ALBERTA TEAM WINS THE CHAMPIONSHIP OF WESTERN CANADA BY DEFEATING THE CALGARY TEAM YESTERDAY

Alberta Team the Surprise of the Tournament, Going Through Week Without Meeting Single Defeat; Sharpe Proves Himself Premier Bowler of the West

The Alberta cricketers are champions of western Canada. This was assured yesterday when they defeated Calgary by 42 runs on the Western Canada grounds in a fine tall scoring match, fought out with great keenness.

The provincial team certainly have earned their success. Throughout the week they have shown commendable consistency, every one of their sides was a trier—not a man useless. All of them could do pretty well with the bat and their bowling was by far the deadliest put up by any of the teams who have been taking part in the tournament.

Following up his fine start of Thursday, when he took nine of the Saskatchewan wickets for an average of about three runs each, he proved himself to be one of the best bowlers who have ever turned out on a cricket field in western Canada. He was successful in taking eight of the Calgary wickets for 48 runs, against one of the best batting sides. Barnett again showed up well with the bat, making 60, and Bell made 35.

Poor Fielding of Calgary.

But, as was mentioned yesterday morning, neither the batting nor the bowling are of any use if the fielding is poor, and Calgary can lay down their defeat to bad fielding. Yesterday's show was missed when they had not reached double figures, and he then went on, never offering another chance and scored 117.

Alberta won the toss and put Calgary out to bat. Both teams were bowled out by Nettleton, with Shaw and Morse opening the batting to the bowling of Nettleton and Stephens. Both teams were very good batsmen, playing good cricket.

Morse was badly missed by Nettleton after making hitting up an easy catch, but Wetherill's hands were not big enough to hold it. This was very expensive for Calgary.

A Bad Fumble.

Bertshaw was also badly missed, after scoring 5. By bowling this was bad, as this partnership had reached 30 before Morse was clean bowled by Bell.

Hardisty Joined Bertshaw, but was not fast to stay long, being bowled by Bell with the total at 62. Winter took his place and hit up a useful 22, when he had the misfortune to be bowled off his pads at 118.

Bertshaw was still batting in great form, and soon got to his half century. Through then joined him, and this partnership reached 131 when Burroughs was bowled off his pads by Nettleton.

C. Hall was the next, but was soon bowled by Nettleton, with a score of 135. Lurch was called with Alberta 155 runs for five wickets.

Afternoon Play.

Play was resumed at two o'clock with Napper and Bertshaw batting. Napper hit freely and brought the total up to 181, when he was caught by Wetherill after making a useful 27. Bertshaw was still batting in great form, not giving a chance. Dickson then joined him, and this partnership brought the score to 207, when Dickson was bowled by Nettleton.

Sharp was next to follow, but was bowled after 22 runs were scored.

Bertshaw's century.

Bertshaw reached his century before Sharp was dismissed, his batting being a fine display of steady, sound cricket. After a chase until 158, when he was caught by Downing. His innings was faultless with one exception, being missed when he had made only 5. Barring this, he earned every run he made. He was now partners, and through some good free hitting on the part of Bertshaw, the total reached before he was bowled by Hill. This left Calgary with 270 runs to get to win.

Calgary's Innings.

Calgary's innings opened with Stephens and Hill, to the bowling of Sharp and Hall. Both batted steadily till 32 was reached, and then Hill was clean bowled by Sharp, after making 22 runs.

P. P. Barnett joined Stephens, and scoring was at a snail's pace. With the score of 62, Stephens was bowled by Sharp.

Hill joined Barnett, only to be clean bowled by Sharp, who was keeping up his reputation with the ball. Richardson then came out to bat. Barnett, however 14 more runs were scored, and then Richardson was another of Sharp's victims. This made the score read five wickets down for 123 runs.

Runs Needed Badly.

Calgary had five more wickets to fall, and needed 141 runs to win, with some of their best bats to go in.

Bell joined Barnett, and proved to be an able partner, there two scoring runs at a good pace, bringing the score up to 150, when Barnett dismissed one of Hill's and asked the ball up to Hartley, who made no mistake in holding it.

