The paid-up capital stock of the company is in round numbers \$472,000, of which \$140,000 is held on margin, or nearly one-third. Still-1 cannot see that this should depress the stock to 75 on the dollar, if the lately declared dividend was fairly earned. What we want is a full representative meeting of shareholders

Toronto, Jan. 16. A SHAREHOLDER. The House of Industry a Public Nuisance The dismal looking pile bounded by Elm, Elizabeth, Edward and Chestnut streets is called a "house of industry," but no one ever passing there could be made to believe that there was any kind of thrift carried on within its limits. It is nothing but a filthy stink-hole, where a lot of bums and tramps gather nightly for shelter and get fed and do nothing for it. At the meeting of the combined city charities yesterday afternoon Rev. Dr. Rose, who is a member of the Rose, who is a member of the board, said it was a great wonder that the place was not indicted long ago as a public nuisance. Thursday night the casual ward, which is just big enough to hold about twenty lodgers, was filled with sixty tramps. Dr. Rose said he intended to ask the medical health officer to proceed against the board for maintaining a nuisance; but they were now remodeling the whole premises, and hoped by next summer to have new buildings and be placed in a position to apply the "labor"

Young, argued last week. The point involved in the case was whether a brewer needed to take out o the vanity of inflated nobodies. That a man has sat as their chairman for one year is surely no reason for presenting him with a framed sheet of fulsome taffy at the public expense. They say it is for "service rendered to the cause of education." Please do not laugh. The chair he sat in has an equal claim. Severn (3.S. V. K.) and the conviction was quashed under that decision, which was that a license is unnecessary for a brewer working under the inland revenue act. The judge in quashing the conviction expressed a view that the costs ought to be borne by the crown, though he did not so dispose of them.

Crooks in Court. Billy Dwyer, a creok from Detroit, was given 24 hours by Magistrate Denison yesterday to leave town. He has been in ail two weeks. A letter from Superintendent of Police Conley of Detroit gave Dwyer a very bad record. Francis Alex was charged with stealing 21 overcoats from H. Sintzel's store, Yonge street. George Garner was brought from the Central prison and gave evidence against Alex, which the magistrate received with a grain of salt. Alex was remanded till Monday. Thos. Stead got 20 days for stealing coal from C. J. Keith. William Doyle, charged with stealing a pair of stockings and two sheets from John Urwitz, was discharged. Achule Pizatti, an Italian aborer, was sent to jail for ten days for ing to rob a fellow lodger at 286 Queen street west of \$52. After making a desperate attempt to rob the man, Achule made his escape from the house but was afterwards captured in the street.
