FIRST GUN IN LIBERAL CAMPAIGN FIRED AT ATHOLVILLE FRIDAY EVENING

Opera House Crowded with Electors To Hear Candidates and Others Tell of the Good Works of The Veniot Government—Much Enthusiasm Displayed.

The first gun in the Liberal campaign in Restigouche was fired at the Atholville Opera House Friday evening when Messrs. Currie and Legere with Messrs. Colin McKenzie, H. McEvoy and J. T. Hobert addressed an enthusiastic gathering of electors.

Despite the fact that the evening was a disagreeable one, which prevented those from a distance attending, the Opera House was crowded, and great interest in the addresses was manifest, the speakers being frequently applauded.

Mr. A. J. Comeau of Atholville was chosen chairman and introduced the speakers.

Mr. C. McKenzie was the first speaker, and spoke principally of the road policy of the Veniot government.

He said that the road policy of the government was a great interest and importance, being second only to the Grand Falls development.

When the present government assumed power in 1917 the roads were in a deplorable condition. Hon. Mr. Veniot realized that if we wished to have a happy and contented people, and wished to induce visitors to come to our province, we must have good roads.

With this in mind Mr. Veniot, early in June, 1917 began a survey of the main trunk roads and bridges, and secondary roads. This work was not completed until October, but it was thoroughly done, and the Minister of Public Works was able to go to this government with a concrete proposition of road improvements, which was begun the next year.

The outcome of this has been a great improvement in roads throughout the province. In fact our roads today are admitted to be equal to any similar type of roads in the United States or other provinces of Canada. So much is this so that everywhere Premier Veniot is known as "Good Roads Veniot."

These roads have cost much money, but would any of the electors care to go back to conditions such as existed in 1917 and previously?

In Restigouche all our main roads are broad, level and are a pleasure to drive over, and the bye-roads are not neglected.

The opposition are saying that all the money is being expended in the trunk roads. This is not true as nearly one million dollars have been expended on bye roads in this province.

In Restigouche great improvements had been made to the roads. Last year the road from Campbellton to Matapedia had received attention. This work had been pressed for by the local government candidates, and its completion was the result of their efforts. This road is now one of the best in the county and its scenic beauty would compare with any in eastern Canada. He felt it was the bounden duty of every elector between Campbellton and Matapedia to vote for Currie and Legere and thus show their appreciation.

At the present time large crews were working on that great artery of trade and traffic between Campbellton and St. Leonard's. This was a stupendous undertaking, and one which effects every taxpayer in this county.

Mr. McKenzie also dwelt upon the patrol system and finished a very aggressive speech by referring in full to the matter of the increases to the public debt.

Mr. John B. Legere was next introduced and confined himself to addressing the meeting in French. His remarks were frequently interrupted by applause and laughter, which clearly demonstrated that he made a good impression.

Mr. H. J. Currie was next introduced by the chairman.

Mr. Currie said that as one of the candidates chosen by a convention two years ago he felt that it was his duty and pleasure to address the electors of Atholville, and he hoped that they would weigh carefully his remarks.

The conservatives are asking you to place them at the head of affairs in this province, but what have they to show for it? They have a record of power because of certain scandals. You all know what they were, and when you look at the records of the Conservatives today you will find practically the same men. There is Baxter, Smith, Jones and Murray; they are all back on the job. They see looming in the distance a big job with the spending of millions. This would certainly be a nice bunch to interest with the development of Grand Falls. They could not build the Valley railway without getting nearly \$100,000 of the people's money. Then there was the potato steal, and the stamper graft.

Mr. D. A. Stewart was the one of the Conservative candidates was a

CELEBRATION AT MISSION CHURCH

St. Anne's Celebration Set For Sunday, July 26th. Concert On Monday Night

St. Anne's celebration will be held at the Mission Church on Sunday July 26th. Communion Masses will be held at 6.15 and 7 a. m. Solemn High Mass will be sung at 10 a. m. followed by the procession with the precious relic of St. Anne. During the sessions a special sermon will be delivered outside, repeated in his native tongue by the celebrated Mincan interpreter, P. Martin.

After the procession meals will be served in St. Anne's Hall. Refreshments, fruit and ice-cream will also be available. Religious and fancy articles and souvenirs may also be secured at the Hall.

On Monday evening a concert will be held at 7.30. A Campbellton band will be in attendance. The ferry will run on Sunday from 6 a. m. to 8 p. m. and on Monday from 6 a. m. to 10.30 p. m. All visitors are welcomed.

PRESENTATION TO CARL J. MCCLUSKEY

Linmac The Scene of Interesting Event On Monday of Last Week.

