BALLOON FROM U.S. LANDS IN PALMYRA

Aeronauts Reported To Be U. S. Army Officers in Flight From St. Louis, Mo.

DID NOT GIVE NAMES

Packed Up Their Aircraft and Went To Detroit by Train.

Special to The Advertiser.

Ridgetown, April 13.-A certain amount of mystery surrounds the landing of a large balloon at Palmyra, about eight miles from here, on Saturday afternoon. Two men, reported to be U. S. army officers, were in the aircraft, and after landing successfully they packed up the big bag which they had hauled to town, and they left on the mail train in the evening for Detroit. The balloon was first sighted com-ing from the southwest and was fly-ling low Evidently the navigators ing low. Evidently the navigators feared that they might come down in Lake Erie if they continued their flight, so they came to earth close to Palmyra. The men were not very communicative and their names communicative and their names were not secured. The opinion has been expressed here that they were in an elimination contest for the James Gordon Bennett Cup. It is reported that they said they left St. Louis, Mo., on Friday morning at 6 o'clock.

BILL IS PASSED

New U. S. Measure Will Practically Bar Japanese From Country.

Associated Press Despatch. Washington, April 13.—Carrying Japanese exclusion provision against which the Japanese government has protested vigorously, the Johnson immigration bill was passed yesterday by the House 322 to 71.

No effort was made to eliminate the Japanese section, which provoked only brief and perfunctory discussion. There was nothing to indicate that any of the opposition votes were directed at the Asiatic policy contained in the bill, but rather against the provision fixing the 1890 census as the basis of the two per cent quota, which was adopted.

While the Senate was getting back to its consideration of the immigration question at a night session, Republican leaders issued a call for a party conference next Monday, at settlement branch recently formed by
