

THE PEOPLE'S PASTIMES.

WHAT IS GOING ON IN SPORTING CIRCLES ALL THE WORLD OVER.

The Second Day's Trotting at Woodbine Park—A Valuable Week—The Toronto Horsemen's Club's Work.

The Harvard athletic association will have their "winter meeting" in March. Scotland defeated Wales in their annual football match last week. Score, three goals to one.

The stockholders of the St. Louis baseball club have declared an annual dividend of 100 per cent.

Engler, the famous figure skater of Jersey City, is ready to match the Paulsen Brothers for \$500 a side.

A 62-inch bicycle was lately ordered from a Boston firm. This is the second largest machine in America.

Pat Perry is to have a glove fight with young Bill Goetz in London. Perry's trainer is Charley Mitchell.

Hayes and Barry, contestants in a prize-fight near Six-mile Bottom, England, got fourteen days from a local magistrate.

Ten miles on a bicycle in 9 hours 30 minutes, the best time ever made by an antipodal cyclist.

Tem Mear is still giving exhibitions in England. Mitchell will match a sparring tour of the two islands before coming to America.

Fifty lady members of the 'Cyclists' touring club, at a London meeting, decided trousers are most suitable style of wear for women tricyclists.

Three stallions were saved at the fire in Lord Norrey's stud stable, near Oxford, on the 24th inst. One of them was the celebrated Sir Bevis, winner of the Derby in 1879.

The annual meeting of the Dominion Chess association takes place in the lower room of the house of commons, Ottawa, tomorrow. Dr. Zukertort will be present and take part in the game.

Fred Harmon and M. N. Kittleson, said to be the two fastest short distance runners in the United States, will run a hundred yard race at San Francisco on Feb. 8 for three thousand dollars a side.

It is rumored in New York military circles that a tournament will be arranged in Paris in which the American players Schaefer and Daly will enter against the French players Vignaux, Garnier, Piot and Rudolphe.

During the six years that he has been seen upon the turf, Lord Norrey has won no less than \$68,000 for his own stud.

Lord Norrey's stud stable, near Oxford, on the 24th inst. One of them was the celebrated Sir Bevis, winner of the Derby in 1879.

The list of entries for fixed stakes to be run at Sheepshead Bay, which closed Jan. 1, amount in the aggregate to \$900.

The summer meeting will begin June 10 and end July 1. One of them was the celebrated Sir Bevis, winner of the Derby in 1879.

Wm. H. Craft accomplished at Syracuse, N. Y., at 11 o'clock on Saturday evening, the feat of walking 302 miles in 100 hours without sleep.

Craft's condition at the close of the walk was critical, but physicians say he will be all right in a day or two.

Jennings' stallion Glenmore is in training and is to be restored to the turf. Horses seldom regain their racing form after an absence of long duration in the stud.

Hogshill, who died in England, and Kentucky and Fallowack failed in America.

The Dwyer Brothers say they will not enter their best horses in the cup race again; that Luke Blackburn and Hindoo have broken down through this kind of work, and that hereafter their good horses will be entered only in weight-for-age races and in special events and matches.

There is some talk of giving a championship five-mile skating race at Moss park. It would be a good thing for the rink management to get up a series of races. It would pay well and prove a great attraction. Two or three hundred dollars would more than pay for the necessary prizes.

Pete McCoy, of the Sullivan combination, and Duncan McDonald of Butte city, Montana, have been matched to fight with bare knuckles for \$500 a side under London prize ring rules on May 18, within fifty miles of Butte city.

Al. Smith offers to increase the stakes to \$2500 or to \$10,000 a side.

The spring dog show season, which at one time did not promise well, has already been filled in with the following fixtures: Cincinnati, March 12 to 14; Toronto, Conn., March 12 to 14; Cleveland, Ohio, beginning of April, and Westminster kennel club, New York, the end of April.

Arrangements have been made for the return of Dr. Zukertort on Feb. 6 or 8, when he will play simultaneous games against picked players of the Toronto club at the Horticultural gardens.

The games will be played on the floor of the hall with live men, special costumes having been ordered from New York for the occasion.

Littlewood of Sheffield won the champion belt at the Astley 72 hour go-as-you-please in that city. By the conditions of the race the contestants were to travel 12 hours for six days. The winner covered 366 miles 931 yards. Day of Birmingham, second, covered over 325 miles, Pierce, third, of America, was the sixth and last man of the race.

The addition of a cipher makes a considerable difference. On Saturday it was written that 400 people were present at the previous day's trotting at Woodbine park, but the types made it 4000.

The latter would have been a decidedly large attendance for a Toronto race meeting, and would have doubtless gladdened the heart of the management.

It has previously been stated in The World that Mr. Rae has furnished gymnastic apparatus for the use of members of the Toronto snow club on their weekly tramps to Carlton.

So enjoyable have the boys found this exercise that they have decided to form a permanent club, which will probably be formally organized at their meeting on Wednesday evening, when the date and program for the annual games of the club will also be decided upon.

Thirty members turned out in full costume for the Toronto snow club's tramp to Carlton on Saturday afternoon.

The meeting was, as usual, at the guns in the park. The route lay over McMaster's hill and thus round to Mr. Rae's hotel at Carlton, a distance of about eight miles.

At Carlton the members held a meeting and subscribed \$25 for the victims of the Humber disaster. A party drove out in sleighs from the city and joined the boys at dinner, after which the customary gymnastic and musical exercises were enjoyed, the crowd starting for home at about 10 o'clock after one of the pleasantest times spent this season.

A Valuable Work.

Under Mississippi law a woman is liable to indictment for assault if she strikes her husband; but the man is not liable for assaulting the woman if he uses a switch no larger than his little finger in doing so. It is now proposed to amend the statutes as to give the wife the same immunity that her husband enjoys.

The Bible in Waverley is a new book by Dr. Dickson of Glasgow, treating of the use made by Scott of the scriptures in his novels. The prebentarians never got over his ridicule of their phrases and mannerisms as illustrated in Andrew Fairbairn, Cuddie and Manse Headly, and other characters in his Monthly. There is no doubt that Scott's history and poetic sympathies inclined him toward the Roman communion. The best, perhaps, of his heroes, Dr. Vernon, was a fervent Roman catholic.
