R. Cochran received the following dispatch from New York: Stock market opened with considerable strength under influence of favorable crop report, western stocks of course being favorities with traders, but dealings were confined to professional operators. Later on publication of bank statement market eased off. Statement shows bank lost \$1,388.900 in cash, dithough designed solicitor for money from the mercantile less decrease of \$1,800,000 caused loss in surplus \$282,000. The contraction in loans of \$1,800.

80 Oois also an unfavorable exhibit, as it indicates less deniand for money from the mercantile community. Coal trade is reported from Philadelphia to be dull, and notwithstanding the aday and the or more for July delivery sales are still being made on June rates. Railway earnings are quite irregular, some showing handsome gains and others losses. In the latter class is Northern Pacific, which decreases for the first, week in July \$15,30). There has been no London market, to-day being a holiday. Market closed dull, with all the early gains in prices lost. Total sales 48, 722.

The Owen Electric Belt Co.

Dear Sirs,—In reply to your request as to how my belt was doing, I will say I have been using it about four months and am so well pleased with it and what it has done for me that I would not part with it for ten times what it cost me. For over twenty years I had been a martyr to rheumatism, suffering at times the most excruciating pains, from which I could get but little relief, for doctors' medicines, pain killers, electric oils, etc., seemed to have no effect on me, and it was only when I got an Owen Belt that I realized what it was to be without pain for any length of time. I feel I am thoroughly and permanently cured and have been so for several months, for the Belt's action on me was most marvelous, removing the pain in a few days. I anly regret that I had not tried it years ago, for if I had it would have savd me many dollars as well as years of pain. However, I-am thankful I got it when I did and rest assured I will not be without it. I am ordering another Belt for a sick friend of mine, feeling assured it is the only thing that will help him. I have been a resident of Toronto for thirty years and am well known. If this letter is of any use to you you may use it.

OF THE GREAT MERITS OF

AND WHAT THEY ARE DOING.

Electricity as Applied by the Owen Electric Belt Is now recognized as the greatest boon to suffering humanity. It has, does and will effect cures in seemingly hopeless cases where every other known means has failed. By its steady, soothing current, that is readily felt, it will cure:

Rheumatism, Liver and Kidney Troubles, Lost Manhood,

Lumbago, Dyspepsia, Impotency,

Nervous Diseases, Urinal Troubles, Etc.

AN OLD RESIDENT'S OPINION:

TORONTO, July 2nd, 1891.

OWEN SOUND, May 8, 1891.

The Owen Electric Belt Co., Toronto:

GENTLEMEN,—Some weeks ago, on the advice of our doctor, after everything else failed, I procured one of your No. 4 Electric Belts for a very severe attack of lumbago and weak back. At the time I got the Belt I was so bad that I could not stand up without assistance, when sitting down and to get around was almost out of the question, so intense the pain. Now, after wearing the belt for a short time, the pains are all gone and I feel as smart and well as ever. I know that it was the Owen Belt that cured me and I have much pleasure in recommending it to the suffering. I am still using my belt and would not be without it or part with it, if I could not get another, for one hundred dollars. Yours truly, W. J. Lewis, Conductor, C.P.Ry.

RHEUMATISM It is not pleasant to be compelled to refer to the indisputable fact that medical science sutterly failed to afford relief in rheumatic cases. We venture the assertion that hough electricity has only been in use as a remedial agent for a few years, it has cured are cases of rhuematism than all other means combined. Some of our leading physicians ognizing this fact, are availing themselves of this most potent of Nature's forces.

TO RESTORE MANHOOD AND WOMANHOOD As man has not yet discovered all of Nature's laws for right living it follows that ever one has committed more or less crores; which have left visible blemishes. To erase thes evidences of past errors there is nothing to equal Electricity as applied by the Ower Electric Body Battery. Rest assured, any doctor who would try to accomplish this by any kind of drugs is practising a most dangerous form of charlatanism.

WE CHALLENGE THE WORLD

BEWARE OF IMITATIONS AND CHEAP BELTS

In justice to ourselves and generous public we are determined to expose such unprincipled in justice to ourselves and generous public we are determined to expose such men and means. The Owen Electric Belt Co are not afraid of fair and open competition, as their goods have no equal in this or any other country, and will bear inspection by those competent to judge—and sequent are they in de nand that there are more of them made and in use than all other makes combined—their Chicag, factory alone being the largest of its kind in the world.

RENTLEMEN:—Replying to your enquiry as to the working of the John Bull Hotel Range which I purchased from you some time ago I would say that I am more than satisfied. The consumption of fuel is not more than one-half the amount I had used in a stimilar range made by another firm, and the results are for all purposes much more satisfactory. The range is one of your number "C" series, having one fire and two large ovens, and the heat in both ovens is perfect and the baking qualities cannot be surpassed. I am convinced that your range is equal, if not superior, to any other on the market, Respectfully yours, (Sgd.)
