President Hart Predicts They Will

BASEBALL

PICHERS ARR PITCHERS.

This is what President Hart, of Chicago, says of pitchers: "They will command their own salaries next year. Pitchers are pitchers this year, and no mistake. Most of the games lost by Chicago to date can be traced to weakness in the box. The condition is not spasmodic. It is simply chronic. Under the new rules the batteries kill the ball. I have tried for weeks to secure new men, and the team has experimented with a dozen or more minor leaguers, but none have stood the test, and we are worse off now for pitching taient than when we started. What is worse, we can't lay our hands on any really good man. Cincinnati has tried over fitteen men, and Pittsburg has experimented with a like number. So I might go on through the list. And of the scores of the new men who have been tried in fast company, how many have stood the test? Arthur Clarkson is the only one, and he has been in the big league before. The diamond is strewed with the wrecks of pitchers. Next year there will be the greatest fighting on record to secure good pitchers, and more money than ever will be paid for salaries."

What relation has deep breathing to strength? Eugene Sandow, said to be a marvel of strength, who has lately greatly interested Prof. Sargent, of Harvard, breathes through his abdomen; in taking a deep breath fills the top of his chest first. It is observed in registering his breathing that "the abdominal breathing was greater than the thoracte." "Then I move that we adjourn," said Ald. J. W. Jones. "I won't be taken by the throat by the street railway or any other company."

Ald. F. J. Fitzgerald wanted to go right on and let the company know what the council did want. Then if they could not agree they knew what to do.

Ald. Jones did not press his motion to adjourn after that.

Ald. Stevely in amendment moved that the proposal and proposed amendment of Ald. J. W. Jones be referred back to No. I committee for further consideration.

On the vote, Ald. J. W. Jones was the only alderman supporting his motion.

Mr. Stevely's amendment then carried, after which the committee ross and reported progress. The council then adjourned, leaving the matter under discussion in about the same position as when they started.

A communication was read from A. F. Weeks, secretary of the railroad teamstery picule asking for five electric lights to illuminate the band and grand stand on the evening of civic holiday. It also stated that a four-in-hand would convey the mayor and some of the aldermen to the grounds on the morning of Monday. Other vehicles will be in readiness to convey the other members.

Ald. J. W. Jones spoke in favor of placing the lights and on his motion the favor was granted.

When Ald. Garratt changed his motion to read No. 1 committee, Ald. Moule arose hurriedly.

"Does this committee intend to chew the report to pieces and then send it back to us?" he asked. "Because if they, do! won't do anything about it."

Then Ald. Scarrow from ward 4 took up the 'gauntlet. "Does Ald. Moule expect us to swallow anything and everything that No. 1 committee brings before us?" he asked.

The dispute promised to extend in definitely, but a compromise was effected by withdrawing both motions and taking up one street at time.

The first snag was struck in ward 5, where the ofter reads "Egerton street from Hamilton road to Trafalgar." Ald. F. J. Fitzgerald moved that the clause changed to "Along Egerton street to Dundas street." Carried.
