

WITH BRIDES THE

SHOEBOTTOM-MORGAN.

A quiet wedding was solemnized at the rectory, Ilderton, Ont., by the Rev. A. Shore, on Wednesday afternoon at 4 o'clock, when Clara Pearl, youngest daughter of Mr. and Mrs. Thos. Morgan, became the bride of Mr. Roy B. Shoebottom, only son of Mr. and Mrs. J. D. Shoebottom of Denfield. Immediately after the ceremony Mr. and Mrs. Shoebottom left for Detroit and Windsor, the bride wearing a suit of navy blue broadcloth with beaver trimmings and a black picture hat. On their return Mr. and Mrs. Shoebottom will reside near Denfield.

MERIAM-FITZGERALD.

A quiet autumn wedding was solemnized in St. Paul's Cathedral on Thursday, Oct. 27, at 4:30 o'clock, when Josephine Rogers, youngest daughter of Mr. and Mrs. William C. Fitzgerald, became the bride of Mr. John Wesley Meriam of Byron. The ceremony was performed by the Very Rev. Dean Tucker. The bride, who was given away by her father, wore a smart suit of navy broadcloth, with jet and beaver trimmings and hat of black panne velvet with ostrich spray and a corsage of orchids and yellow roses with streamers. A dainty wedding luncheon was served at the home of the bride's parents, after which the young couple left for points east. On their return Mr. and Mrs. Meriam will reside at their new home, Byron, Ont., and will be home after December 1.

CORBIN-COULSON.

A pretty wedding was solemnized at the home of Mr. and Mrs. Thomas Coulson-Dale, Ilderton, Ont., when their daughter Verna Coulson was united in marriage to Percy Corbin, son of Mr. and Mrs. W. S. Corbin, 107 Maitland street, this city, by Rev. A. E. Marshall on Saturday, Oct. 22, at 2 o'clock. The bride, who was given away by her father, looked charming in a brown canton gown, heavily beaded, and carrying a beautiful bouquet of Ophelia roses and orchids. Mrs. Corbin, wearing navy canton crepe, acted as matron of honor. The wedding March was played by Miss Myrtle Corbin, sister of the bride.

NO MORE SLEEPLESS NIGHTS—FINDS HEALTH IN INTERNAL BATHING

Mr. F. C. Voigt, Queen's Hotel, Rapid City, Man., writes: "For the last few years I have been a sufferer from indigestion, nervous debility, insomnia, and allied troubles. My health became bad and I despaired of living through the winter. Loss of appetite and sleep were making my condition unbearable. I purchased a J. R. L. Cascade, and have been using it for a short time, and have obtained remarkable results. My appetite has returned, and I am now enjoying the most refreshing sleep that I have had for years. I regard it as a God-send."

If people only knew what Internal Bathing is doing for thousands of others fewer pills and laxatives would be taken, and very much less suffering from Constipation and the accompanying Stomach and Nervous Troubles resulting from it.

If you are robbed by Constipation of the sound sleep and good appetite so essential to health and vigor, you should not lose a day in availing yourself of the simple home treatments which hundreds testify have meant for them a new lease of life.

The J. R. L. Cascade is the only perfect appliance for Internal Bathing. It is shown and explained at Standard Drug Company, Limited, London, Ont. Write to them for "Grey booklet," "Why Man of Today is Only Fifty Per Cent Efficient"—or telephone or write to J. R. L. Cascade Institute, 163 Colborne street, Toronto.

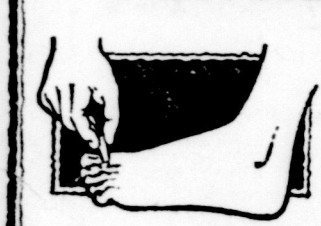

ROUTS CATARRH QUICKLY

Does It In Seven Days or Less Try It So In Your Own Home.

Those who suffer from catarrh can now feel sure that there is a quick way to get rid of it, for a new combination has been developed that has proved successful beyond all dreams. It is something entirely new, simple and easy to apply and will rout out a catarrh of the head, nose or throat in SEVEN DAYS OR LESS in your own home. Every victim knows how filthy and loathsome some catarrh is. The diseased mucus is a stench, it is pestful to family and friends. It makes you weaker, you dull your mind and your will. And there are millions of germs in the mucus, coughing and spitting which you innocently give to others.

