LOCAL INTELLIGENCE.

Wednesday, Jan. 4.

Not Paid.—The public will learn from our report of the City Council that the instalment of the Municipal debentures due to the Bank of British North America, amounting to \$10,170, was not provided for on Saturday, and the city has therefore been permitted to incur an act of bankruptcy for that paltry sum.

House of Assembly.—The House met yesterday at the usual hour; but as there were only four members—Messrs. Burnaby, Franklin, Dickson and DeCosmos—present besides the Speaker, and as the estimates had not come down from the Executive, no business was done beyond making the Incorporation Bill in Committee the order of the day for to-morrow.

Exciting Race.—We learn from Captain Jones that quite an exciting steam regatta took place on the down trip of the Jenny Jones from Olympia to Stellacoom, between the Eliza Anderson, the Jenny Jones, and the Libby. The latter little boat had the start, followed by the Jenny, and shortly afterwards by the Anderson.

Stealing Blankets.—Edward Hanlon appeared yesterday in the police court charged with stealing a pair of blankets of the value of \$6, the property of James Gallagan, and John Wilson with being concerned in the same theft.

New Year Visits.—Callers were busy on Monday going the rounds amongst their various friends. The hospitable residences of His Worship the Mayor and Allen Francis, Esq., U. S. Consul were thronged all day with visitors.

Emancipation Dinner.—The colored population commemorated Lincoln's memorable Emancipation Act on Monday by a repast in the Rifle Hall, on View street. Speeches were subsequently made, and the festivities lasted to a late hour.

Theatre.—The "Last Days of Pompeii," which was performed on Monday evening, and is to be repeated to-night, presents something quite new and interesting. The incidents are striking, and will well repay a visit.

Shipping Casualties.—The schooner Amelia went ashore on Monday on Trial Island, and was brought around yesterday water-logged. The sloop Native has been wrecked off Sooke harbor.

Sing Verdin Ball.—The annual ball of the Germania Sing Verein, which took place on Monday evening in the Lyceum Hall, was numerously attended, and passed off with the usual eclat.

Thursday, Jan. 5.

The Gold Exports for the Year.—In giving the exports of gold for the year in our Statistical tables yesterday, an error crept into the statement of the shipments of Messrs. Wells, Fargo & Co., which we take this opportunity to correct. The true amount shipped by Wells, Fargo & Co. was as follows:

Table with 2 columns: Quarter, Amount. 1st quarter: \$167,294 73; 2nd quarter: 113,036 35; 3rd quarter: 132,855 27; 4th quarter: 221,009 90; Total: \$644,196 23

This makes the gold exports for the year amount to \$2,734,226 41, and reduces the decrease as compared with the preceding year to \$150,546 59. The total amount shipped by Messrs. Wells, Fargo & Co., during 1864, as forwarders, was \$1,773,084 29.

The Amateur Performance.—The members of the Fire Department and of the Victoria Rifle Corps have been requested as an especial favor by Mrs. Harris and the members of the Ladies' Committee of the Female Infirmary to appear to-morrow evening at the Amateur performance in their respective uniforms. There is a keen demand for seats on the occasion. The boxes will be sold to-day at 11 o'clock, by J. A. McCrea, in the lobby of the theatre, and immediately afterwards the box office will open, when the plan of the theatre may be seen and seats secured. His Excellency the Governor has taken his usual box.

Bole Nisi.—Mr. Cary instructed by Mr. Bishop yesterday advised a rule to show cause why a writ of certiorari should not issue commanding Mr. Franklin, the committing magistrate at Nanaimo, to return into the Supreme Court the conviction certificate of costs, vouchers, etc., in the matter of the Queen against Hart, for contravention of the whisky selling act, with a view to testing the legality of the conviction.

Mechanics' Institute.—The Committee of Management of the Victoria Mechanics' Institute have decided to hold the formal opening of that institution on Tuesday evening next, in the Lyceum Hall. His Excellency the Governor will take the chair at half-past seven o'clock, and D. M. Lang, Esq., President of the Institute, will deliver an opening address to be followed by the first lecture of the course, on New Zealand and its aborigines, by Archdeacon Gilson. The second lecture will, we understand, be delivered by Lieut. Com. Verney, R. N., and the committee have made arrangements for a succession of lectures during the winter months. The Institute has just received a large and important addition to its numbers by the accession of the Young Men's Literary Institute, the members of which have, in a most commendable spirit, unanimously decided to unite themselves with the Mechanics' Institute, in order to form one strong and efficient institution. At the present rate of progression the Institute will soon number two hundred members. A new life member, Mr. J. A. McCrea, was added yesterday, and the library received a valuable addition in the shape of a donation from Messrs. Roper & Co., Government street, of Johnson's large new illustrated Atlas, valued at \$25.