Monday evening of last week was a happy occasion at the Linmac when over fifty friends of Mr. Carl J. McCluskey, who was one of the principals in an interesting event this week gathered there and presented him with a beautiful Chesterfield table and a chest of silver accompanied by an address. Rev. Mr. Godfrey made the presentation speech and incidentally expressed in very fitting words the sentiments of the large gathering. The Linmac Orchestra, the members of which also made a presentation on their own behalf, furnished suitable music.

A dinner, which was done full justice to by the large gathering, was the opening event of the evening. Mr. McCluskey was taken completely by surprise but rose to the occasion in a way that clearly showed his appreciation. Several of "the boys" also made brief but appropriate remarks.

Those present included members of the local baseball team of which Mr. McCluskey is a valued player, fellow members of the Glee Club and other local friends who were all anxious to extend their best wishes to the guest of honor.

TWO CRIMINAL CASES ON DOCKET

Witnesses Fail to Appear in Both Cases Before Restigouche County Court.

Two criminal cases and two civil cases constituted the docket of the Restigouche County Court when it opened in Dalhousie on Tuesday morning. His Honor Judge McLatchey presiding.

In the criminal case of H. G. Bousley, charged with assault, no bill was found by the grand jury on account of the failure of the informant and principal witness to appear. The action of the informant and his wife, the latter being the victim of the alleged assault, in failing to appear has not been explained.

In the second criminal case of the King vs. P. M. Shannon, charged with larceny and appropriation of money to his own use, the hearing has been delayed on account of the absence of the informant, Joseph David, in Toronto. H. A. Carr and M. A. Kelly, H. A. Powell, K. C. and J. A. LeBlanc represented the accused.

WORK OF MILK INSPECTION IS NOW WELL UNDER WAY

Dr. J. F. Donnelly Enters Upon Duties And Is Meeting With Favorable Results—Farmers and Dealers Show Willingness To Co-operate—Result of Tests.

The work of milk and food inspection in Campbellton, which was begun a few weeks ago, is now well under way. Dr. J. F. Donnelly who was recently appointed Milk and Food Inspector for Campbellton has entered upon his duties with enthusiasm and reports favorable progress.

In regard to milk, conditions governing its production and distribution here, a gratifying improvement is already apparent. All milk dealers of the district are showing a willingness to co-operate with the inspector in the inspection of their milk.

There are about twenty dealers in the district, and the inspector is visiting them all. The fact that the milk of some of these is up to the standard shows that the great need for this work which has just been undertaken. On one of our recent tests a satisfactory improvement (the Board of Health) has been observed with "No standard milk" has yet been discovered by the inspector and there is no cause for any alarm.

The Standard Test for milk is 25° in Butter Fat and Acidity Test 15°. While the milk of some of the local dealers is up to the mark it is altogether likely that with close observance of the rules it will not be long before Campbellton milk will be up to the desired standard.

The inspector has pointed out that where many dealers fall short in the Acidity Test is due to the fact that their milk is not properly cooled after being drawn from the cow. One of the Board of Health rules is that milk should be cooled to a temperature of 55 degrees before it is distributed. In milk there is lactic acid bacteria, which has the power of converting the sugar in the milk to lactic acid. This is what makes milk sour. When it is properly cooled, however this trouble is eliminated.

Dr. Donnelly who held the post of Food and Milk Inspector for seven years in St. John's, Nfld., is optimistic regarding the work here. In an interview with the writer he reported that dealers are having their milk properly cleaned and are using away with the habit of straining milk in their barns and are otherwise endeavoring to comply with instituted health regulations. The inspector pointed out the need of co-operation and expressed the belief that all dealers are anxious to do all they can to help along this necessary work. In the matter of food inspectors all local merchants have shown themselves constantly willing to give hearty co-operation.

NEW LAW PROVIDES STIFF PENALTIES

Amended Customs Act Deals Severely With Smuggling and Bootlegging

Smugglers of liquor, beer, tobacco and even purchasers of an occasional bottle, now face stiff penalties as an amendment to the Customs Act, passed at the recent session of the Federal Parliament, has greatly increased the penalties for the smuggling of liquor into the country. The full text of the amendment has been received by the Customs Officials and they are instructed that heavier sentences are possible for offenders.

According to the instructions received, the man who may be found with one bottle in his possession upon which the lawful customs duties have not been paid, is liable under the amendment, and may be sentenced to prison at the discretion of the magistrate.