If you are sincere in wanting to be relieved without delay, write at once to "Nurse Jan-O-Sun, Reg'd., Apartment 43, 230 Craig St. W., Montreal," giving your name and address, and the rest will be attended to promptly so that you can try it seven days.

the groom. Miss Corbin wore a dainty gown of ivory chamoisee satin, and the mother of the bride, brown crepe de chine. The groom's mother wore brown chamoisee satin.

Following the ceremony and wedding breakfast, the happy couple left on a honeymoon trip, for Detroit, for Detroit, the bride traveling in a brown tulle dress, seal skin coat, and wearing a brown feather hat.

The groom's gift to the bride, who was the recipient of many handsome presents, was a diamond and onyx brooch. Mr. and Mrs. Corbin will reside in Woodstock.

JAMES-TUCKEY.

Wednesday, Oct. 26, a very pretty wedding was solemnized at 4 o'clock at the home of Mr. and Mrs. Charles V. Tuckey, when their daughter Magda Josephine was married to John Wilfred Roy James, eldest son of Mr. and Mrs. James, Komoka, by the Rev. W. Mason, pastor of the First Baptist Church, Lobo.

The youthful bride entered the drawing-room on the arm of her father to the strains of the Bridal Chorus from Lohengrin, played by Miss Edith Irvine, London, aunt of the bride.

The bride was groomed in a dress of midnight blue chamoisee satin, trimmed with old rose and sand georgina crepe, and wore a corsage of Ophelia roses, and a platinum and diamond barpin, the gift of the groom.

Little Miss Marguerite Smith, niece of the bride, in a frilled dress of white voile and lace, carrying a lovely basket of pink roses and mums, acted as the flower girl.

The groom's gifts to the pianist and flower girl were pearl brooches.

After the ceremony a reception was held, after which a dainty wedding supper was served, the color scheme being pink and white, mums and dahlias being used.

The young couple left on a motor trip to Detroit and other points in Michigan, the bride carrying in a navy suit of embroidered tulle, with Hudson seal collar and a panne velvet hat with ostrich moust.

Mr. and Mrs. James will reside in Forest.

Women's Institute Program Reveals Modern Women's Broad Interests.

The fact that women's interests are, by no means confined to cooking, fashions and housekeeping their own homes has a striking illustration in the program which has just been printed for the seventh annual convention of the Women's Institute of Western Ontario, which opens in the Masonic Hall, Queen's avenue, on Tuesday afternoon.

The status of Canadian women as enfranchised citizens is suggested in the attention given to the subject of procedure and organization, to which the afternoon session on Wednesday will be given up, with addresses by Mrs. May R. Thorne, Mrs. James Patterson and Mrs. William Todd, Orillia, the last president of the Ontario Women's Institute. Dr. H. W. Hill, D.H.P., has been asked to speak on Thursday morning on "Communicable Diseases and Their Prevention," while Dr. Annie Ross of the Ontario Agricultural College, Guelph, will give an address at the opening session on "Education, Play, Entertainment and Health," with relation to the girls' work. Dr. Ross, a brilliant young Canadian woman, and M.D., after obtaining her degree, specialized in physical training, holding the firm belief that many of the ills of later life could be prevented by proper development through judicious exercise and physical training, with special emphasis on adequate and judicious play.

Education and art as every-day factors in life will be presented on Wednesday evening. Mr. A. D. Jordan speaks on "Music for Country Homes and Communities." Miss Margaret Thomas on "Western Ontario Authors and Artists," while Lieut.-Col. W. J. Brown will tell what the Western University has to offer to rural communities. The city will do honor to the officers and delegates in a complimentary banquet Tuesday evening at McCormick's hall, and an opportunity will be afforded the delegates to visit the Byron Sanatorium between the afternoon and evening session on Wednesday.

Cynthia Grey's Mail-Box

AUNT ROSE'S SEEDS.

