle.
Agent for McDougall's Patent Disinfectant Powder for dwellings, stables, cow sheds and barns, &c., as ordered by the Board of Health in Toronto; also a certain preventive of the Tramp Fly.
I am also agent for McDougall's non-poisonous Sheep and Lamb dipping composition.
All orders punctually attended to, and

Great Cure of Liver Complaint and Dyspepsia in Canada.
Consecon, Prince Edward Co., C.W. 4 March, 1867.
Messrs. Young & Chamberlain—Sir—Having proved within my own person that there is at least a medicine that will induce cure Liver Complaint and Dyspepsia, I am induced to make this statement, under oath, which is certified that I have been severely afflicted for the last three years, according to the Doctor's statements, with Liver Complaint and Dyspepsia. I had a feeling of sinking and vague uneasiness about the stomach, worse than pain, eructations of wind, occasional pain, drowsiness, constipation, weakness in the right side, headache, a poor appetite, &c., and was greatly reduced in strength. Hearing your new Indian medicine, the Great Shoshonee Remedy, spoken of so highly, I tried a bottle with your Pills, from these I must say I found but little change, but I took another and then found my health improving. I continued it until I have taken about ten bottles, using the Pills, and I find that I have quite recovered. I am hearty without pain or uneasiness. I am well and have pleasure in attending to my business. The doctor remarked to me I was looking much better. I told him that the Great Shoshonee Remedy was doing it. I have recommended the Remedy in several cases, and it has invariably given good satisfaction, and would strongly recommend it to all afflicted as I was.

AMBRIDGE WOOD.
Sworn before me at Consecon, C. W., this 2nd day of March, 1867.

INDIA & CHINA TEA CO'Y.
Home Depot at London and Liverpool, Canada Depot, 23 Hospital Street, Montreal.

THE India and China Tea Company beg to call the attention of the Canadian community to their directly imported Teas, which for purity and excellence will be found unequalled.
The Company have made arrangements whereby they have secured the entire produce of some of the best plantations in Assam and on the slopes of the Himalayas, and by a judicious blending of these tea, and by Teas with the best varieties of China produce, they are enabled to offer to the public Teas of quality and flavour hitherto unknown to the general consumer. These Teas are in high favour in England and France, and a single trial will prove their superiority.
The Company supply two qualities only, either Black, Green or Mixed. Their Black Teas will be found to possess great brightness and flavour, combined with colour and strength, and to be entirely different to the flat and rapid article usually sold as Black Tea; while their Green Teas are altogether free from the deleterious mineral powder so commonly used for coloring the leaf.
PRICES: High, full-flavoured Teas, for family use, a real quality and fine article 70 cents per lb. Finest quality procurable, one dollar per lb.
The above can be had either Black, Green or Mixed.
To be had in packets of Quarter Pound Half Pound, One Pound, and upwards, or in tin canisters of 5 lbs. and upwards from the Company's Agents, as ordered by the Board of Canada—N. B. All the packages are lined with foil paper, and the Teas will consequently retain their flavour any length of time.
Orders—All packages have the Company's trade-mark.