In the past the penalty for the offence, which is now indefinitely, was imprisonment for six months or a fine of \$200, or both. Under the amendment of a \$200 fine, optional with the term of imprisonment to be imposed is not less than one year and not exceeding seven, while for an old offender, the term may stretch anywhere from three to ten years. Fines when imposed will be in proportion to the value of the liquor seized.

DWELLING BURNED HERE MONDAY

House Situated on Sugarloaf St. Owned By Mrs. F. J. McDonald.

A dwelling house on Sugarloaf St., owned by Mrs. F. J. McDonald and occupied by Mr. and Mrs. Capogreco, was badly gutted by fire on Monday afternoon when a blaze of unknown origin broke out in the building during the absence of the occupants.

The fire was discovered by neighbors about 4.30 o'clock and an alarm rung in from box 34 when large volumes of smoke were seen issuing from the building. The fire brigade made their usual prompt response, and did not find it difficult in confining the flames to the burning building. The building was badly damaged but it is understood that the loss is fairly well covered by insurance.

ENGAGEMENT

Mr. and Mrs. Peter Furlotte of Jaccet River, N. B. wish to announce the engagement of their second daughter Marie to Mr. Patrick J. Tierney of Dublin Ireland, now of Halifax, N. S. Marriage to take place, on August the 18th, 1925 at St. Mary's Cathedral, Halifax N. S.

Miss Furlotte has been in Halifax for the past two years and has made many friends while there and is also known in Campbellton. Mr. Tierney is a member of the office staff of the Northern Electric Co. Halifax and has been in Halifax from Dublin Ireland. The attendants for the young couple will be Mr. and Mrs. Walter Dourd of Halifax, after which Mr. and Mrs. Tierney will reside at 211 Quinpool, Halifax, N. S.

NOT FORBIDDEN TO JOIN ROTARY CLUBS

Denial That Catholic Authorities at Quebec Condemned Rotary Clubs.

Quebec, July 16.—"Neither Cardinal Begin nor any other Catholic ecclesiastical authority has ever disclaimed or forbidden any Catholics to join the Kiwanis or Rotary Clubs. Consequently there has been no appeal to the Holy Father regarding such condemnation," it is stated in a document signed by J. S. Royer, Governor of the 28th District of Rotary, and Romeo Langlais, President of the Quebec City Rotary Club.

The document sets forth that the Rotarians of Quebec have noted articles in the press of Canada and the United States to the effect that Catholics of the diocese of Quebec had been forbidden to join or to remain members of Rotary or Kiwanis. An appeal was supposed to have been made to Rome against the supposed edict of the Quebec Hierarchy. Rotary headquarters denies that any such prohibition has been made.

HYDRO SALARIES DO NOT TOTAL \$10,000

Premier's Salary as Chairman \$3,500, Same as for Minister of Public Works.

Fredericton, July 18.—The salary provided for the position of Chairman of the reconstituted Provincial Hydro Commission, which Position Premier Veniot takes, was placed at \$3,500 a year in the Order in Council passed by the Provincial Government here yesterday.

This information came out when inquiries were made as to whether Premier Veniot's salary as Chairman of the Commission was to be \$10,000 a year, as had been stated by Col. Baxter, the Opposition leader, on several occasions since the present campaign opened. It was said today that the salaries of all the members of the Executive section of the commission, which is the salary division of the board, will not amount to \$10,000 a year altogether.

The salary attached to the portfolio of Minister of Public Works was \$3,500 a year, the same as for the Premier's new post.

TENNIS TOURNAMENT IS ARRANGED FOR

Bathurst Team To Be Here Saturday—Local Players Are Chosen

A Tennis Tournament with Bathurst has been arranged for Saturday. The following are the players chosen by the Tennis Executive to represent Campbellton: Mens' doubles, Messrs. Gibson and Humphries; John and Roland Champoux; G. F. Miles and Arnold Jardine; Paul and G. Champoux. Ladies' doubles: Mrs. Humphries and Mrs. Dunsford; Mrs. Wilkinson and Miss Bliss. Mixed doubles: Miss I. MacBeath and W. S. Godfrey; Eddie St. Onge and Mr. Melanson; Messrs. Delaney and Dr. Gray. The Bathurst team is composed of strong players and it is hoped that Campbellton players will profit by the experience. The visiting team will arrive before noon. The first game will take place at one o'clock on the C. N. R. Court. The Mens' and Ladies' Doubles will be played during the afternoon and the mixed doubles in the evening.

During the afternoon tea will be served on the lawn at the Bathurst Hotel. The Bathurst Tennis Club.