Dear Miss Grey,—I am mailing the aster seeds promised, with a few other kinds. You will find 42 of asters. The ones in the larger packages are nearly all white, while the small ones are mixed varieties. I am sending 27 of phlox, 10 salpiglossis, 15 of zinnias, 8 of mallow, 5 morning glory. These are not ripening as fast as I expected. I am sending my hollyhocks—45 packets—as I think they should be sown this fall. This kind blooms the first year if they get started early in the spring. The colors range from white and salmon to a dark red, with several shades of pink and are single and semi-double, with fringed edges. I am also sending a few seeds of vegetables, although I do not know if you would class ground cherries that way. You will find 15 packets of these, also 19 of summer savory, 6 of pie pumpkin, and 10 of a squash that we like better than Hubbard. I want to thank the Boxes for sending envelopes. I hope you will be able to get something worth while for the poor kiddies from my seeds. Inclosed find a mite.

AUNT ROSE.

Thank you, Aunt Rose, for the large box of seeds. It was very good of you to send them in, but at present I have about as many as I can handle, so readers, do not send in any more just now.

Will A. C. Vine and Lover of the Mail-Box send in their names and addresses?

WILL HELP FIVE ROSES.

Dear Miss Grey,—Back again so soon, but I did not sign my name to the last letter, I wrote, so perhaps it will not be published, but now I am here to offer some help. I see where Five Roses would like a regular pattern for a child aged 2 years. I also have some discarded clothing, men's pants and lots of stockings, but probably they are beyond the line. I take a stocking leg and cut it down and make a foot, and my little boy wears them around the house, and they are fine—saves a lot of washing of white stockings. If you want these, Five Roses, my address is with Miss Grey.

I see, Miss Grey, where someone said you were a man. Mercy, how would a man have the patience for hospital mites, seeds, patterns and crochet affairs! Don't let him talk to you again like that.

The paper only, besides having names and addresses signed. Tip has done a wonderful amount of work, and I am quite sure the quilt will be a credit to have a good "hurrah" from the her.

WILL EVERY ONE HELP?

Dear Readers,—I am writing to you about the quilt. I hoped to have it finished by now, but I have waited all this month for two blocks to come in, and I just received a notice saying that one of the "Blockites" didn't make hers, so I am expecting to hear the same from the other one. I am sorry more of the readers did not take a greater interest in our quilt.

I have put a great deal of work on the quilt, as nearly all the blocks have more names on now than when they were sent to me, and most of them needed fixing one way or another. We will excuse those who were sick, but I think some of the boxes could have laid aside their crocheting and knitting and made a block.

As so many have backed out, I will have ask every reader to help me out. What I want is enough pieces to make two blocks. If anyone can take a piece of woolen goods and work several names on it and send it to me, I will make up the two blocks out of these pieces. Charge 10c for each name, and send the money to Miss Grey. Will every one try to have their piece finished and sent to me within a week from today, as I am anxious to get the quilt finished and off my hands.

TIP.

Tip has been so faithful in making the quilt, and has taken such great pains with the fixing of the blocks, I think the least we can do is to make a single patch, in order that she can finish it, so I will be the first one to offer, and will send my patch this week.

Blue Bell.—I am sorry, but I cannot publish lists of this nature.

WANTS BULBS.

Dear Miss Grey,—I read the letters in the Mail-Box and get good ideas and recipes.

How is Tip getting along with the quilt? She certainly is a willing worker. I was wondering if any of the Boxes have any bulbs to spare. I would like to get some. I have red and pink dahlias I would exchange for other colors. If anyone would be so kind they can get my address from the Mail-Box, or write to the Mail-Box and I will watch for it in the paper. Inclosed find mite. Could I have some flower seeds, any kind, also?

TURQUOISE.

Am mailing you a stocking foot pattern, also some seeds, and hope you will like my choice. Thank you for the hospital mite, and I trust you will receive some bulbs.

WANTS SEEDS.

Hello All,—Isn't this a change in weather from the weather at the time of the small fairs. Could I please have a few of the castor beans that I saw were to be sent in, and some sweet peas, if you have any?

Inclosed find a poem asked for by one of the pageites, "The House by the Side of the Road." Well, mist slip away or I will be kicked out.

LILLY DALE.

We haven't any castor beans or sweet pea seed, Lilly Dale, but if any are sent in I shall remember your request. Thank you for filling Cleopatra's request for the poem.

IS DISGUSTED.

Dear Miss Grey,—Really it is disgusting to think that some people haven't a spark of originality. I am the original Pussy Willow, and I see that two or three others have taken my name.

