Spring Millinery Doings.

Spring Millinery has poured out of the Three Busy Stores in immense quantities during the past month. Irresistible prices contained the motive power that placed it with pleased patrons. Our stocks of Trimmed and Untrimmed Hats and Bonnets and millinery accessories have been maintained at the top notch in variety and styles. We can satisfy you now just as well as we could a month ago. Prices are a little lower if anything.

Prettily adorned Sailor Hats, in navys, browns, blacks and whites, for a quarter of a dollar

Large Bunches of Lilacs, in white and purple, elegant creations, at 19c each; were 25c. Clover, in white and red, and purple and green; has certainly "caught on" this year. It can be bought at 15c the bunch. Silk Embroidered Bonnets for Children will be sold at just half-price. Ordinarily they're

A large variety of Hats tastefully trimmed with chiffon and flowers, range in price from 97c

Children's Embroidered Hats have been priced away down, and we predict an unprecedented demand for them. The styles and qualities know only one grade-the best.

Hats that are positively worth \$1.75 can now be purchased for a dollar.

The regular line of \$1.50 Hats

will move out at 69c. Half prices make quick selling. For 89c the thrifty trader may buy a beautifully embroidered child's hat that should command

double the figure asked. We direct particular attention to a special line of fine white Milan Straw Sailor Hats, trimmed with wide, heavy silk cord bands. Regularly they retail at \$1.25, but our price is 75c.

Specially trimmed hats that would cost you nearly double what we ask may be purchased for from \$2.50 to \$10.00. They're ornamented with flowers, silk chiffons, buckles and fine ostrich

NEWS FROM THE YUKON.

Census Shows Growing Population at Dawson-River Will Probably be Open in a Fortnight-Business is Lively.

Dawson, Yukon Territory, April 20, via Seattle, April 26.—The census of the Yukon for the purpose of local representation is progressing rapidly. Dawson returns show that the city has a population of 5,400, an increase of 1,000 since September last. British subjects number just over 1,700, and Americans 3,300. There is a full teritorial return of the latter. The river will probably be open in fortnight. The prospects are that the coming wash-up will be big. Business

Charles Warren has been appointed was "Industrial Training." disturbed condition."

This curious despatch constitutes all the war news received up to this hour. The country is eagerly awaiting to hear whether Gen. French succeeded eral hundred of the best known busiin cutting off the retreating Boers. But of his progress there is no word.

EMINENTLY SATISFACTORY. The military critics of the afternoon papers differ as to the chances of an other Paardeberg, but they agree in considering the situation in the Free State as being entirely satisfactory. They argue that even if Gen. French is unable to intercept the main Boer cess in a series of rear guard actions or the isolation of straggling bodies. SAVED BY MILNER.

Lord Roberts' peculiar reference to Sir Alfred Milner over Warren's ap pointment tends itself to the inference that the Commander-in-Chief of the British forces in South Africa scarcely approves of it, and that the previous report that Warren had been re-called was correct, but that he was saved from coming home by the action of the British High Commissioner.

THE BOER FORCES. According to a special despatch from Lorenzo Marques, the latest authentic estimates of the Boer forces place them at 30,900, of which 13,000 are at Kroonstad, 6,000 at Fourteen Streams, 6,000 in Natal, 700 about Mafeking, and ordered north to intercept Gen. Carngton's force.

London, April 18 .- Mr. Bennet Burleigh. writing to the Daily Telegraph, records the intense dissatisfaction caused among certain sections of officers by Lord Roberts' considerate treatment of their late foes in the Free State. Mentioning the strict discipline imposed upon the British forces, Mr. Burleigh says: "A Canadian appropriated a chicken from a farm yard. I know thousands of officers and others who have done the same thing, and nothing has been said of it. The poor Canadian came before a court-martial and was sentenced to fifty-six days' hard labor for his offence. It makes the stomachs of many an ordinary reputable soldier, holding Her Majesty's commissions, turn to think they have escaped censure and have eaten of just such 'plucked' chickens. I am told the Canadian Colonel in addressing his men found no complaint with the sentence, which somebody said might have been hanging.' Mr. Burleigh adds this reference to Lord

"When the Essex, Buffs and Welsh were pressing the Boers, including the Johannesburg police contingent, at Dreifontein, the usual white flag trick was played by the enemy. Despite repeated injunctions to the contrary several of our officers and men stood up, and were instantly saluted by a storm of Mauser bullets. An officer and two or three privates were hit, but a big fellow in the Buffs sprang forward over the twenty yards or so that separated him from the enemy and bayoneted the man who had held up the white flag, driving the steel through the Boer's throat and killing him on the spot.

IT NEEDS STEAM. If there's no steam in a fire-engine it won't do its work. Heavier metal or larger wheels

won't help it. It needs steam. It's the same when a man's strength is gone, he wants new life - fresh vitality. It makes no difference how large his frame may be or how big the muscles on his

arms and legs; if the inner power and force of life is lacking he can't do his work; he is practically a sick man. You can't make him well by feeding him with oily emulsions. There's no use in flabby fat. His proper weight will come after he gets well. The first thing he needs is strength, force, steam.

needs is strength, force, steam.

"About a year ago," says Mr. John Brooks, of Boylston, Mass., "I was taken with a bad cold which settled on my lungs. The doctors said I was in consumption and could not get well. I took emulsion of cod liver oil and it did me no good. After taking it four months I heard of Dr. Pierce's Golden Medical Discovery, and wrote to him for advice. I have taken this medicine and it saved my life. I felt so sick when I wrote to him I thought I would not live the winter through.

"In the morning I would raise an awful lot and spit all the time, with pains in my chest all the time. My bowels would not move more than once or twice a week; my strength was nearly all gone; I could not do a whole day's work. Now my bowels are regular every day, and I feel no more pains in my chest. I feel a great deal stronger. I am working hard every day, driving a team in the woods, and I owe my thanks to Dr. Pierce's Golden Medical Discovery. I know it saved my life. I cannot praise it enough. I am proud to tell my friends what cured me."

The way this great remedy acts in bronchial and lung diseases is more fully described in Dr. Pierce's great 1000-page Common Sense Medical Adviser, sent TREE for 31 one-cent stamps to pay the cost of customs and mailing only.