Downing followed in and helped Bell add to the score to the tune of 15 runs, and brought the score to 162.

Downing was caught by Winter off of Hill. This made things look bad for Calgary, as they still needed 168

Runs to win, and seven wickets were down.

Sharp's Powerful Bowling.

Nettleton was the next to follow. Bell was scoring freely, and soon reached his fifty, but Sharp was bowling like a demon, and certainly was a threat in Calgary's side, for Burroughs caught him after he had made a well played innings of 63 runs.

This made the championship sure for Alberta, who have won five consecutive matches. Alberta have been picked in western Canada.

Calgary are very slack in the field. Wetherill and Downing missing two easy catches, which cost them the match.

Alberta are to be congratulated on having such a good skipper as Mr. Dickson, who filled the part creditably. Napper is another asset to the team, having made some useful scores during the week. Bertshaw is another player of great value in the team, than that of his 117. He is a good steady bat. In Sharp, Alberta has a man who has complete control of the bat, and Pine Lake should be proud of such a representative.

Hill is another good all round man, and has done some good work with the ball for Alberta. Winter, Morse, Winter, Anderson, Hardisty and Reid are the rest, and each of these men is worth of great praise in the manner they have batted and fielded, thus helping their team to the position it holds—champion of the Western Canada Cricket association. Manitoba vs. Saskatchewan.

Manitoba and Saskatchewan played their return match on the barracks grounds, Manitoba winning by 47 runs. The score was 174 for Manitoba, and 127 for Saskatchewan. The feature of the innings being 174 by Langton. He played splendid cricket, and took 4 wickets. The feature of the innings being 174, when his long field might have caught him. His next error was at 174, and he was then held in the slips. Atterbury, not out 51, also batted well.

Saskatchewan went in with a very formidable total to wipe off, and they started none too well, four wickets down for 48 runs. Hartley and Goldie got together, and though both offered chances, which were not taken, they began to pile on runs. They never took any chances with the bowling, but Hartley especially selected the balls to hit very carefully, and he seldom allowed a chance to pass. These two hit up for the fifth wicket, and then Macfarlane got Goldie, who made a nice 57.

The very next over the same bowler also took Hartley's wicket, his contribution being 107. While these two were together it looked quite possible that they would draw, but the remaining batsmen could do nothing, the whole side being retired for 255. The scores were:

Edmonton, Aug. 9.—Catcher Andy Slight is no longer the property of the Edmonton Baseball club, a deal being closed yesterday whereby he is sold to President T. O'Neill of the Western league. It is not known which club in the circuit will secure the great little catcher, all negotiations being made through the president, who paid a larger sum than the Class D draft price for Slight. This is practically found money to the local club. Slight has absolutely refused to report to the Birds, and had been put on the suspended list.

The money was no sooner received than it was sent on its way to the coast, addressed to President Dugdale of the Seattle club in the Northwest league. Fred Chick is the man in demand, and he would report here this week. Once before this season it was announced that Chick was on his way to leave for the rest of the team playing the same class of ball they have been doing lately, there is no reason why the Gray Birds should not copy the money they are by no means out of the race yet. They have a long series at home, and by the time they leave for their road trip should be right on the heels of the Bronchos, who on form have no reason for being so far ahead.

TOO MUCH BARENKAMP CAUSE OF DEFEAT OF THE DEERS

Big Bill Had Hurleyites Breaking Their Backs at His Curves

A Couple of Broncho Errors Saved the Deers From Whitewashing

Barenkamp Slammed Ball Out to Score Board and Broke Dickie's Heart

AGAIN it was too much Barenkamp! Big Bill performed in a most unnecessary way to state in whose favor when the recent record of the big twirler is considered. Suffice it to say that Big Bill had the inoffensive little Deers eating out of his hands, turning back summersaults and various other circus tricks for the special benefit of the ladies present, for it was Ladies' Day at the park and the feminine instinct for a bargain drew a good crowd of the fair sex to the Hillhurst enclosure.

