ne Town Youths Keep Ingersoll Fans On Anxious Seat Until End.

Special to The Advertiser. ngersoll, March 15 .- After being out the game since their defeat in the O. (H. A. series by Clinton, the local juniors look possession of their sticks again tonight and in the first of home and tonight and in the first of home and home games for the Rounds trophy defeated St. Marys by a score of 2—1. The game was one of the hardest fought of the season, with the result in doubt up to the time the gong sounded. St. Marys displayed excellent form and had the home fans on the anxious seat when they scored early in the first period. They were still leading when the gong sounded. About midway in the second session Vallee taking a rebound, beat Murdock, and tied up the count. There was no change when the teams went to the rest rooms. It was a great nip-and-tuck struggle in the third session, with speed, combination, bodying and tripping by way of spice thrown in. The teams were evenly matched, although Ingersoll back-checked like fiends and appeared to have the more effective combination. With only five minutes to go. Vallee

back-enecked like hends and appeared to have the more effective combination. With only five minutes to go, Vallee made a sensational end-to-end rush and placed the locals in the lead by a bullet-like shot which went straight into the twine.

many shots to stop. The game was
easily the most exciting of the season.

Joie Ray Is Out After Revenge

New York, March 5.—Trust Joie Ray the apply all the necessary dynamition for the competition to any given event. Track followers throughout the country will have their eyes on the Twenty-Second Regiment (New York) Armory on Wednesday night, when Ray meets Willie Ritola in the 5,000 metre feature of the Western Union games. Jole has gone on record as to this event. He says he will give Ritola the beating of his life in payment for the latter's victory over Ray last week, when the Finnish-American representative stepped the three-mile distance in record time, beating the Chicago taxidrived by less than a yard. Opinion among track experts is divided as to whether he will be able to make good his promise or not.

The distance Wednesday night, 5,000 metres, is 200 yards longer than the three miles. A great deal as regards the outcome depends upon which does the pacing. If Ritola can induce Ray to be pacemaker, as was the case at the K. of C. games, then his chances of victory will be vastly greater than if he shows the way. Negotiation of the distance by the two men, the strategy they employ, and their tactics at various stages will be well worth watching.