The other day I received dozens of small envelopes from Wives, which were really meant for one of those unoriginal beings. Then yesterday I received a card from a lady in Inwood, wishing to exchange gladiolus bulbs. It must be one of those.

MAKES A FAMILY SUPPLY OF COUGH REMEDY.

Really better than ready-made cough syrups, and saves about \$2. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily \$2. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives relief immediately. Relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

If Stomach is Out of Order —"Diapepsin"

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief. This harmless antacid helps digest anything you eat and overcomes a sour, gassy or out-of-order stomach in five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your druggist a sixty-cent case of Pape's Diapepsin. There will be no sour risings, no belching of undigested food mixed with acid, no gas or heartburn, no fullness or heavy feeling in the stomach, no nausea, headache or intestinal griping. Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this food fermentation and begin eating what you want without fear of discomfort or indigestion.

the other P. W.'s that had these bulbs to exchange, as I haven't any at all.

Yes, and there is another instance I can tell you about. Some time ago I received a letter from Stubby, in which she wished to exchange flower seeds. I never stated my desire to exchange seeds in the Mail-Box, so you see that is another mistake.

Miss Grey, I would suggest that anyone taking another person's pen name should not have their letters printed, or else sign their own initials, as this would save so much confusion.

This is the third time that my pen name has been taken, so we onto the one who takes the next name I decide on.

What will I do with these seed envelopes, Miss Grey? Will I send them to you, or return them to Wife? Or perhaps it would be best to send them direct to Pussy Willow No. 2, if I had her name and address. For this once I will sign.

ORIGINAL PUSSY WILLOW.

I am sorry that so much confusion has arisen on account of your pen name being stolen. If I were you, I would attach the word "Original" to your pen name, so as to avoid any further trouble. I am mailing you Pussy Willow No. 2.

FINDS LONDON LONESOME.

Dear Miss Grey, — You have a really wonderful Mail-Box, haven't you?—made up of a little bit of everything. It seems to be of a help to everyone, no matter what their troubles may be. That is why I have decided to write to you, although my troubles may be just a little odd

to what you are used to hearing. I have only recently come to your big city, and I like it fine, only I know no one, and I find it dreadfully lonesome, as I was always used to a good time and many friends. I am writing you to see if I can't find a pal. Surely somewhere in the city there is a girl who is away from home and friends, who is lonesome, too. If I could only find one, I am sure we would become good chums, but she would have to be a good girl about 20 years old and not giddy—or even a boy. I would not

mind as long as he was honest and respectable, and would appreciate a real pal. I know, Miss Grey, some would not think this just right to get acquainted this way, and if I were home I would not dream of doing such a thing. But there seems no other way. I go to church every Sunday night, but you know yourself just what the people are like in city churches. They do not take to strangers all at once. They are friendly enough, but what I want is a real chum, so we could go to church, the show or other places of

amusement, together, and have a good time. My evenings are free, but I simply won't go out alone, as I do not think it is right.

I will leave my address with you, Miss Grey, and I hope if any lonesome, respectable girl sees this she will write, so we can become real chums. Best wishes to the Mail-Box. LOVER OF MUSIC, NO. 2.

I am sorry that you find our city so lonely, but think in time you will become acquainted, as I myself once passed through the same stage. Possibly some of our city readers who are also lonesome will write to you.

Keep Step With Your Market

Nine million Canadians must be fed, clothed and housed three hundred and sixty-five days in the year. There is no chance of the country going cold, naked or hungry whilst wages and profits are backed up by an average savings bank deposit of \$200 and an average bond holding of \$250, and while there are 100 DAILY NEWSPAPERS TO TELL THEM WHEN AND WHERE TO BUY THEIR NEEDS AND THEIR DESIRES.

Canada's buying power is growing daily

Consider the rural population—with millions of dollars rolling in from the crop harvest. Will this class deny itself the necessities and luxuries you have to sell?

62,062immigrants entered Canada during the first six months of 1921

Those from the United States alone brought \$8,755,203 in cash and effects. The other fifty per cent, mainly British-born, have corresponding needs and the money to satisfy them.

Therefore, is it not plain, business sense to use DAILY NEWS-PAPER ADVERTISING to secure sectional or national demand? The daily newspaper moves the goods five to ten times more quickly and more economically than any other medium because it is the daily buying counsel of all classes of people.