Dickie Dickson's

strike-out record and in the seven innings which he pitched made seven Bronchos whiff the breezes but in his anxiety to fan his opponents he got in the habit of grooving them at the wrong time with a rather disastrous result. On ten separate and distinct occasions did the Bronchos connect and while none of the swats were of the home run variety yet if it were not for the big bill at the back of the park some would have gone for four bases.

Big Bill's Swat.

Big Bill Barenkamp was under the impression that he was fango hitting, and at his first appearance at the plate drove the ball to a game at mid-air. The ball landed with a sting against the score board in centre field, and would have been going yet but for the timely swat took the heart out of Dickson to such an extent that for three innings he was in rapid succession, and in these three innings—the third, fourth and fifth—the Bronchos accumulated their seven runs.

Deers' Runs Given to Them.

The Deers' total score was sent to them on a silver platter. They both came in the fifth, largely as the result of errors. The first was a two bagger along the third base line, went to third on the error of Vivian, who allowed the ball ready to hit, and then came home on a passed ball.

Red Deers.

CALGARY GUN CLUB

The Friday evening shoot of the Calgary Gun Club was well attended and a number of shooters turned out for the first time this season. With the exception of one or two the scores were not very high, but anything like a high score was out of the question as the last events had to be run off while darkness was setting in and the swiftly moving targets could hardly be seen as they left the trap. R. G. Robinson was high man with 25 straight and only lost the spoon to Dr. Karnopp on account of being handicapped two birds.

The Class "C" men were not represented and in "B" class the shooters' percentages were so low that no spoon was awarded.

The Class "A" spoon went to Dr. Karnopp, who broke 13 of the 50 birds shot at. This is a very good score in view of the fact that the doctor is a new club member this season and had no previous shooting experience. The scores:

Broke	Shot At
Robinson	25 21 21 75
McLaren	20 19 22 75
Bowler	19 19 60
Gunn	17 18 60
Karnopp	23 22 17 60
Rea	7 16 40 50
Lucas	19 19 15 75

The Edmonton tournament takes place on August 12 and the Calgary shooters will leave here on the late train tonight or on the early one leaving Calgary Sunday morning.

About fifteen shooters will represent the Calgary Gun Club and the team will be selected from the first ten high guns of the first evening.

Miss Sparrow, who has been followed with considerable interest by the spectators by reason of her plucky fight in every event she has entered, lost in the ladies' singles and semi-finals to the very deliberate and accurate play of Mrs. Dudley-Smith. The latter waits on every stroke sent her until she has decided upon the proper place for placing the same. Then with entire absence of haste she drives low to the net, and usually succeeds in reaching the spot picked out beforehand.

A driving wind proved a handicap to play for a while yesterday. Otherwise weather conditions could not be improved upon.

The secretary of the tournament desires every player to remember that the strict time of play must be adhered to today. Delinquents will be scratched. There is a heavy schedule, and all courts will be needed all the time to complete the semi-finals by noon.

TENNIS FINALS WILL BE PLAYED OFF TODAY

Exciting Games Expected Today in Gentlemen's Singles Event

Miss Mayne and Mrs. Dudley-Smith Will Battle for Ladies' Title

All Events Are Expected to be Brought to a Close This Afternoon

YESTERDAY'S play brought all events of the Alberta Provincial Tennis tournament up to the semi-finals and finals. Today will witness the finish of all events scheduled and a series of exciting contests are promised. This is particularly true of the gentlemen's singles. This morning Carlie plays O'Grady and Archie Toole plays Whalley, the winner playing for the championship title. Each of the four men has put up a consistent fight for every game entered and the finish promises to be very close with enough exciting play to thoroughly satisfy the lovers of the summer sport.

In the gentlemen's doubles open event Carlie and J. Toole play Holman and Gullion, while O'Grady and A. Toole play McLaughlin and Gaskill, the winners appearing in the finals this afternoon.

Miss Mayne and Mrs. Dudley Smith remain to contest for the ladies' singles event. Mrs. Dudley Smith holds the title from last year.