List of Voters.—The Sheriff gives notice in the Gazette that all persons entitled to vote for the election of members to serve in the House of Assembly in respect of property, or other qualification within the several electoral districts whose names are not in force for such districts, or whose qualifications are different from those for which they appear on such list, are required to transmit to him on or before the 14th instant, a claim in the prescribed form accompanied by the usual fee of four shillings and two pence otherwise they will be excluded from the list of voters.

Cosmopolitan Minstrels.—Johnny Edwards, Tom Lafont, Evans, Henry, and other well known minstrels have associated themselves together under the above name, and intend giving a few Ethiopian performances at different places on Puget Sound prior to their departure for Australia. May good fortune attend them.

Contract for Coal and Wood.—A notice appears in the Gazette that the tender of Mr. James Frain to supply the Government with coal and wood during the year 1865 at the rate of \$9 90 per ton of 2840 lbs. for the former, and \$4 75 per cord for the latter, has been accepted.

Trades License Defaulters.—A number of persons have been summoned to appear in the Police Court to-day for carrying on business without being duly licensed. An appearance will be necessary to avoid a penalty.

Steamer Launch.—On Saturday forenoon at high water the fine little steamer built by Mr. R. Ewing for the Government, will be launched from the yard on the Indian Reserve. She is to be named the Sir James Douglas.

Anderson v. Assignees of Quarries.—Judgment will be given by His Honor the Chief Justice to-day, in the matter of claim of the plaintiff to the goods of Quarries as against the assignees.

Sentenced.—Edward Hanlon was yesterday sentenced by the police magistrate to three months' hard labor for stealing a pair of blankets. Wilson who was charged as a confederate was released.

Macdonald's Bank.—Mr. Drake, yesterday, on behalf of creditors of Mr. A. D. Macdonald, filed a fiat of bankruptcy against that gentleman.

The Blue Book for 1863 was laid before the House of Assembly yesterday. It contains a mass of useful and interesting information, although rather late in making its appearance.

The Incorporation Bill has been postponed by the House of Assembly till after the Estimates have come down.

Bankruptcy Court.—Several bankrupts passed their second examination yesterday before Judge Cameron.

Encounter with a Prairie Wolf.—I have never known these animals, rapacious as they are, extend their attacks to man, though they probably would if very hungry, and a favorable opportunity presented itself, I shall not soon forget an adventure with one of them many years ago, on the frontiers of Missouri. Riding near the prairie border I perceived one of the largest and fiercest of the gray species, which had just descended from the west and seemed famished to desperation. I at once prepared for a chase; and being without arms, I caught up a cudgel, which I took me valiantly to the charge, much stronger, as I soon discovered, in my cause than in my equipment. The wolf was in no humor to flee, however, but boldly met me fully half way. I was soon disarmed, for my club broke on the animal's head. He then laid to my horse's legs, which not relishing the conflict, gave a plunge, sent me whirling over his head and made his escape, leaving me and the wolf at close quarters. I was on my feet in an instant, and being without a weapon, or any means of awakening an emotion of terror, save through his imagination, I took of my large black hat, and using it for a shield, began to thrust it towards his gaping jaws. My ruse had the desired effect; for after springing at me a few times, he wheeled about, and trotted off several paces, and stopped to gaze at me. Being apprehensive that he might change his mind and return to the attack, and conscious that under the compromise I had the best of the bargain, I very resolutely took to my heels, glad of the opportunity of making a drawn game, though I had myself given the challenge.—Journal of a Santa Fe Trader.

ALL CURES MADE EASY!

Holloway's Ointment.

Had Legs, Ulcerous Sores, Bad Breasts and Old Wounds.

No description of wound, sore or ulcer can resist the healing properties of this excellent ointment. The worst and most deadly ulcers, which appear whenever this ointment is applied, soon flash up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Rheumatism, Gout and Neuralgia. Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's Ointment and Pills. It must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach; consequently in many cases it is required to purify the blood, which will be effected by the judicious use of the Pills. The general health will readily be improved, although the eruptions will be driven out more freely than before, and which should be promoted; perseverance is necessary.

Sore Throats, Diphtheria, Quinsy, Mumps and all other Derangements of the Throat. On the appearance of any of these maladies the Ointment should be rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into the pores, it will once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Scrofula, or King's Evil, and Swelling of the Glands. This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood impure, the liver, stomach and bowels being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases: Bad Legs, Ulcerous Sores, Bad Breasts, Old Wounds, Eruptions, Scald Head, Ringworm, and other Skin Diseases. After fomentation with warm water, the utmost relief and speedier cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. DR. J. COLLIS BROWNE'S

Chlorodyne. CHOLERA, DYSENTERY, DIARRHŒA, GRAMPE, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c. &c. EL PAIN, VOMITING AND DISTRESSES. A case in a few minutes after taking a dose of this wonderful SPECIFIC ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr. J. Collis Browne M.R.C.S.L., (ex-Army Medical Staff), the recipe of which was confided solely to Dr. J. Collis Browne, 33, Great Russell Street, Bloomsbury Square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounced it invaluable. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or saving any of the unpleasant effects of opium.
