## RE-ELECT FORMER BOARD OF Y.W.C.A.

Directors Choose Mrs. Donald McLean As First Vice-President.

At the annual meeting of the Y. W. C. A. board, held at Lennox, Wednesday afternoon, the following officers were re-elected, with the exception of Mrs. Donald McLean, who was elected as first vice-president to fill the vacancy caused by the departure from the city of Mrs. Archibald Graham: President, Mrs. C. B. King; secretary, Mrs. J. H. Cameron; treasurer, Mrs. W. M. Bruce; corresponding secretary, Mrs. Angus Graham; second vice-president, Mrs. D. G. Westland; third vice-president, Mrs. Alex. Calder; fourth vice-president, Mrs. C. Glass.

Mrs. Frank Glass opened the meeting with religious exercises. Much regret was expressed by the members owing to Mrs. Graham leaving the city. Mrs. Graham has been indefatigable in her work for the organization, having accepted the office of vice-president for four years ago, and also acting as convener of the house committee.

Acting upon the recommendation of the finance committee, the board passed a resolution that the insurance be increased on the property. An interesting report of the traveling aid committee was given by Mrs. Rowe, which showed that 400 cases had been cared for during the past month. The need of a transient home was emphasized, where girls who appeal to the Y. W. C. A. for protection could be harbored, this home to be run under the jurisdiction of the Y. W. C. A.

The filling of the office of general secretary is still under the consideration of the board. No change has been made in the convenship of the various departments, which are as follows: Finance committee, Mrs. E. E. Reid; girls' work, Miss Bessie Camus; industrial committee, Mrs. W. E. Westland; travelers' aid, Mrs. T. Rowe; physical department, Mrs. Gordon; Philip; religious committee, Miss J. Moore. The convenship of the house committee is vacant owing to the departure of Mrs. Graham, but will be filled later by the president, Mrs. King.

## SAGE TEA TURNS GREY HAIR DARK

It's Grandmother's Recipe To Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns grey or streaked, just an application of two of Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called "Wyeth's Sage and Sulphur Compound." This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it restores so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time, morning the grey hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Advt.

## Chic Hats For Medium Height

BY MARIAN HALE.

LONDON, Feb. 15.—The coolie hat, a Marie Louise design, is an interesting variation of "just hat." The queer pointed crown which begins at the edge of the brim is of shimmering beautiful silver cloth and gracefully draped with peacock feathers.

Such a crown, however, is a dangerous thing for the girl who is either above or below medium height. The

too tall girl will find her height greatly emphasized by the wearing of pointed crowns, while the really short girl is apparently shortened by the spreading sides of the crown. Only the girl who strikes, in height, that happy medium can successfully wear a coolie hat.

The hat is lined with metallic cloth in soft blue.

The flowing veil, which is quite an important part of the new spring hat, is black embroidered in gold.

## Cynthia Grey's Mail-Box

A BREEZE FROM THE SOUTH.

Dear Miss Grey and Boxites.—Just a long-distance call from far-off California to ask how you all are faring in the east.

I am spending a few months in California, and thought perhaps the Boxites would like to hear about the San Joaquin Valley, which is a tract of country of large extent, lying between the Sierra Nevada Mountains and the Coast Range.

Of course, most of the leaves are off the trees and vines now, but just imagine one vast expanse of grape vines and orchards stretching away as far as the eye can reach. Overhead the blue sky, and in the distance to the east the foothills and snow-capped mountains of the Sierra Nevada.

California is a very large state, and a great variety of climate may be experienced within its limits. Just as in Ontario, it is much colder in some parts than in others.

California is a very fine state, and I would much prefer it to any of the middle west states which I have seen, but I still think that Ontario can hold its own with most places, and I have not seen so beautiful a river as the St. Clair since leaving Canada. Here peaches, apricots, figs, nectarines, olives and oranges are grown, and especially grapes. The latter are mostly dried and shipped as raisins.

When you see Fresno on a package of raisins you will know it came from the San Joaquin Valley. Packing the raisins into cartons gives the women and girls here plenty of work, also the other kinds of fruit in their season.

A great many Japs and Mexicans are employed in the vineyards and groves. An occasional Hindu or a Chinese woman wearing trousers may be seen on the streets here.

Being away I didn't hear how much the quilt brought, but I hope a goodly sum, and I hope the Boxites are all well and enjoying themselves.

I hope to be back home in good old Lambton before long, and will sign myself as of old

MOLLY MAGUIRE.

It is sweet of you to remember us all and think enough of us to write and tell about your visit. Your letter is like a warm breath in the Mail-Box, as we are experiencing quite cool weather just now.

PEACH SENDS WORDS.

Dear Miss Grey.—We are taking The Advertiser, and like it fine. I saw where Miss E. O. was asking for the words of a song, which I am sending, and hope it is the right one. Will you please send me the words of "Let the Rest of the World Go By"? I will send a mite next time.

Am mailing you the words asked for, Peach, and thanks for filling Miss E. O.'s address. We will be pleased to hear from you again sometime, Peach.