How to Vote and Some Reasons Thereon

In considering the question, How shall I vote, the several electors may well look the situation over. Some voters will vote Liberal and some will vote Conservative, because they belong to such party.

Their interests are wrapped up in their party—they have helped to build up the party and no argument could induce such person to change. But there are a number of people new voters—persons of independent temperaments, persons who are willing to consider ability, honesty, energy and the power to do things, who have not committed themselves to any party and who will vote as they may understand the situation. To such persons we appeal and ask them to look over the make-up of the parties. The Liberal party have, First, P. J. Veniot, Premier—a man who can do things, we believe, because he has done things. He is owing to his ability and energy that the old rotten party of potato and other game, became ousted from the government and changed. He has associated with him—Hon. I. C. Rand as Attorney General, Hon. Dr. Roberts, Hon. A. Dymally, J. J. F. Winslow, B. M. Hill and others. These are outstanding men of the Province—men whose names inspire confidence.

People have discussed mouthfully—and rightly so—that our best men are no longer politicians—the present days were not finding men of outstanding ability willing to devote themselves to the service of our Country. Now we are in a position to encourage such men by voting for such leaders and for men who will be followers to such leaders and we have a right to expect a return of confidence and for wise legislation.

The country is struggling with a normal, steady conditions and too much encouragement cannot be given to a steady policy. The Veniot Government, in addition to many wise acts of legislation, have done much to encourage education. Our Vocational

RESPECTED CITIZEN DIED ON MONDAY

Passing of Mrs. Alva Jane Myles Mourned By Wide Circle of Friends.

In the passing away of Mrs. Alva Jane Myles, wife of Robert L. Myles of this town, which sad event occurred at the Soldiers' Memorial Hospital at 4.30 on Monday morning after a short illness, a wide circle of friends were called upon to mourn the loss of one who was highly respected by all who knew her. The late Mrs. Myles, who was in her 49th year, was very highly regarded and her death, while not altogether unexpected has called forth expressions of deep regret from sections of the community. She was a devoted member of the Baptist Church here, always taking a deep interest in all phases of the work of her church and her loss to the congregation will be keenly felt. The deceased was undergoing treatment at the Soldiers' Memorial Hospital and her condition was not considered serious until Sunday night when pneumonia developed.

The late Mrs. Myles leaves to mourn her bereaved husband two sons, Albert Russell of Moncton and Wesley Morris of Fredericton and three daughters, Mrs. Gordon Stout of Campbellton and Ladona and Hazel at home. The deceased lady is also survived by her mother, Mrs. Welcome Wilbur of New Horton, Albert Co., N. B., one sister, Mrs. E. Fuller of Albert, N. B., one brother, Harvey, of Harvey, N. B.; two half-sisters, Mrs. Roy Copt of Waterside, N. B., and Mrs. John Canon of New Horton, and one half-brother, Armon, also of New Horton.

The funeral services which were held on Tuesday afternoon were very largely attended. In the absence of the deceased's pastor, Rev. Dr. W. C. Dymally, the services were conducted, being assisted by Rev. Mr. Roy of Brockton, Mass. The choir of the Baptist church beautifully rendered three of the deceased's favorite hymns: "Safe In The Arms of Jesus," "Rock of Ages," and "Nearer My God To Thee." Interment was made in the Campbellton Rural Cemetery. The pall bearers were Messrs. Thomas Dickie, Henry J. Currie, W. P. Gray, Havelock Sansom, James W. Patterson and Ogilvie Ferguson.

The floral tributes were numerous and very beautiful testifying to the general high esteem in which the deceased lady was held.

To the sorrowing family the heart felt sympathy of the community is extended.

CARDINAL BEGIN DIED ON SUNDAY

Second Canadian Member of Sacred College Was 85 Years Old.

His Eminence Cardinal Louis-Nazaire Begin, Archbishop of Quebec and Primate of the Catholic Church in Canada, died early Sunday morning in the Archbishop's Palace, Quebec, of uremia, with which disease he was stricken Sunday night, July 12th. The body lies in state in the chapel of his residence whence it will be taken to the Basilica and remain until Saturday morning when it will be interred in the crypt alongside the remains of other archbishops of Quebec. He is survived by his sister, who is said to be 87 years of age.

A Globe Trotter's Opinion

"A cousin of mine, who is head of ———, Limited, of Liverpool, England passed through here recently on a pleasure trip around the world. He said he had been in chocolate plants in New York, Chicago, Toronto and Winnipeg, and told me that of all the chocolates he had sampled, Moirs were the best. I agree with him."

H. E. JAMES,

Vancouver, B. C., June 15, 1925.

And that seems fairly conclusive!
